

MOTHERS' CONGRESS ENDS ITS SESSIONS

Busy Meeting Days Over With Many Issues Decided in Relation to Child.

PENSION CHANGES PASS

Recommendations Go Through by Big Vote but Meeting Alters Sentiment on Prohibition, Fearing Charge of Politics.

With a luncheon in the Hotel Benson, attended by several hundred members and guests, the Oregon Congress of Mothers and Parent-Teacher Associations closed its annual convention yesterday afternoon after a busy session of three days.

Co-Operation Plan Made. A closer co-operation between the parents and teachers was advocated by Miss Hallie Thomas, president of the Portland Grade Teachers' Association.

Mrs. Fred L. Olson gave two artistic soprano solos, with violin obligato by D. P. Nason and Miss Claire Oakes as accompanist.

New Circles Planned. If the intent of the recent convention is carried out there will be established in the high schools of the state parent-teacher circles that will, it is hoped, meet the needs of the future.

During the morning session in the library the amendments to the widows' pension law, read by Mrs. Bonducat, were indorsed with the exception of that which obligated relatives to support widows and their families.

Limit of \$40 Fixed. The bill as amended will provide for the payment of \$10 per month for the first child and each additional child, provided that the total pension to the widow does not exceed \$40.

Mrs. L. C. Phillips presented several resolutions, all of which were carried with but little discussion until it came to that relating to "Oregon dry."

The original resolution said that, "Whereas, the saloon is a moral and economic waste and a menace to the home, the Oregon Congress of Mothers goes on record as indorsing the Oregon dry amendment."

This was amended to read that the congress declares itself as against the liquor traffic, and to use all its influence toward its eradication. The change was made on motion of Mrs. Millie Trumbull and seconded by Mrs. A. Bonducat, who, with others, declared that the indorsement of the original might be interpreted as mixing the congress in politics.

Resolutions were adopted that letters be sent to President Moore, of the Panama-Pacific Exposition, and Mayor Rolph, of San Francisco, asking that the lid be kept on the Barbary Coast.

The organization of Boy Scouts and Boy Scouts was decided in a resolution which advocated universal peace. Improvements for the Frazier Detention Home were favored in another resolution and the County Commissioners will be asked to spend some money on that institution.

Miss Grace De Graff, ex-president of the Portland Grade Teachers' Association, read an appeal for the proper understanding of the teachers' tenure of office bill.

Mrs. J. C. Elliott King, vice-president of the organization, presided in the morning. This afternoon the board will meet with Mrs. W. F. Pfeibig, 325 East Twenty-fifth street South. This will be the windup of the biggest convention of the Oregon Congress of Mothers and Parent-Teacher associations ever held in the state.

Coffee is the chief product of Angola, West Africa, and there are vast areas of it growing wild. In one of its districts there are between six and seven million oil palm trees.
