Mr. Watson specializes in teaching golf. During the Summer of 1913 he spent most of his time in Scotland ob-taining information about courses and learning the latest fads about the an-clent game. As a proof of his ability to teach, in a recent tourney in Rock

Island, his pupils took first honors in all the 15 events. "There is a great possibility in these links," said Mr. Watson, while with Mr. Wilder and George Turnbull, his predecessor, on the course yesterday, "and no little credit should be given Mr. Turnbull for his results.
