

BRITISH AT YPRES
DRIVE ENEMY BACK

Crown Prince of Bavaria Reported to Have Been Wounded in Severe Battle.

NIGHT ATTACK REPULSED

Bushes Soaked With Petroleum Suddenly Burst Into Flames, and Men Hidden in Beet Fields Make Gallant, Futile Charge.

LONDON, Oct. 28.—The correspondent of the Times in Northern France sends the following regarding the fighting in Belgium under Tuesday's date: "The British fire at Ypres... a glorious stand for five days against overwhelming odds, drove the enemy 15 miles. The German forces were commanded by the Bavarian Crown Prince, who, it is reported, has been wounded."

"At night, after the roar of the cannon had ceased there was suddenly a shrill whistle and bushes soaked in petroleum broke into flames, throwing a glare over the scene."

German Charge With Yell and Song. "Masses of men sprang up from the best crops within a few hundred yards of our trenches and with bugle sound, yell and song they came dashing forward to our position."

Neither Side Gives Quarter. "Then came three blasts of a whistle, sounding the retreat. Our men sprang from the trenches and went in among them with the bayonet. The slaughter was terrible and there were many hand-to-hand encounters."

"In the dim glare of the burning bushes some of the enemy threw down their arms and pleaded for mercy. No quarter, however, was given on either side. The work was too desperate for that. Bayonet and bullet did their work and the enemy was driven back on Roulers."

"A battery and several machine guns were captured and thousands of prisoners were taken, including a General and several other officers."

WAR EXTENSION FORECAST
Adventist Says Conflict Indicates Second Coming of Christ.

WASHINGTON, Oct. 28.—Support for the movement to raise \$100,000 for foreign mission endeavor next year was pledged by the general conference of Seventh Day Adventists here today. Bishop Underwood, of Nebraska, urged the conference to prepare to meet the conditions arising in the mission fields from the European war and decided that next year would be "tenfold more horrible than the present."

BELGIAN COAST IS QUIET
British Between Ages of 16 and 60 Years Ordered to Leave.

AMSTERDAM, via London, Oct. 28.—The correspondent at Stuis of the Telegraph reports that remarkable quiet prevails along the coast of Belgium. The German garrisons at Bruges, Heland and Knocke, he says, are not large. The German commander at Bruges has published a proclamation ordering all British subjects between the ages of 16 and 60 to leave Belgium. As the railways are occupied with the transportation of German troops, the return of the Britishers is proceeding slowly.

FOUR DAYS' BATTLE WON
(Continued From First Page.)

Jevo. Repeated attacks have all been repulsed. "The success which we have won to the south of the Pilzka, the result of which was the retreat of the enemy on the main front, is of the greatest importance."

The Austrian attempt to envelop the left flank of General Brusiloff, the Russian commander, according to a semi-official announcement issued here today, finished badly for the Austrians.

BERLIN ADMITS WITHDRAWAL
Russians Outnumber Combined Enemies in Poland.

BERLIN, Oct. 28.—The German and Austrian troops in Poland, according to an official announcement issued in Berlin today, have been forced to withdraw before fresh Russian forces advancing from Ivanograd, Warsaw, and Novogeorgievsk, after having repulsed all former Russian attacks. The statement continues: "At first, the Russians did not follow and the withdrawal of our troops took place without difficulty. The reserve troops will change their formation according to the situation."

Austro-German official reports from the eastern theater of the war indicate that severe fighting are raging along the Vistula and San rivers. The Germans apparently are engaging numerically superior Russian forces and the battle is attracting equal attention with the struggle in France and Belgium.

The bulletin issued last night by the Austrian War Department says the Austrians, southwest of Ivanograd, are combating numerically superior forces of Russians. Further Russian corps, whose crossing of the Vistula River north of Ivanograd has been mentioned in the earlier German reports, seem, according to Major Morahit, military corre-

spondent of the Berliner Tageblatt, to be directed against the German army. "It is to be hoped," Major Morahit says, "that the leaders of the allied Austrian and German armies will be able to co-operate fully against this Russian movement. The bravery of the allied troops gives ground for the expectation that the advance against the Russian positions on the Vistula will be renewed."

RUSSIANS ADVANCE IN POLAND
French Embassy Reports Repulse of Austrians in Carpathians.

WASHINGTON, Oct. 28.—An official dispatch made public today by the French Embassy said of the battles in the East: "In Poland the progress of the Russians continues. A vigorous combat took place in the region of Jozow-rawa."

"In the direction of No-Alexandria Zevelin the enemy beat a retreat leaving 1500 men, 50 officers, 5000 men and several mitrailleuses and cannon."

COTTON SHIPS WANTED
AMERICAN VESSELS SOUGHT TO CARRY PRODUCT TO GERMANY.

State Department Plans to Have Same Steamer Bring Back Dyestuffs and Cyanide Cargoes.

NEW YORK, Oct. 28.—The British Government having assured the State Department at Washington that cotton, not being contraband, would be allowed to go through to Germany and Austria, American vessels are being sought in this port to carry abroad the first shipments.

It is planned to have the vessels bring back dyestuffs, cyanide, chemicals, medicines, sugar beet seed and potash. Although Germany has lifted the embargo on these products, it has been stipulated that cyanide and dyestuffs must be carried in American bottoms. For that reason American vessels are being sought to carry cotton abroad.

The Matanzas, the first steamer laden with dyestuffs from Germany since the embargo was lifted, left Rotterdam for New York today and the Sun, an American steamer, will leave Rotterdam November 1 with the first cargo of cyanide.

MASS FORMATION GOES
GERMANY TO TRY TO AVOID DISCOVERY BY AIRMEN.

Marked Losses Inflicted by French Artillery Accredited to Quickness in Locating Batteries.

LONDON, Oct. 28.—The correspondent of the Daily Mail in Paris, in a dispatch to this paper, gives a copy of the German order on avoiding aeroplane. It says: "According to the report of aeroplane observers, our troops are easy to discover in spite of their gray uniforms, because of the density of their formation, while the French know how to protect themselves perfectly from aerial reconnaissance."

COPPER CARGO DETAINED
American Steamship Kroonland Held by British at Gibraltar.

WASHINGTON, Oct. 28.—The American steamship Kroonland from New York, bound for Naples and Greece, with a cargo of copper, has been delayed at Gibraltar by British authorities, according to a report to the State Department today from American Consul Sprague.

OSTEND CONSUL REPORTS
American, in First Message Since Seizure, Tells of Sea Attack.

WASHINGTON, Oct. 28.—State Department officials heard today from Consul Henry Albert Johnson, at Ostend, for the first time since the place was occupied by the German forces.

WILSON IN THANKSGIVING PROCLAMATION SAYS UNITED STATES CAN FEED "ALL WHO NEED FOOD."

WASHINGTON, Oct. 28.—President Wilson today designated Thursday, November 26, as Thanksgiving day. The proclamation said: "It has long been the honored custom of our people to turn in the fruitful Autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a Nation. The year since we are drawing to a close since we last observed our day of National thanksgiving has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing for us."

"It has been vouchsafed us to remain at peace, with honor, and in some part to succor the suffering and supply the needs of those who are in want. We have been privileged by our own peace and self-control in some degree to steady the counsels and shape the hopes and purposes of day and night. Our people have looked upon their own life as a Nation with deeper comprehension, a fuller realization of their responsibilities as well as of their blessings and a keener sense of the moral and practical significance of what their part among the nations of the world may come to be."

"The hurtful effects of foreign war in their own industrial and commercial affairs have made them feel the more fully and see the more clearly their mutual interdependence upon one another and has stirred them to a helpful co-operation such as they have seldom practiced before. They have been quickened by a great moral stimulation. Their unmistakable ardor for peace, their earnest pity and disinterested sympathy for those who are suffering, their readiness to help and to think of the needs of others, has revealed them to themselves, as well as to the world."

"Our crops will feed all who need food; the self-possession of our people under the most serious anxieties and difficulties, and the steadiness and resourcefulness of our business men, will serve other nations as well as our own."

MINIE DRAGGERS HIT
Loss to Japan So Far Is Two; Another Is Damaged.

RESCUE SHIP IS BLOWN UP
Several Thousand Explosive Machines Are Laid in Waters Off Their Possession of Kiau-Chau, in Far East.

TOKIO, Oct. 28.—(Correspondence of the Associated Press.)—Two Japanese steamers have been blown up thus far and a third has been damaged while engaged in removing German mines, several thousand of which were laid off the German possession of Kiau-Chau.

The first vessel to suffer was the small steamer Wakamiya Maru, which with others was clearing mines from the gulf of Lao-Chan, northeast of Tsing-Tau, off the point where the second Japanese expeditionary force was landed. A tremendous explosion occurred beneath the Wakamiya Maru. Water rushed into the engine-room and extinguished the fires. Realizing that she had struck a mine, the captain ran his vessel full speed into the water, closed the water-tight compartments and finally beached the ship. The explosion killed one man and wounded seven.

Another mine-dragger, the Nagato Maru, saw the accident and was hurrying to render assistance when her bows touched a mine. Her bow leaped into the air in a column of smoke. Falling to the water, the ship settled and sank. Three seamen were killed by the explosion and eight, including two officers, were wounded. The others jumped and were rescued.

The loss of the Koyo Maru October 1 occurred in about the same manner. A detonation shook the engine-rooms. All officers and sailors on the upper deck were thrown overboard by the force of the explosion. Everybody in the engine-rooms was either killed or wounded. The bow of the vessel rose in the air and the ship sank in three minutes, stern first.

Two other ships hastened to the rescue. They picked up the wounded first and then the commander and other officers and the men. The casualties numbered nine.

MASS FORMATION GOES
GERMANY TO TRY TO AVOID DISCOVERY BY AIRMEN.

Marked Losses Inflicted by French Artillery Accredited to Quickness in Locating Batteries.

LONDON, Oct. 28.—The correspondent of the Daily Mail in Paris, in a dispatch to this paper, gives a copy of the German order on avoiding aeroplane. It says: "According to the report of aeroplane observers, our troops are easy to discover in spite of their gray uniforms, because of the density of their formation, while the French know how to protect themselves perfectly from aerial reconnaissance."

EFFICIENCY EXPERT HERE

Irving E. Vining, efficiency engineer and instructor in business efficiency in several New York Young Men's Christian association, will speak at the Y. M. C. A. at 10:30 o'clock this morning.

PRINCE MAURICE KILLED
King and Queen Condole With Princess Henry, His Mother—Two of Brothers Also Have Been Serving at Front.

LONDON, Oct. 28.—Prince Maurice, of Battenberg, a cousin of King George and a son of Princess Henry of Battenberg, has been killed on the battlefield in France. He was an officer of the King's Royal Rifle Corps.

HINDU DEPORTER SHIFTED
Canada Pears Official at Vancouver May Be Killed.

OTTAWA, Ont., Oct. 28.—Immigration Inspector Malcolm Reid, of Vancouver, who had charge of the operations which prevented the landing of 400 Hindus from the steamship Komagata Maru at Vancouver, has been transferred to an Eastern post. The government decided, it is said, that Mr. Reid's life was in danger as long

A CALL TO THE RED-CROSS COLORS
HUMANITY IN SUFFERING
NEUTRALITY IN WAR
Official Station for the American Red Cross for Receiving Subscriptions and Supplies Has Been Opened in Portland at the Lipman, Wolfe & Co. Store.
—LIPMAN, WOLFE & CO.
NOTE
—This is an official station of the American Red Cross authorized by the society. The fact is stated here because the American Red Cross is protected by an act of Congress, and stations may not be opened except by permission.
Money, of Course, Is Preferred
—Contributions and subscriptions, however small or large, received at our Red Cross station. Twenty-five cents will give an hour of a nurse's care. Even 10 cents will buy enough ether or chloroform to provide a painless operation.
—Cheques should be made payable to American Red Cross.
Supplies
—The Red Cross asks us to state that "supplies" does not mean old clothing, and that only new garments and only those new garments approved by the Red Cross can be received.
—Garments such as pajamas, nightshirts, convalescent robes, nightgales, knitted woolen socks and knitted caps. These can be made at home.
Our Delivery Wagons
Will accept such supplies on their routes or will call within our delivery limits in response to phone messages.
A Letter From Governor West
Lipman, Wolfe & Co., Portland, Or.
Gentlemen:
Having had my attention called to your efforts to aid the work of the American Red Cross Society I wish to commend the good work you are doing and assure you of the hearty co-operation of our office.
(Signed) OSWALD WEST, Governor.
October 26, 1914

KING'S COUSIN DIES
British Royal Family Suffers First Loss in War.
PRINCE MAURICE KILLED
King and Queen Condole With Princess Henry, His Mother—Two of Brothers Also Have Been Serving at Front.

LONDON, Oct. 28.—Prince Maurice, of Battenberg, a cousin of King George and a son of Princess Henry of Battenberg, has been killed on the battlefield in France. He was an officer of the King's Royal Rifle Corps. Prince Maurice was the youngest son of Prince Henry of Battenberg, who married Princess Beatrice, a sister of the late King, Edward VII. Prince Maurice was killed on October 18 last, mentioned the Prince for meritorious services in the field. Prince Maurice was the first member of the British royal family to be killed in the present war. It was reported that the Prince was not actually killed on the field of battle, but that he died afterward of wounds received in an engagement. King George and queen Mary visited Kensington Palace today to condole with Princess Henry, his mother. Two brothers of Prince Maurice also went to the front—Lieutenant Prince Alexander, of the Royal Grenadier Guards, and Lieutenant Prince Leopold, of the King's Royal Rifle Corps. Prince Leopold was invalided home recently, suffering from an injury to his knee. Prince Henry, of Battenberg, father of the three Princes, died from typhoid fever while on service in the Ashanti.

OTTAWA, Ont., Oct. 28.—Immigration Inspector Malcolm Reid, of Vancouver, who had charge of the operations which prevented the landing of 400 Hindus from the steamship Komagata Maru at Vancouver, has been transferred to an Eastern post. The government decided, it is said, that Mr. Reid's life was in danger as long

as he remained on the Pacific Coast, as several attempts to assassinate him have been reported. Since the immigration officials refused to permit the landing of the Komagata Maru's passengers, three government employes in British Columbia have lost their lives in mysterious ways.
Cold Weather Blocks Big Race.
KALAMAZOO, Mich., Oct. 28.—A match race between the pacing stallions Directum I and William, which was to have been run here this afternoon, was called off because of cold weather. The race was to have been for a purse of \$500.
Cholera Reported at Lisbon.
LONDON, Oct. 28.—According to a Central News dispatch from Copenhagen, the Cologne Gazette reports that an epidemic of cholera has broken out at Lisbon, and that the Spanish government has stopped all communication across the frontier.
Texas Horses Sent to War.
FORT WORTH, Tex., Oct. 28.—The first shipment of 3000 horses purchased here for use in the European war by representatives of the allied armies was made today. The horses were sent to Montreal. Other shipments will be made at regular intervals all week.

Our Special Nemo Hygienic Corset Service Is Doing a World of Good
—Because it's practical—common-sense—scientific. Facts—not fancies. Intelligence—not "hit or miss." And it's at your service with no extra charge.
—A good corset, in the correct model and rightly fitted, is a health garment. A badly-chosen and ill-fitted corset is a menace to health and life.
—We determined to give you a better and more competent corset-service than this city has ever known, and we are making good.
—Let Miss Thomas and her assistants fit you in the particular Nemo Corset your figure needs, according to the scientific methods of the Nemo Hygienic-Fashion Institute. Then you will know what corset-comfort is.
Thirty Nemo Models—\$3, \$4 and \$5
—Fourth Floor.

Suffered Twenty-One Years—Finally Found Relief
Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,
MRS. JOSEPH CONSTANCE, Rapides Par. Echo, La.
Personally appeared before me, this 15th day of July, 1914, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.
WM. MORROW, Notary Public.
