American and German Consuls in Holland Co-operating in Arranging Details.

WINTER PROBLEM SERIOUS

Even in Holland Situation May Be Difficult—Resumption of Industries Impossible and Much Land is Laid Waste.

LONDON, Oct. 27.—The expedition and thoroughness with which the American commission for Belgian relief is co-operating with the German...

German Consuls Co-operate. The American and German Consuls here are co-operating with me. I have received 150 cards stamped by the German government in Berlin...

Millard K. Shaler, who also is in Rotterdam, sent the following telegram summarizing his investigation into the situation and showing the urgency for relief.

"I have visited The Hague today and saw Henry Van Dyke, the American Minister, who last Saturday and Sunday personally visited Antwerp and other places in Belgium. Mr. Van Dyke said:

"The problems of food and employment in Belgium during the winter are going to be severe. It is possible that the problem of food even here in Holland may be difficult.

Antwerp Not Much Injured. "I gather that Antwerp is not much injured, but even there the problems of water supply, food and employment are acute. Waelhem, Malines, Duffel and Liere are reduced to ruins and cannot receive back more than one-third of their original populations. The resumption of industries in small towns is impossible and a great portion of the land under cultivation has been laid in waste.

Henry Albert Johnson, American Consul at Ghent, is visiting here today. He says the need for food is great. He will heartily co-operate in its distribution. One of the Belgian committees arrived here this morning. He urged immediate relief for the suffering population, particularly those in Brussels, Charleroi and their neighborhoods.

"Minister Van Dyke's tour of investigation reveals the fact that while the Dutch people have the means to do the task of caring for Belgian refugees now in Holland, great distress continues.

"At Roosendaal and Bergen-op-Zoom there are two camps with 25,000 Belgian refugees, mostly women. Many of them have tiny babies or children. Their condition is pitiful. They are terrified; they have no money. There are various kinds of illnesses among these refugees, but no epidemics."

BOOTH DEFINES ISSUES

(Continued From First Page.) every month. Business must be liberated here, not in foreign countries. It's going to be under Republican rule. We need and must have help from the National Government, but we need also a fair chance to help ourselves.

We have much to say in demanding National contribution for Oregon rivers and harbors and by right and all precedent we deserve it. What assistance Oregon has had is not a tithe to what it is entitled to, but if the Oregon sawmills and shingle mills could operate to their capacity they would bring in as much outside money into Oregon in one year as the Government has given in 19 years.

Stable Business Needed. Stable business conditions is what the country needs. Demagogues in legislative halls will never bring it about. We need legislation that will create and encourage business, not destroy it. And we want the business to be done in the United States, not in Europe, Canada and Asia. Reduced tariff and free trade is causing farmers of other countries to unload their products in America in competition and to the detriment of the American farmer and hence to the injury of all. It does not help, but hurts our business to have the Canadian farmer send his hay, oats, hogs and other products here and take our money home with him in exchange for his pocket of coin. It should go into the pockets of the farmers of Oregon, Washington and other states.

The Mongolian is sending millions of dollars' worth of corn here since the Democratic free trade policy was inaugurated. It destroys our business and builds up business in Asia.

Plea Made for Dairymen. If Oregon can be made as good a dairy state as Wisconsin—and it can be—we could produce a hundred million dollars' worth of dairy products annually. Why should not our dairy men be given the fairest and fullest opportunity to develop and maintain their business? They are not, under the present Democratic policy. Think of the increased population that would be sustained by such an increase of the dairy business. Voters, will you cast your ballot for it?

Progress and development will come to the Pacific Coast as the population increases. The opened canal gives us an opportunity that we never before enjoyed for attracting desirable immigration to the Coast. Production from fields and pastures is our best opportunity. But the immigrant will come only to benefit his condition—to raise himself to the American standard. The American standard, according to the Republican party, is protected farmers, protected laborers, and not free trade competition with the cheap labor of all the world.

Our Coast, more than any other part of the United States, is exposed to the

GREYKS TAKE TOWNS

Mussulmans Driven Back by Force Invading Epirus.

VICTORY WON AT GHEGHI

Villages of Scialisi, Busi, Tepeleni, Rubzi and Penedi, in Albania, Shelled, Burned and Occupied, Say Dispatches.

LONDON, Oct. 27.—According to a message reaching Rome from Avlona, Albania, telegrams to the Rome correspondent of the Exchange Telegraph Company, 600 regular Greek soldiers, with one battery of artillery, have arrived at Vastiri and attacked the Mussulman position at Gheghi, forcing them to retreat. The Greeks then started for Kerovo.

Advices from the interior declare Greek Epirotes have bombarded, burned and occupied the villages of Scialisi, Busi, Tepeleni, Rubzi and Penedi, in Albania, not far from the Grecian frontier.

The Greek diplomatic representatives at the capitals of the great powers have given official notice of the decision of the Hellenic government to reoccupy Epirus, from which the Greek army was withdrawn in March, in pursuance of the decision reached at the Ambassadors' conference fixing the status of that country.

Greece holds this decision is based upon the necessity of re-establishing order and security in a country adjacent to her territory now riddled with anarchy, but at the same time she declares that this reoccupation is a purely provisional measure and that she has no intention of intervening in the Avlona district.

Result Is Wage-Cutting. No country can be prosperous if it sends its money away, never to return. No American producer can compete with a foreigner who does not have to pay a living wage. The result is the wrecking of American industries which are thus exposed, with the consequent reduction of wages or no work at all.

Here is a matter which affects every individual in this country, and particularly the people of the west coast. The people in this election are to be buttered on and whether they are to earn any bread.

A hundred million people will soon dwell west of the Rocky Mountains and here live happily if given proper aid in reclamation of arid lands, development of water power, and other interests, opportunity to manufacture the forests in lumber and other articles of common use.

Fairness to Railroads Urged. As the West grows railroads must extend. We will demand good service of them and we must be willing to allow them fair compensation for it, but no more. A spirit of fairness and co-operation is what we need and what we must come to this at once and manifest it by our votes. Principles are of greatest concern. Policies and not office-seekers must be considered.

When has been the greatest growth of the United States? Within the last 50 years. What policies have governed during the time? The Republican one and party. What has been the distinguishing feature of the Republican party? Protection to American labor and manufacturers. How often have Democratic policies of free trade been tried during the 50 years? Twice. What the result? Disaster to business and industry even in this country and corresponding activity abroad.

Voting for Bread Advised. Have you noticed the voters have not been in power for two consecutive terms since the Republican party was organized. Why? Because of stagnation of business and depression that follows. Is it not time once more to vote for bread and butter, for more homes and better conditions?

The master of rural critics is attracting much attention. What other governments have done to develop agriculture, clearing, draining and improving land we must do. If we can borrow money at 3 per cent to dig canals we can do the same for material development. The American needs cheap, long-time money. He must have it.

E. H. DEWEY TREASURER

IDAHO GOVERNOR NAMES NAMPAN MAN TO FILL VACANCY. Republican Leader Takes Place of De-functing O. V. Allen, Now in Penitentiary.

BOISE, Idaho, Oct. 27.—(Special.)—Governor Haines today appointed E. H. Dewey, Mayor of Nampa, State Treasurer to fill the unexpired term of O. V. Allen, defaulting Treasurer, now serving an indeterminate sentence of from five to ten years in the penitentiary for embezzlement of \$70,000. Mr. Dewey immediately took over the office. His term expires January 1, 1915. Mr. Dewey is one of the Republican leaders of the state and a man of big affairs.

Governor Haines about to decide to leave the office vacant until after election and then appoint the Treasurer-elect. It developed, however, that as the defaulting Treasurer was in the penitentiary, his \$300,000 bond offered no protection to the state. The National Surety Company, surety on the bond, intimated it would not stand sponsor as further security without a Treasurer in charge. To protect the state's interests Dewey was appointed and accepted.

Fred M. Coleman, alleged defaulting Deputy Treasurer, charged with embezzling \$22,000 and falsifying the records, waived preliminary hearing on both charges and was bound over for trial to the District Court. His bond was fixed at \$20,000. His attorney, A. A. Fraser, was a surety on one of the bonds. The state objected to him and a new bond will be furnished with other surety.

Part of the missing furniture from the State Capitol parceled out by ex-Treasurer Allen to subordinate state employes voluntarily was returned to the building today. The employes declare they took the furniture only on the assurance of Allen that it was all right.

WILSON HOPES FOR BLACK

Confidence in Senatorial Candidate to Win, Telegraphed Democrats.

SEATTLE, Oct. 27.—The Democratic Central Committee today gave the following telegram from President Wilson, received from the White House last night: "May I not express a deep interest in the candidacy of Judge W. W. Black for the United States Senate? I have so deep an interest in the State of Washington and so great a confidence in the temper and quality of her voters that I must believe that Mr. Black will be accepted as the best representative. This is simply a line to express my interest and my confident hope as to the outcome."

Wapato Man Hurt in Runaway.

WAPATO, Wash., Oct. 27.—(Special.)—C. J. Staus, a prominent reservation fruit man, was severely injured in a runaway Friday afternoon. His arm was fractured, his face lacerated and his body bruised. Mr. Staus was driving to his home west of town with some supplies for the ranch. When about two miles from town the clip on one end of the shafts broke and the horse bolted. Mr. Staus was thrown from the wagon.

Stopped Son From Using Cigarettes

A Nebraska Woman Broke Her Son of the Cigarette Habit With a Simple Home Recipe She Gave Secretly.

A simple recipe mixed at home and given secretly was used successfully by a well-known Omaha woman to break her son from smoking cigarettes. In a recent statement she said: "My son has smoked cigarettes for years and I was sure it was hurting him. I finally obtained from a drug store the following recipe, which is perfectly harmless and has no color, taste nor smell and costs very little: To 3 oz. of water add 20 grains of muric acid, ammonia, a small box of Varlex Compound and 10 grains of pepsin. I gave a teaspoonful to him three times a day secretly in his coffee or food. Many of my friends have used this recipe for the tobacco habit in all forms with wonderful results."—Adv.

ST. JOHNS PUPILS TO ACT

Comedy to Be Presented by High School Dramatic Society.

ST. JOHNS, Or., Oct. 27.—(Special.)—Rehearsals have started for the four-act comedy "The Village Lawyer," which is to be presented by the James Johns High School Dramatic Society in the school auditorium the night of November 20. Miss Arline Shaw, chairman of the programme committee, selected the play, and Mrs. George M. Hill is coaching the players. The proceeds will be divided between the society and the athletic association.

The society also has arranged to give an entertainment in the high school auditorium for the night of November 6. A debate by freshmen and sophomores will be held and a short comedy will close the programme.

RIDGEFIELD, Wash., Oct. 27.—(Special.)—Albert Johnson, of Hoquiam, Representative in Congress from this district, visited Ridgefield this morning after a hurried trip to La Center, where he held a meeting on the main street, which was largely attended and most enthusiastic. Curtis Anderson presided. Upon returning to Ridgefield Mr. Johnson spoke at 11 o'clock in the Glide Amusement Hall, where a large crowd had assembled. John W. Blackburn presided at the meeting.

Mr. Johnson was accompanied in his visits to Ridgefield and La Center by Mr. Bliesecker, candidate for Sheriff; George McCoy, Republican candidate for Representative in the Twenty-third District; James O. Blair, Republican candidate for County Attorney; L. Conant, Republican candidate for County Treasurer, and Mayor Crass. Ridgefield High School was dismissed at 11 o'clock and the pupils attended the address in a body. Mr. Johnson gave a brief summary of general conditions. He spoke of being charged with voting against Democratic measures. That is not serious, he said, when one remembers that the voters of the Southwestern Washington District sent him to Congress on a Republican platform. He said that he considered the new platform adopted at

CRIMINAL ACTION NEAR INDICTMENTS EXPECTED SOON IN NEW HAVEN RAILROAD CASES.

WASHINGTON, Oct. 27.—According to information reaching Washington tonight, the work of the Federal grand jury in New York, which has been considering the criminal phase of the New Haven case, has reached an advanced stage and report to the court is expected soon.

Oliver E. Fagan, the drawer of the indictments for the Department of Justice in important cases, and James M. Osborn and I. M. Swacker, Government attorneys in the New Haven case, are expected to return to Washington shortly for a final conference with Attorney-General Gregory.

The jury has been in session for several weeks and several witnesses are understood to have testified in detail of the acquisition of transportation lines by the New Haven.

ROBBERS TAKE TOBACCO Cottage Grove Store Loses Pipes Also by Thieves' Visit.

COTTAGE GROVE, Or., Oct. 27.—The C. M. Parker store on the West Side was robbed a few nights ago. Entrance was gained through the window on the west side of the building. The total loss is not over \$10, mostly pipes and tobacco.

Mr. Parker believes the work was done by persons familiar with both his premises and those of Mr. Kline. There were at least two in the party, as tracks in the ground showed where one stood on guard at the corner of the store.

FEEL BADLY ALL OVER? When you feel badly all over but with no particular organ of your body noticeably out of order, you need a tonic for the blood. You require a medicine that will benefit the whole system. The blood reaches every part of the body and when it is built up the whole system quickly benefits.

Dr. Williams' Pink Pills are a non-alcoholic tonic that build up the blood, making it rich and red and able to supply to the tissues of the body the nourishment they need to keep them in health.

Most general debility results from thin blood. Every part of the body suffers and you "feel badly all over." When the blood is restored and a health-giving stream is going to every part of the body you soon see the result in a better appetite, an improved digestion, brighter eyes, better color in cheeks and lips.

Dr. Williams' Pink Pills are a most valuable family tonic and should be taken by every member of the family except infants whenever the general health is not what it should be. Much downright sickness has been saved by the use of a tonic or supporting medicine in times of physical depression.

A book "Building Up the Blood" will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y., on request. All druggists sell Dr. Williams' Pink Pills.—Adv.
