

MOORES LAUGHS AT FOES OF MR. BOOTH

Republican Chairman Says Figures Show Hanley and Chamberlain Finish.

PARTY IS NOW UNITED

Flukes of Former Elections Not Likely to Be Repeated to Give Senator Place Again, He Thinks After Canvass.

Neither Chamberlain nor Hanley has a chance in the pending Senatorial race, says Charles H. Moores, chairman of the Republican state committee, who is amused at the frantic efforts now being made by the Democratic and Progressive leaders to make it appear that their respective candidates are contenders against R. A. Booth, the Republican nominee.

"One would suppose that he actually believes that 'Bill' Hanley is a real Senatorial prospect, and it cannot be disputed that he is entitled to the great credit for the splendid fight that he has put up for his man.

Lack of Campaigners Lamented.
"If the Republican party of this state only could avail itself of the money that is being put into the Hanley campaign by Louis Hill, the great railway magnate, and Tom Lawson, the Wall-street millionaire, and if it could only draw on Cornelius C. E. S. Wood and Clarke Letter for all the superabundance of lurid rhetoric, that even rivals the stuff that Tom Lawson spreads all over creation at frequent intervals, the life of a Republican campaign manager would be one continuous season of joy."

Chamberlain's Position in Doubt.
"While we are in considerable doubt as to his position upon other questions, he is pronounced in his opposition to prohibition. His candor in this matter has demonstrated the wet support of Senator Chamberlain, which is just now in a dashed condition over the announcement that the Anti-Saloon League has its promise to support the Hobson resolution, providing for a prohibition amendment to the National Constitution. Whether the Senator is really wet or really dry is now the leading topic of discussion at both the wet and dry headquarters."

Chamberlain's Position in Doubt.
"Upon this question the Senator is strictly non-partisan. Not so with Bill Hanley. He is unequivocally opposed to prohibition.

Republicans Now United.
"Heretofore Senator Chamberlain has been favored in all his fights by a factional fight in the Republican party. Today there is none. He has never before been in a fight when a Democratic Administration was in power for whose aims he now has an answer. He has never before had to face such an overwhelming Republican majority. This year he is squarely up against the real thing.

Sharing honors with Eugene Emmett, the popular Irish tenor in "The Sunbeam," the charming little sketch of life in the Emerald Isle a century or so ago, at Marcus Loew's Empress, this week is dainty little Sylvia Arnold, who plays the role of a winsome colleen. The romantic little playlet, with Emmett's appealing song numbers, and the pretty love story, is one of the big hits of the bill.

Convicted Attorney to Fight New When Mandate of Supreme Court Is Received Here.

Thomas Mannix, attorney for Max G. Cohen, asked yesterday for a stay of execution of sentence of his client in United States District Court, but the motion was not allowed by Judge Bean. Removes Hairy Growths Without Pain or Bothers

(Modes of Today.) It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about two minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.—ADV.
