Despite President's Silence Leaders Are Laying Plans for His Campaign.

PARTY EXPECTS CONTROL

Democratic Prediction Is Majority of 50 in Lower House and Increase in Senate-Extra Session Due in Case of Defeat.

WASHINGTON, Nov. 2.—On the eve of the Congressional election, it became known today that men close to President Wilson are working on the understanding that he will be a candidate in 1916, despite his own silence on the subject and that they have begun prepara-

Ject and that they have begun prepara-tions for the campaign.
White House officials say Mr. Wil-son is confident both Senate and House

gress later this month. It was understood that there will be no extra session if the party retains control of Congress. Otherwise, it was said, the President would call an extra session in order that policies he stands for may be carried to completion during the life. be carried to completion during the life of the present Congress. Mr. Wilson will leave at 8 o'clock to

morrow for Princeton to vote. He will be back in Washington at 6 P. M.

ALASKA WOMEN VOTE TODAY

Delegate to Congress and Territorial Legislature to Be Elected.

JUNEAU, Alaska, Nov. 2.—Alaska will elect a delegate to the Congress and members of the territional Legislature tomorrow. The women will vote for the first time since their enfran-

chisement.
James Wickersham, elected delegate to Congress two years ago as a Pro-gressive, is independent candidate for Congress, and is opposed by Charles E. Bunnell, Democrat. Wickersham's long Bunneil, Democrat. Wickersham's long service and his wide acquaintance throughout Alaska give him an advan-tage, but Bunnell has made an aggres-sive campaign. John H. Brooks, So-cialist, is the only other candidate.

# COLLEGE DAY

PACIFIC UNIVERSITY HAS CELE-BRATION FOR CLASSES.

Sophomores and Freshmen, After Harrowing Time, Finally Bury Hatchet for Year.

PACIFIC UNIVERSITY, Forest Grove, Or., Nov. 2.—(Special.)—The second annual All-College day at Pacific University proved a great success, although the weather man put a ban on the outdoor events. Friday all classes were dismissed and the students entered the events of the day in the true Pacific spirit. The sophomores and freshmen were busy the night before kidnaping cach other, but all appeared the next morning in time for the scheduled events. events.

The exercise began in the chapel at 10 A. M. with Miss Margaret Lowell, president of the senior class, presiding. Short talks were given by Clinton Ostrander, representing the Christian associations; Zenas Olson, representing the literary societies, and Warren Tupper for athletics. This was followed by stunts by the freshmen, sophomore and junior classes. The freshman-sophomore bag rush and the upperclassmenfaculty baseball game, which were scheduled for the afternoon, had to be postponed on account of rain.

### UNION PROSECUTOR WEDS Mrs. John R. Moore Is Bride of District Attorney Ivanhoe.

BAKER, Or., Nov. 2.—(Special.)—F. S. Ivanhoe, District Attorney of Union County, was married here quietly Saturday evening to Mrs. Jean R. Moore, now of La Grande, but recently of Golden, Colo.

Mrs. Moore formerly lived at La Grande but left several years ago. The courtship, it is said, was chiefly by letter. Recently she returned to Union County and Colonel Ivanhoe pressed the suit and won.

They came to Baker quietly, went to the courthouse and were married by Circuit Judge Anderson. They were attended by Mrs. Mollie Beck, Mrs. T. M. Murphy and Mrs. G. M. Swaney, all of whom were old friends of the bride and bridegroom. The couple went to La. The couple went to La Grande today to make their home there

# Recommendations of the Taxpayers' League

NOVEMBER 3d, 1914

The Taxpayers' League was organized many years ago. It has always taken an active interest in public affairs. Since the adoption of the Initiative and Referendum it has at each election made recommendations to the voters on the measures proposed.

\* As an earnest and consistent friend of the initiative and referendum the League protests against their indiscriminate use as a means of advancing some individual's peculiar views, or some special interest, or as a weapon to "get even" with some official who may perchance disagree with some one in the conduct of the affairs of his office. The initiative and referendum "were intended and can only be used as a safeguard by the public against misrepresentation by the Legislature and not as an original source of general legisla-

Twenty-nine measures appear on the ballot. Of these, fifteen are constitutional amendments, and fourteen are bills for proposed laws. The character and purpose of some of the measures merit most careful consideration.

The League would feel it were derelict in its duty if it did not emphasize the fact that this is not the time for revolutionary or experimental legislation. World-wide as well as local conditions should warn us to be on our guard. The constant submission of half-baked, illy-considered and often radical measures is unquestionably beginning to create distrust abroad, with the result, whether they pass or not, that everyone is a sufferer from it. The laborer, the mechanic, the merchant, the banker, and the propertyholder alike, are interested. In the interest of this state there is but one attitude for the citizen to take and that is to be sure he is right, and that he understands a measure before he votes. At a 1913 city election every measure proposed was defeated. Such a result is far better than to inadvertently pass some law that will cause the people of this state untold loss before it can be repealed. Measures of far-reaching consequence are on the ballot. The single and graduated tax, although defeated by a vote of more than two to one two years ago, appear in a different guise but for the same purpose and backed by the same interests. Eight-hour laws that would make even the conduct of a farm or the household impossible are submitted; a bill levying a confiscatory tax on estates of not less than ten per cent and as much more as may be provided by law, and to create a department of industry and public works to furnish work for the unemployed is also proposed. State-wide prohibition is to be voted on. Abolishment of the Senate and proportional representation are also proposed.

These are but a few of the important measures upon which the people are called to take action. Under existing conditions we submit to the wage-earner, the home-owner and the capitalist alike that due consideration should be given before embarking upon experimental legislation and revolutionary changes. WE URGE THE VOTER WHEN IN DOUBT TO VOTE "NO." The League has studied the different measures proposed and submits the following advice and suggestions to voters for their consideration.

1. VOTE ON EVERY MEASURE.

WHEN IN DOUBT-VOTE "NO." BETTER BE SURE THAN SORRY.

TAXPAYERS' LEAGUE, By L. J. Goldsmith, Secretary.

NO. A constitutional amendment prescribing citizenship as a qualification for voting. An immigrant with first papers can vote now. In view of the important duties of a voter in this state, full citizenship is not too high a requirement.

VOTERS ARE ADVISED TO VOTE "YES."

LIEUTENANT-GOVERNOR.
To act as President of the Senate, and to receive \$10 a day during legislative session. To succeed the Governor in case the latter dies or is disqualified. Would prevent log-rolling for Presidency of the Senate, and would provide a substitute for the Governor on Board of Control. The Secretary of State, in case he succeeds, as at present, has two votes, an absolute control. VOTERS ARE ADVISED TO VOTE "YES."

CONSOLIDATION OF CITY AND COUNTY GOV-ERNMENT.
Gives the Legislature, or the people by the initia-Gives the Legislature, or the people by the initiative, power to consolidate city and county government where a city has over 100,000 inhabitants. This would eliminate a large amount of duplication and needless expense and simplify government very materially.

VOTERS ARE ADVISED TO VOTE "YES."

INCREASE OF STATE DEBT LIMIT. INCREASE OF STATE DEBT LIMIT.
Prescribing a debt limit of not to exceed two percent of assessed valuation for road building, and a like amount for the construction of irrigation, power projects and agricultural development. Appropriates no money, but authorizes it to be done if deemed advisable. It would authorize the state to issue bonds up to \$38,000,000. This is excessive. VOTERS ARE ADVISED TO VOTE "NO."

ABOLISHING UNIFORM TAXATION RULE. A constitutional amendment eliminating the present requirement that all taxation be equal and uniform. Briefly stated, the purpose of these proposed amendments is to authorize classification of property for taxation. A necessary change if we expect ever to have fair and equitable taxation in this state. Recommended by State Tax Commission. VOTERS ARE ADVISED TO VOTE "YES."

CLASSIFICATION FOR TAXATION PURPOSES. Froviding for general laws to govern the levy of taxes; permitting classification of property for taxation purposes, and also income and propor-tional or graduated taxes, and authorizing rea-sonable exemptions. This and the preceding measure go together and form a constitutional basis for rational and equitable tax reform in this state. This and the foregoing amendment are both sound and progressive and should not be confused with any other tax measure or VOTERS ARE ADVISED TO VOTE "YES."

THE ASHLAND NORMAL.

Levying 1-40 of a mill on all taxable property in the state for the construction and support of a Normal School at Ashland. This presents a clear issue of whether the voters want more Normal

Schools or not. 314 YES. MERGER OF CITIES.

A constitutional amendment authorizing a general law to allow a city to surrender its charter and be merged into an adjoining city, on vote of a majority of the electors of each of the cities affected. There being no way to effect such consolidation now, this measure is advisable. VOTERS ARE ADVISED TO VOTE "YES."

EASTERN OREGON STATE NORMAL Levying 1-40 of a mill tax for a Normal School at Weston in Umatilla County. A measure similar to 312-313 above. NO RECOMMENDATION.

318 YES. INCREASING PAY TO MEMBERS OF THE LEG-ISLATURE.
Legislative pay is \$3 a day, with a forty-day limit. This increases it to \$5 a day for sixty days. It is not apparent that a small increase in pay would secure higher-class men, or that lengthening the session, without providing for a divided session, would be beneficial. The league believes legislative reform should go deeper and more radical. VOTERS ARE ADVISED TO VOTE "NO."

320 YES. UNIVERSAL EIGHT-HOUR LAW.
321 NO. This measure provides that no one shall work more than eight hours per day in any employment whatsoever. It would disorganize and make impossible much of the business and work carried on in the state. Domestic help and farm labor would be particularly hard hit under it. VOTERS ARE ADVISED TO VOTE "NO."

322 YES. EIGHT-HOUR LAW FOR WOMEN. 323 No. This prescribes an eight-hour day in This prescribes an eight-hour day in most of the occupations in which women are employed. The State Industrial Welfare Commission is now in charge of the work, with ample authority to enforce any provisions of the sort it finds advisable. This law is superfluous, would needlessly complicate and confuse the situation and would work a positive hardship on many women at present employed. It is inflexible, and exceptions could not be made, as is now possible under the supervision of the Welfare Commission.

VOTERS ARE ADVISED TO VOTE "NO."

324 YES. NON-PARTISAN JUDICIARY.

325 NO. This bill prohibits party nominations for judicial offices and provides for nominations by petition of one per cent of the legal voters in the district. Would prevent political designation on the ballot. Would make possible a choice of judges on the basis of fitness rather than party affiliations and party services. The Legislature or the people can provide for preferential voting if they desire. A non-partisan election should do much to keep the judiciary out of politics. to keep the judiciary out of politics.
VOTERS ARE ADVISED TO VOTE "YES."

Exempting from taxation all personal property, dwelling houses, buildings and improvements on land, livestock, etc., up to \$1500, belonging to any one person, the land itself to be taxed. This is one of Mr. U'Ren's measures and is partial single tax. Single tax has been repudiated very decisively in this state. It is not working satisfactorily anywhere else, and this is a poor time for Oregon to experiment with it.

VOTERS ARE ADVISED TO VOTE "NO."

328 YES. PUBLIC DOCKS AND WATER-FRONTAGE. An amendment prohibiting the sale of beds of navigable waters and subjecting the same to public use. Providing for leasing to private parties for constructing wharves, docks, etc. Would revoke valuable wharfage rights claimed by riparian owners on which taxes have long been paid and in which the state has acquiesced. Adoption of the amendment would be followed by long literation and uncertainty as to littles. Adoption of the amendment would be followed by long litigation and uncertainty as to titles. Would remove much property from the tax rolls and unsettle conditions to an extent the state can ill afford at this time. VOTERS ARE ADVISED TO VOTE "NO."

MUNICIPAL WHARVES AND DOCKS. This measure follows the preceding one and authorizes the building of municipal wharves and docks on the land covered by that amendment. It should stand or fall with the preceding VOTERS ARE ADVISED TO VOTE "NO."

NO RECOMMENDATION,

336 YES. SUR-TAX. This levies a confiscatory tax on all owners of realty assessed at more than \$25,000. No argument is possible in support of this sort of pro-vision. Is an attempt to impose burdensome taxation on lands and to reach single tax by in-direction. Would ruin the market for land and do inestimable harm to the state. It is in sub-stance the same bill as was proposed and over-whelmingly defeated two years ago as part of the single tax programme. the single tax programme. VOTERS ARE ADVISED TO VOTE "NO."

ANCE DEPARTMENTS.

This is a spite measure and an obvious abuse of the initiative. An attempt to legislate an officer out of office on personal grounds. It should be decisively defeated.

VOTERS ARE ADVISED TO VOTE "NO." YES. DENTISTRY BILL.

CONSOLIDATING CORPORATION AND INSUR-

Another personal measure, obviously initiated for advertising purposes. Would put the standard of efficiency in the practice of dentistry lower than almost any other state. An abuse of the initiative. VOTERS ARE ADVISED TO VOTE "NO."

INCREASING TERM OF COUNTY OFFICERS. Would give four-year terms to the officers elected at this election. If an officer has made good at the end of two years he will be re-elected. If not, the two-year term gives the people an opportunity to get rid of him, without the expense of a recall. This measure would not reduce the number of elections and would not cut down expenses. VOTERS ARE ADVISED TO VOTE "NO."

344 YES. TAX CODE COMMISSION. 345 NO. The state Port The state now has a Tax Commission, and has heretofore had various special ones. No real tax reform is possible unless the constitutional amendments Nos. 308, 309 and Nos. 310, 311 are carried. The proposed commission is superfluous. VOTERS ARE ADVISED TO VOTE "NO."

346 847	YES, No.	ABOLISHING DESERT LAND BOARD.  This measure abolishes the office of State Engineer and abolishes the Desert Land Board. The measure is Ill-advised and would largely nullify the present Water Code, and hamper very scriously the co-operative work with the Federal Government in stream measurement, topographic map making, etc. The State Engineer is a
		necessary officer, and the office is doing excel- lent work. No reason appears why it should be stopped.  VOTERS ARE ADVISED TO VOTE TAXA!

PROPORTIONAL REPRESENTATION.
Provides that each voter vote for one candidate for representative and the sixty in the state receiving the highest number be elected. Questionable if this would give us as representative legislators as we now have. A large proportion of votes would be wasted on very popular candidates, who would be elected anyhow, or others with no chance. With no eliminating process a large proportion would be elected with only a small plurality. Each legislator having one vote, a man elected by 25,000 votes and another by 1000 would have equal authority. A majority in the Legislature would not necessarily in any way represent the majority of the voters. And, unless that condition is to be attained, no change is justified. PROPORTIONAL REPRESENTATION. justified. VOTERS ARE ADVISED TO VOTE "NO."

250 YES. ABOLISHING STATE SENATE. ABOLISHING STATE SENATE.

Experience has shown that some check on legislative action is wise. The two-house system is approved by the experience of all parts of the world. This measure proposes to abolish the Senate, usually composed of the older and more experienced legislators, and to turn the whole work over to the House of Representatives.

VOTERS ARE ADVISED TO VOTE "NO."

352 YES, DEPARTMENT OF INDUSTRY AND PUBLIC This is a measure initiated by the Socialist party, providing for a tax of not less than 10 per cent and as much more as the Legislature may name on all estates of deceased persons, amounting to \$50,000 or over, and for appropriations to be made for the support of a department to take care of the unemployed. It would draw the unemployed of the whole United States to Oregon to be supported by the people of this state.

VOTERS ARE ADVISED TO VOTE "NO."

VOTERS ARE ADVISED TO VOTE "NO."

354 YES. PRIMARY DELEGATE ELECTION BILL. This measure would add one election to the number we now have, with the effect of getting us back to the old convention system. It is an attempt to knock out the present direct primary in a very expensive and cumbersome way. VOTERS ARE ADVISED TO VOTE "NO."

356 YES. TAXATION: TWO-THIRDS VOTE TO AMEND OR REPEAL. This measure, if carried, would make permanent the present defective and inadequate taxation system in this state by requiring a two-thirds vote to modify it. It is the more dangerous in that it would perpetuate any of the illy-considered or confiscatory tax measures that may pass at this election. It is strictly a "gag" measure.
