

ORATORY WILL BE HEARD ON STREETS

Republicans to Discuss Vital Issues of Campaign So All May Be Informed.

SPEAKING FORCE IS LARGE

Tariff Will Be Principal Subject for Analysis—Harm Done American Farmers and Producers by Free Trade to Be Shown.

Many prominent Portland professional and business men, laboring men and others will take part in the speaking program now being conducted nightly on the streets of the city under the joint auspices of the state and county committees.

Beginning at 7 o'clock tonight a rapid-fire speaking programme will be conducted on the streets. An auto truck load of Republicans will hold forth at Sixth and Alder streets and expound the principles of Republicanism. Included in the oratorical battery will be George J. Cameron, chairman of the Republican county committee, who will preside; S. B. Huston, party nominee for the Legislature; Jay C. Epton, member of the last Legislature; Charles Gram, ex-president of the State Federation of Labor; Judge Cleston, who was a candidate for the Republican nomination for Supreme Court at the May primaries, and William A. Carter, candidate in May for the party nomination for Governor.

In addition to this contingent of speakers several other parties of orators will leave the Imperial Hotel at 7 P. M. to spread the far corners of the county the gospel of Republican redemption from present Democratic business oppression.

No street corner or cross-roads, however obscure, will be overlooked in this final campaign to rally the voters around the Republican banner. The speakers will confine themselves strictly to the main issues of the campaign—the tariff.

They will continue to point out in their further utterances, as they have in the past, that the importation of food products from foreign countries has brought the Oregon farmer into deadly competition with the pauper labor of the Orient and that the saw-mills of the Northwest have been forced to close by the flood of lumber from across the Canadian border.

This programme will be continued nightly until the eve of the election, with the exception of Sunday night. E. L. Amidon, secretary of the Republican county committee, who is in charge of the speakers' bureau, is eager to procure the services of other capable speakers.

It is probable that, before the campaign closes, the Republican street meetings will be conducted with musical accompaniments. While the committee and campaign managers have been hampered this year by the lack of funds, they have been promised the services of a number of volunteer musicians who will utilize their talents in the hope of arresting the attention of voters to the cause of the party that they are convinced is the only agency through which prosperity can be returned.

Roscoe P. Hurst, Democratic nominee for the State Legislature in the Multnomah-Clackamas joint district, who has been backed by thousands of independent Republicans, has been conducting an effective campaign. He has visited nearly every community in both counties and has been assured of generous support everywhere.

Mr. Hurst is the candidate whose endorsement by the Republicans was sought about through the intelligibility of his Republican opponent, C. M. Hurlbert. The Republican County Committee has repudiated Hurlbert. He has left the state and is making no effort to be elected.

R. A. Booth, Republican Senatorial nominee, has gained great strength by his recent visit to Crook County, according to reports received yesterday from J. D. Davidson at Bend.

"Prospects for Republican success are most encouraging," says Mr. Davidson. "I am sure that almost the entire party registration will go to the polls."

Mr. Booth made many friends on his recent visit, not only for himself, but for the entire Republican ticket. "I know of many Democrats who will vote the Republican ticket this year. The sheepmen are particularly dissatisfied over the Democratic Administration's attitude against the protective tariff on wool."

In keeping with its policy of discussing pending campaign issues at the Oregon Civic League, at its luncheon at the Multnomah Hotel next Saturday, will hear reports by well-informed speakers on a number of the initiative measures to be voted on at the election next Tuesday. The following is the assignment of subjects and speakers:

"Abolishing Uniform Taxation Rule and Classification for Taxation Purposes," C. E. Warner.

"Surrender of City Charter," Miss Eliza Grell.

"Compensation for Members in the Legislature," Miss Eleanor Rowland.

"Fifteen Hundred Tax Exemption," J. Hunt Hendrickson.

"Public Dock and Water-Frontage and Municipal Wharves and Docks," H. W. Montague.

"Consolidating Corporation and Insurance Departments," Hamilton Johnstone.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is gently used over the skin to render it amenable to the natural stretching which it undergoes.

The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, and is recommended by grandmothers who in their earlier days learned to rely upon this splendid aid to women.

You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book so useful to expectant mothers. Address Bradfield Regulator Co., 512 Lamar Bldg., Atlanta, Ga.

day afternoon at 3 o'clock. Music will be furnished by Tigan's Band.

A Republican rally is scheduled for Dallas this evening. Among the principal speakers will be Gus C. Moser, organizer of the Harmony Club, composed of the seven candidates who were defeated for the Republican gubernatorial nomination last Spring, and Thomas B. Kay, Republican candidate for State Treasurer.

Thomas Tongue, of Hillsboro, who was in Portland yesterday, reported that Washington County will return its usual Republican majorities this year. W. H. H. Dufur will speak for the Republican candidates at Scholla Ferry next Saturday night.

United States Senator Harry Lane was at Salem yesterday and made a speech for the Democratic candidates. He will address a meeting in the Jefferson High School tonight.

Republicans at Gaston are planning a rally for next Saturday. Grant B. Dimick, of Oregon City, campaign manager for R. A. Booth, will be the principal speaker.

S. B. Huston, of Portland, delivered a Republican address last night at Beaverton. Huston is a candidate for the State Legislature in Multnomah County.

Wallace McCamant will go to Brownsville tomorrow to address a Republican meeting.

Senator Chamberlain toured Polk County yesterday. He will be in McMinnville and Hillsboro today.

To bring back Republicans and prosperity was the desire of several hundred citizens who loudly cheered the speakers at the Republican rally at Sixth and Alder streets last night. Every reference to what a Republican administration had done and would do for the state brought enthusiastic applause and the "Booth to Weinberger Club" won many recruits.

Among the speakers were: Walter L. Tooze, of Dallas; O. A. Neal, George J. Cameron, C. T. Evans and A. W. Orton.

A large auto truck carried the members from their stand on Alder street to Grand avenue and Morrison streets, where another large gathering was addressed.

A Hanley meeting at Sixth and Alder streets drew a large audience after the Republican boosters had left.

The local branch of the National Association for the Advancement of Colored People held an interesting and largely attended meeting at the Baptist Church, at the corner of Everett and Broadway, last night. A number of speakers, representing all the political parties and candidates, were invited to be present. The meeting was addressed by Walter L. Tooze, Jr., on behalf of the Republican state ticket.

From the applause and enthusiasm exhibited during and at the close of Mr. Tooze's remarks it was apparent that the audience was heartily in sympathy with the principles of the Republican party and with the Republican candidates.

C. N. McArthur, candidate for Congress, also addressed the meeting and was well received. Several other addresses were made by various persons and the meeting was a pronounced success.

Benton Bowen, of Hillsboro, Republican candidate for the Legislature from the Fifteenth district, was at Republican state headquarters yesterday. Mr. Bowen comes from the neighborhood where Dr. Withycombe used to live while he resided in Washington County. He says Dr. Withycombe's old neighbors are going to vote for him, and that this will include many Democrats. He says Washington County is determined to elect the whole Republican ticket.

A letter has been received at the campaign headquarters of the Oregon Society for Dental Education, 533 Morgan building, from H. H. Olinger, secretary of the State Board of Dental Examiners, saying that no challenge has been received by the board from Dr. E. H. Parker asking that his examination papers be produced. Dr. Parker announced through the papers a challenge to the State Dental Board of Examiners, offering to give \$10,000 for the use of the unemployed of Portland if the board would produce in public before election day, November 3, his examination papers, and that he did not pass the state examination for the practice of dentistry in this state.

Governor West delivered an address yesterday afternoon in the hall on Alberta and East Seventeenth streets, reviewing the accomplishments of his administration. He was introduced by Milton M. Miller, collector of Internal Revenue, who made a long speech commending Governor West and Senator Chamberlain.

Governor West said Dr. Withycombe is a clean and honest man, but was not fit to be Governor for the reason he wanted "too much harmony."

Unusual interest is being manifested in the election of Governor, which will be on tapis at the meeting today of the Progressive Business Men's Club at the Multnomah Hotel, when the four candidates for Governor will gather at the same table for lunch and talk.

This is the first time that all the candidates for the highest office in the state have been brought together in one body for dinner and debate.

The Biggest Sale

of Men's High-Grade Clothing, Hats and Furnishing Goods in the History of the West—Come!

Entire Stock of One of Portland's Greatest Men's Stores

GUN VICTIM CALLED BAD

WITNESSES IN MURDER TRIAL SAY MAN WAS BULLY.

Secondino Cocco Killed by Giovanni Luciano Is Held Up as Terrorist. Jury May Get Case Today.

Secondino Cocco, who was shot and killed last September by Giovanni Luciano, was given a bad name in Judge McGinn's court yesterday, where Luciano is on trial for his life for having fired the fatal shot. The testimony of witnesses for the defense intimated that Cocco shot and slashed his way into local notoriety as a bad man.

One witness showed razor cuts on his face and hand, which he said had been inflicted by Cocco. Others told of attacks he had made upon them, but his reputation as a bully was such that they said, that they were afraid to cause his arrest or to bring charges against him, lest he take dire revenge.

A saloonkeeper came from Tacoma to testify to a one-sided battle in his place with Cocco. A quarrel arose, he said, over a dice game and the witness said he slapped Cocco's face. Cocco fired three shots, he said, and the witness avoided them by ducking behind the bar.

Others told of Cocco's threat for blood, one, a Tacoma street car conductor, who said he ran down Cocco and turned him over to the police after he had menaced the witness with a revolver. In Seattle, Port Townsend, Tacoma and Portland Cocco had been a participant in barroom affrays, the witness said, and they agreed he was turbulent, easily aroused and quick in quarrel. One witness said Cocco was a member of the Black Hand organization.

Giovanni Luciano took the witness stand in his own defense late yesterday and told the story of the shooting. He fired the fatal shot in fear of his life, he said. Cocco, whose dread

reputation he knew, he said, walked into his saloon after the two had quarreled, uttering threats against him. One hand in Cocco's pocket, he thought, clasped a pistol, and he believed he would be killed if he hesitated to fire.

The testimony will be concluded early today and arguments by the prosecution and defense will follow. It is expected the case will go to the jury this afternoon.

EPILEPSY CURE REPORTED

Surgeon Operates on Theory of Auto-Intoxication as Cause.

CINCINNATI, Oct. 28.—That a cure for epilepsy through a surgical operation on the intestines has been demonstrated in many cases, was the announcement at the meeting of the Mississippi Valley Medical Association here today by Dr. Charles A. L. Reed, of this city, who first described his

Best Laxative for Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin, because it contains no opiate or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Druggists sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 411 Washington St., Monticello, Ill.

alleged cure several months ago. Dr. Reed held that the majority of cases of epilepsy are caused by poisons absorbed by the human system from the intestines. All previous surgical practice has been to operate on the brain.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drugstore here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble—Adv.

Optical Superiority and Service

THE splendid equipment and modern facilities of the Columbian Optical Company make possible a degree of optical accuracy and superiority impossible in inefficiently equipped establishments.

Coupled with these advantages are experience and ability necessary to render optical service of inestimable value to the patron in adjusting, repairing and prompt delivery.

Any lens accurately ground to your prescription in 60 minutes.
