

FATAL VICTORY WON BY MRS. MCCORMICK

National Suffragists' Plan, Once Rejected, Indorsed by Illinois Association.

STORMY SESSIONS HELD

Mrs. Trout Charged With Diverting Defense Moneys to General Fund. Directors Reply That They 'Are Not Dummies.'

CHICAGO, Oct. 30.—Two wrangling sessions of the Illinois Equal Suffrage Association today, which for a time threatened to disrupt the organization, ended late today with the adoption of the resolution indorsing the work of the Congressional committee of the national American Woman Suffrage Association, of which Mrs. Medill McCormick is chairman.

The action was accepted by friends of Mrs. McCormick as a victory over the administration, as the state association several weeks ago declined to go on record as supporting the Congressional committee of the national organization in issuing a list of Congressional candidates opposed to equal suffrage.

Wrong Motives Charged. Mrs. Grace Wilbur Trout, state president at the morning session asserted the Congressional committee was actuated by wrong motives. At noon Mrs. McCormick and Mrs. Antoinette Funk rose to make reply. Mrs. Trout explained that the hotel management had asked for the hall at noon and adjourned the meeting amid cries of protest from friends of Mrs. McCormick.

A recess was taken for some of the hotel management and said she was informed that Mrs. Trout had requested the hall be vacated at noon and not the management.

At the afternoon meeting Mrs. Funk rose to a point of personal privilege, but Mrs. Trout denied her the floor. The convention, after considerable debate, agreed to give her 10 minutes at the conclusion of the programme. When the time came she reviewed briefly the work of the Congressional committee and asked that the Illinois Association give it their indorsement. This was done and the storm was over.

President Retains Power. An effort was made to take from Mrs. Trout or the next president the power to appoint the 52 delegates to the national convention at Nashville next month, but it was defeated after an hour's deliberation.

A thousand-word letter written by Mrs. Sherman M. Booth, of the legislative committee, informing leaders of "actual conditions" and promising to "aid in the election of a representative board and of a state president who will concern herself with the interests of women primarily" was read. This letter is said to have been widely circulated among members of the association several days ago.

Among other things the letter charged Mrs. Trout with permitting the "diversion of the fund collected for defense purposes to the general fund, as a consequence of which some of the contributors have seriously objected to its unauthorized expenditure." In a reply, written by nine members of the board of directors of the association, it was declared "not a penny of the defense fund was used for general expenses." It also asserted "members of the state board are not dummies."

ODESSA SCENE OF BATTLE

(Continued From First Page.)

It hears the comment of the allied governments, may throw the onus for this course on the shoulders of the German commanders of its warships and declare they acted without orders. The report to this, it is said in London will be a demand that the German officers and crews now in the Turkish navy be sent home within 24 hours.

TURKISH CAVALRY NEAR RED SEA

Strong Turkish cavalry divisions are said to have arrived in the neighborhood of the Gulf of Akabah, on the Red Sea, about 50 miles south of the Suez Canal, and the entire Turkish fleet is reported to have left the Black Sea, according to a Cairo dispatch received in Vienna and forwarded to London by the correspondent at Amsterdam of the Central News Agency.

The Russian Ambassador at Constantinople has been withdrawn, according to official announcement made here today, and in consequence of the Turkish attacks on Russian ports. Instructions have been sent Russian Consuls in Turkey to leave the country.

RUSSIA DECLARED AGGRESSOR

Attempt to Prevent Turks From Leaving Bosphorus Reported.

AMSTERDAM, Oct. 30, via London.—The Berlin newspaper Zeitung am Mittag publishes today what is reported to be an official communication from Constantinople. It says:

"Russian torpedo-boats attempted to prevent the Turkish fleet from leaving the Bosphorus and steaming into the Black Sea. The Turkish ships opened fire and sank two of the Russian vessels. More than 30 Russian sailors, saved by the Turks, were made prisoners. The Turkish fleet sustained no losses."

LOSS TO TURKEY IS FORECAST

London Times Thinks Ottomans Will Be Driven From Europe.

LONDON, Oct. 30.—The Times, commenting today on its Petrograd dispatches, reporting the Turkish bombardment of peaceful seacoast towns, says:

"The situation in the near east has developed logically. For the first few weeks past the interests controlling the Ottoman government have been working to provoke the allies into declaring war on Turkey. These efforts have been fruitless, as the allies were determined not to be the aggressors. They met the acts of provocation, like the incorporation of the German cruisers Brause and Goeben in the Turkish navy and the abolition of the capitulations, merely by protests. Then a sort of ultimatum was addressed to England regarding the watch kept upon the mouth of the Dardanelles.

NEW RECORD FOR FOOD EXPORTS SET

Foreign Trade Currents Are Shifted to United States by European War.

WASHINGTON, Oct. 30.—War's demand on American granaries, mills and packing-houses, as shown today in an analysis by the Department of Commerce, resulted in record exportations of breadstuffs, meats and other food articles during September. Many trade currents, broken by the European upheaval, have shifted to the United States. France demands immense quantities of fresh beef, South America and Europe buying large amounts of flour, while nearly all the markets formerly supplied from our sources are importing millions of pounds of American sugar.

SEA LORD REMORSELESS

BATTENBERG'S SUCCESSOR WILL 'HANG FIRST, THEN INQUIRE.'

Expert Predicts Rapid Curtailment of Rights of Neutrals in Britain Under New Admiralty Regime.

LONDON, Oct. 30.—Fred T. Jane, naval author and journalist, whose intimate acquaintance with naval matters makes his statements authoritative, writing in the Evening Standard, says that under the Fisher naval administration "we may expect a rapid curtailment of the rights of neutrals to come and go as they please in our waters."

"Ruthless, remorseless and relentless" was one of Lord Fisher's war maxims in the old days. We may look for short shrift from him for any German captured who has achieved results by using any flag except his own. It will probably be a case of hang first and inquire afterward if the public opinion of the Cabinet object let them object.

Jane suggests that the humanitarian element in the British Cabinet has hitherto interfered in a question like that of mine laying and he says that Lord Fisher will not permit such interference.
