AWARDS ARE MADE

The Dalles and Ashland Win Apple and Pear Prizes.

FINE DISPLAY IS LAUDED

New Amusement Features Provided at Manufacturers' and Land Products Show—Tillamook and Clackamas Delegations Due.

Awarding of prizes on the exhibits in the Manufacturers' and Land Products Show was completed in the larger classes in apples and pears yesterday, and the judges probably will have their report ready today on the plate exhibits and on other exhibits in the land products department of the big exposition.
Hood River and The Dalles carried away the majority of the prizes in the apples, while Ashland and The Dalles divided honors in the pear exhibits.
In the 20-box exhibits of apples two prizes were awarded by the Northwestern Fruit Exchange for the best pack of apples. These prizes consisted of gold apple tobs and were won by the Sealy-Dresser Company by Alex Sandoz, of The Dalles.
The Northwestern Fruit Exchange did not enter any exhibit in competition, but was given special mention by the judges for its magnificent display of "Skookum" apples, which were featured in a booth designed and put in under the direction of A. P. Bateham. The features on which the three grand prizes were awarded Tuesday were

strikingly well carried out in this display.
Non-Competitive Exhibit Lauded.
The Judges in their report of awards for artistic advertising displays, referred to the exhibit by the Northwestern Fruit Exchange under Mr. Bateham, by saying:
"Although this exhibit was not entered in any competition, it is so exceptionally good that it should not be passed without commendation and recognition by this splendid show."
The booth is worked out with the effect of an Indian design, into which beautiful red apples of extra fancy selection are artistically wrought. Indian rugs and baskets on the floor carry out the motif of the decoration.
The awards announced by the judges yesterday on apples and pears are as follows:

troubadors closed their engagement last night.
Industrial film features were shown in the little theater under the auspices of the Motion Picture Exhibitors' League. The motion picture exhibitors are preparing to give a still more elaborate programme and film display in the theater on November 10. Programmes at night were given in the little theater under the auspices of the Gillespie School of Expression and the Parent-Teachers' Association.
Today delegations from Clackamas County and from Tillamook County will make special visits to the show, and the Tillamook boosters' band will open its concert engagement. In the Clackamas and Tillamook delegations will be about 400 out-of-town visitors.

IDAHO YET IN DOUBT

Official Count Likely to End Dispute Over Justices.

BRADY'S LEAD SWELLED

Final Returns May Give Control of State Senate to Three Parties if Fused Against Republicans. Alexander Far Ahead.

BOISE, Idaho, Nov. 4.—(Special.)—The possibility that the Democrats may have control of the Senate of the next Idaho Legislature and the probability that it will take the official count to determine the successful candidate for Justice of the Supreme Court, are the developments as shown by late returns tonight from the vote cast at the general election yesterday.
More complete returns from various parts of the state will not change materially the result announced. With the exception of Governor, the Republican party won a sweeping victory for United States Senator in the re-election of James H. Brady and two Congressmen, Addison T. Smith and Robert M. McCracken, together with all state officers.
Moses Alexander, Democrat, who defeated Governor Haines, Republican, will have a plurality of from 4000 to 7000.
Attorney-General J. H. Peterson appears to have fallen below other Republican state candidates in pluralities. When the official returns are canvassed he may have less than 1000 majority over his Democratic opponent,

T. A. Walters. His defeat is not probable, but it is possible.
Judge Edward A. Walters and William M. Morgan are running close for the Supreme Court Judgeship, with the outcome in doubt. Walters was conceded, prior to election, an easy winner.
The Republicans have complete control of the House of Representatives, but the Democrats, with the Socialists and Progressives, may control the Senate. The most startling fact on the face of the returns is that the Socialist party elected a Senator from

Adams County and may elect another in Minidoka County. The Progressives will have at least two Senators, one from Ada and the second from Nez Perce County. The Democrats elected Senators in Bear Lake, Lincoln, Minidoka, Latah and Washington counties. Complete returns probably will show they also elected Senators in Owyhee, Custer, Lemhi, Idaho and one or two other counties.
All parties are pledged to submit a constitutional amendment for statewide prohibition, but the Legislature

also will be urged to enact a statutory prohibition law.

After 25 years of wedded life, Mr. and Mrs. Julia Cimotti, of Chicago, secretly left their home to escape a celebration and went to Milwaukee, whence they wired to their friends that they had slipped away on their honeymoon.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.
Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage; and best of all, every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.
