Y.W.C.A. HEADS CONFERENCE

MEETING DISCUSSES PROBLEMS AND REVIEWS WORK.

National Leaders Take Part in Programme and Inspire New Life Into Portland Field.

An important conference of Y. W. C. A. workers was held yesterday at the city association. A number of national Y. W. C. A. workers who are visiting Northwest points, putting inspiration into the work, were present and in charge of the meeting.

A large delegation from the newly organized Salem Y. W. C. A. was in attendance. Miss Grace Maxwell, city secretary for the Northwest, had charge of the morning session. Miss Holbrook, president of the Portland association, gave a few words of greeting. Miss James, the general secretary spoke of the importance of careful and wise selection of persons to serve on the various Y. W. C. A. committees and the qualifications necessary for such workers.

Miss Jane M. Scott, Northwest executive secretary, emphasized the fact that it was necessary for a girl to decide early in life what line of work she wished to follow and to study to make herself efficient along that line.

At the conclusion of Miss Scott's talk the conference subdivided into sectional conferences, where problems pertaining to the different departments of Y. W. C. A. work were discussed.

At 1 o'clock luncheon was served in the large private dining-room, National field and city-workers had their only opportunity for a social hour. At the conclusion of the luncheon, the conference was closed by a prayer by Miss Inez Kinney, the National special worker of the field department, who spoke of the importance of financial support and on questions of vital interest in regard to the student work.

Constance Wheldon, employment secretary of the city association gave helpful suggestions to the secretaries. Miss Mary Gillies Y. W. C. A. notes. It is strongly urged by the Board that deposits of reserves in the Federal banks be made, as far as practicable, in gold or gold certificates.

"Due notice of the establishment of the Federal reserve banks on November 16 will be sent each member bank by the Secretary of the Treasurer and no transfers of reserve can be made until this is done.

Large denominations preferred. The foregoing suggestions also apply to payments on account of the first installment of capital stock due November 2.

In view of the advantage to be derived from the deposits of gold, which may be used as reserve for Federal reserve notes, it is strongly urged by the Board that deposits of reserves in the Federal banks be made, as far as practicable, in gold or gold certificates.
