

THIRTEEN STATES UNDER QUARANTINE

Cold Weather Now Ally in Epidemic Fight, With Canada Shipments Barred.

MEAT SITUATION IS HIT

Field Agents in Indiana and Michigan Show Reports Indicating Foot and Mouth Disease Nearly Under Control.

WASHINGTON, Nov. 9.—Colder weather, with rain, in states infected with the foot and mouth disease was hailed by Department of Agriculture officials today as a powerful ally in their campaign to suppress the rapidly spreading livestock epidemic.

News of more affected districts caused the department to extend the Federal quarantine to include Delaware, New Jersey and Rhode Island and to bar cattle shipments from Canada.

\$8,000,000 Business Halted.

While no cases of the disease have been found in Canada, the quarantine against the Dominion is to prevent the return of infected cattle cars to the United States. It will stop shipments of cattle into the United States valued at approximately \$8,000,000 a year.

Figures compiled by the Department of Commerce show that for the nine months ending with September, imports from that country aggregated \$11,732, valued at \$5,959,491. For the month of September last 26,738 head of cattle were imported, valued at \$1,652,118.

The effect on the meat situation in the United States or the Canada quarantine cannot be estimated immediately, according to department officials. It will depend upon whether imports from Canada have been for immediate slaughter or for fattening purposes.

Embargo May Be Felt Greatly.

If most of the Canadian cattle are brought in for fattening, the shutting off of imports would have no immediate effect upon supply and price in this country as they would not be put on the market until late Spring in any event.

On the other hand, if the imports have been for immediate slaughter, the embargo will lose no time being felt. Upon the receipt of reports today from field agents in Indiana and Michigan, officials expressed hope that the disease in those states now had been brought under control. Reports from Pennsylvania indicated that the disease had spread to Lancaster, York and Allegheny counties.

BAKER MERCHANT IS DEAD

J. H. Eccles, Brother of Sumpter Valley Railroad Head, Passes.

BAKER, Or., Nov. 9.—(Special.)—John Hutchinson Eccles, aged 68, died after an illness of about three months. Mr. Eccles was a brother of the late David Eccles, president of the Sumpter Valley Railroad. He was born at Mile End, Glasgow, Scotland, May 15, 1846, and was the oldest child of the family of William and Sarah Hutchinson.

Mr. Eccles emigrated to America with the family in 1863 and sailed the ship Sunny Shower and crossed the plains by steamer to Denver in that year. For several years after he was steward and purser on various ocean liners, crossing the ocean 17 times. He left Liverpool in 1867 and came to New York, where he took up his trade as a pattern maker. In 1870 he moved to Ogden, Utah, where he started the first furniture store, and in 1874 went to American Fork, Utah, where he opened a furniture store.

He was married at Edinburgh, January 15, 1867, to Mary Richmond. Four of his nine children survive him. They are J. H. Eccles, Jr., of Baker; D. R. Eccles, of Baker; Mrs. Nettie Conrad, of Provo, Utah; and Mrs. Virginia Caldwell, of Ferron, Utah. He is survived by W. H. Eccles, a brother, and by Mrs. Charles Swinger, of Baker, and Mrs. Sarah Baird, of Salt Lake City, sisters. Another brother, Stewart Eccles, died November 3 of this year in London, this being the second death in the family within a week.

Mr. Eccles lived in Baker since 1903, having been engaged continuously in the coal business. He was connected, until a year ago, with the Eccles Mercantile Company.

HEAVY PENALTIES FAVORED

Clackamas Delegation Would Punish Liquor Sellers in Dry State.

OREGON CITY, Or., Nov. 9.—(Special.)—The Clackamas County delegation at the State Legislature will lend support to a measure to put into immediate effect the prohibition amendment.

The three Representatives, Guy T. Hunt, C. Schuebel and C. W. Riley, each have said that in view of yesterday's election results, they think it the duty of the Legislature to enact a bill providing penalties for violations of the amendment. State Senator Walter Dimick is of the same opinion.

Representative Schuebel advocates a decisive measure. He said this afternoon: "The voters want a dry state and I believe that the Legislature should do its best to make the state thoroughly dry."

WOMAN STILL IS MISSING

Search for Mrs. Margaret Miller at Marshfield Is Futile.

MARSHFIELD, Or., Nov. 9.—(Special.)—No trace has been found of Mrs. Margaret Miller, who disappeared here several days ago. Every rooming-house on Coos Bay has been searched and all the places where the woman was employed have been visited.

Mrs. Miller said when she arrived here that she intended to leave for her home in Virginia, but her valises and clothing are at a local hotel and her friends say she had little money, far less than would be required to take her East.

CAVALRY USE IS VARIED

German Horse Hold Trenches and Fill Banks of Infantry.

BERLIN, Nov. 9, via The Hague and London.—German cavalry have been called upon in the present war to perform duties of a character differing widely from those emphasized in maneuvers a few years ago.

Only rarely has there been an opportunity to launch the thrilling cavalry charges then favored. Instead, the high booted horsemen frequently are used both in the east and west to hold trenches and fill out the lines of the infantry.

SEATTLE PASTOR TO SPEAK AT NORWEGIAN MEETING.

Rev. C. August Peterson, pastor of the First Norwegian-Danish Methodist Episcopal Church of Seattle, will be the principal speaker at the Norwegian mass meeting November 12 at Lincoln High School auditorium. The program also will include a vocal solo by Mr. Brandt, a vocal solo by Miss Rose Robinson, a song by an all-Norwegian chorus and singing by the Norwegian Singing Society. Rev. G. O. Kenrick will make an address also.

charge with their brothers of the cavalry. "I hope, however, that the cavalry may yet have an opportunity to use their lances if we succeed, with the help of the dear God who already has permitted us so many successes, in surrounding the enemy."

MORE RELIEF AWAITED

AID FOR DESTITUTE NON-COMBATANTS IS GREATLY NEEDED.

French Prepare to Welcome Commission in Charge of Assistance From Rockefeller Foundation.

PARIS, Nov. 9.—Preparations have begun in France to welcome the officials in charge of the relief to be sent to the destitute non-combatants of the warring nations in Europe by the Rockefeller Foundation. The coming of the first vessel from America is awaited with impatience. Assistance is greatly needed and will be welcome.

Gabriel Hanotaux, former Minister of Foreign Affairs, and now president of the National Relief Society and of the Franco-American Society, wishes to thank the American public, in the names of these societies, for its sympathy and liberal generosity.

M. Hanotaux has addressed a circular letter to all the municipal Mayors in the department of the Aisne, asking them to endeavor to ascertain and to report destruction in various localities. Among the answers received is the following:

"I am sorry to be unable to comply with your request, for I have not joined the colors as a volunteer and was compelled to resign the office of Mayor. This town has been completely destroyed. There are no more in City Hall or any inhabitants to protect. Consequently I decided that it was best to leave, and although I am more than 60 years old, I thought that perhaps France could make use of my services."

RELIEF WORK SYSTEMATIZED

Mr. Herrick's Duties in Paris Are Near Successful End.

WASHINGTON, Nov. 9.—Relief measures inaugurated by Ambassador Herrick to succor the thousands of distressed Americans in France, and especially in Paris, have become so systematized and the urgency has so diminished that the State Department is considering acceding to the long-standing request of Mr. Herrick to be relieved of his duties in Paris.

William G. Sharp, who has been confirmed as successor to Mr. Herrick, is in Paris ready to take charge of the Embassy whenever the order is given.

Transport Meade to Be Retired.

NEWPORT NEWS, Va., Nov. 9.—The United States Army transport Meade, at one time the City of Berlin, a crack mail steamer plying between New York and Liverpool, is destined for retirement because of her age.

The Meade arrived here today from Galveston. She has been transporting troops to and from Vera Cruz. The trip just finished probably will be her last. At the beginning of the Spanish-American war the ship was purchased by the Government and was used in transporting troops to and from Cuba.

Auto Ambulance Corps Funds Next.

NEW YORK, Nov. 9.—Announcement was made here today of the organization of the British War Relief Association to collect funds to provide an automobile ambulance corps in the war.

She is being in an isolated portion of the county, a messenger had to be sent to the district to obtain the figures. Twelve precinct boards sealed the returns in the ballot boxes and the clerk had to obtain an order from the court to open the boxes.

BAN ON BABY TALK

Man Declared Part Child and Child Part Man.

LAX DIVORCE IS ATTACKED

Speaker at Purity Congress Says Uncongenial Home Life Is Greatest Single Factor in Sending Girls on Road to Ruin.

KANSAS CITY, Mo., Nov. 12.—Go swimming with your boy, run races with him, play marbles with him and help him at his chores and you have the solution to the "boy problem," according to the Rev. Daniel Bryant, of Zion City, Ill., who spoke before the final session of the International Purity Congress here today.

Dr. Bryant also made a plea against "baby talk," asserting that it tends to create on the mind of the parent the imagery of a senseless babe, "while really the child is more of a man than you take him to be and the man is more of a child than he realizes himself to be."

Divorce Evil Attacked.

"We cannot expect to annihilate interstate white slave traffic, while we authorize inter-state traffic in divorce," according to the Rev. J. M. Wylie, of Kansas City. He scored states having liberal divorce laws and asserted that "there is no great moral distinction between a segregated district of prostitutes and a divorce colony."

"And yet," he said, "legitimate divorce contributes to social purity. While lax divorce encourages social impurity. For an innocent person to live in marriage with a dissolute and immoral partner is a disgrace and crime. A marriage is something more than a commercial partnership, to be dissolved at will by the parties concerned. A divorce which deprives the privilege of remarriage to the guilty party is one of society's greatest menaces."

More girls go wrong because of home conditions than for any other reason, asserted Miss Margaret E. Luther, superintendent of the Florence Crittenton Home, New York City, in an address before the Congress. She said that most of the girls with whom the courts have to deal are not more than 18 years old.

Minds Polluted Early.

"Statistics show that the larger number of girls who go wrong are not alone in the world," she said. "Nor are they all wage-earners. Girls come to us from all stations of life, and many of the cases the minds are polluted in early childhood."

Stories of locked doors and barred windows in connection with white slavery are largely imaginary, according to Miss Luther.

"The men who live on commercialized vice are the men you see standing on the street corners," she continued. "Their victims are usually silly little girls they win by wiles, and the girl such a man can enslave soul, mind and body, is worse than any physical slave."

"A judge recently told me that 90 per cent of the men he had sentenced for white slavery were less than 22 years old."

SIQUEIRA CITY, Ia., Nov. 9.—The

World's Purity Federation has appropriated \$30,000 to protect girls who visit the St. Francis exposition from white slavery. This was stated by John B. Hammond, of Des Moines, Ia., superintendent of the Law Enforcement Division, who arrived here today. The action was taken at a meeting of the executive council in Kansas City yesterday.

SHIPS RUSHING WEST

BRITISH AVENGERS HEADED TO MEET GERMAN IN PACIFIC.

Vessels Believed on Way to Punish Foe for Defeat of Englishmen in Recent Battle.

NEW YORK, Nov. 9.—Seven British warships, apparently dreadnoughts, heading for the Panama Canal and steaming at full speed, were sighted off the Bahama Islands last Friday by passengers of the United Fruit Line steamship Suriname, which arrived here today from Cuba.

James Cavanaugh, one of the passengers, formerly a Lieutenant in the British navy, said the British fleet probably was bound for the Pacific Coast of South America, to avenge the defeat of the British fleet of cruisers by German warships.

CANAL TOLL TO BE \$87,500

Slide May Prevent Passage of Ships Through Waterway.

WASHINGTON, Nov. 9.—Whether a fleet of British dreadnoughts can pass through the Panama Canal will depend upon the size of the vessel. Last advice from Governor Goethals reported 30 feet of water in the channel through the recent slide in Cutlers cut. Heavy ships could not make a passage in that depth.

The Panama Canal is open to vessels of war of all nations, the only condition being that they shall not remain in the canal longer than is necessary to take on coal or supplies.

The cost of moving a fleet of big ships through the waterway will be considerable. The established warship

2 CLAIM BAKER BENCH

NEWLY-ELECTED JUDGE QUALIFIES; WOULD OUST INCUMBENT.

Magistrate Appointed by Governor

Contents Place in His Until New Year's—Court to Decide.

BAKER, Or., Nov. 9.—(Special.)—J. B. Messick today received his certificate of election as County Judge of Baker County from County Clerk Combs. He took the oath of office at once, thereby qualifying for the office to which he had been elected. He then called on County Judge Carter and notified him of the action he had taken and declares that he is now the County Judge of Baker County.

Judge Carter, on the other hand, said that he will resist any attempts to oust him from the office until January 1, unless Judge Messick obtains an order from the Circuit Court. This Judge Messick said he will endeavor to obtain by bringing "quo warranto" proceedings.

Judge Messick puts in his claim to the office by virtue of the provision of the statutes that, in case a County Judge is appointed by the Governor, he shall hold office until such time as his successor has been elected and has qualified for the office. This, he maintains, has been done.

Judge Carter, on the other hand, will endeavor to hold the office until January 1, under another provision of the election laws that the officers elected to the November election shall take office on January 1 following. The case will be heard in the Circuit Court.

Attorneys held different views concerning the merits of the controversy. It was pointed out, however, that any action by the County Court until such time as the case is definitely settled will be not binding unless it is by the regularly qualified judge.

Coquille Water Main Wrecked.

MARSHFIELD, Or., Nov. 9.—(Spe-

cial.)—A large tree fell across the Coquille City water trestle and broke so close between Democrats and Republicans in Twin Falls County that the official count, finished today, was necessary to determine exact results. Democrats won all county offices except Treasurer, one Commissioner, As-

essor and one Representative. O. G. Zuck, Kimberly, was elected Senator; J. W. Faris, Democrat, of Buhl; A. H. Hicks, Democrat, and J. A. Waters, Republican, of Twin Falls, were elected Representatives. Democrats carried the majority of the state ticket also.

The Hupmobile

Car of The American Family

W. S. DULMAGE, of Dulmage, Manley Auto Co., Says—

Enthusiasm for the new Hupmobile is unanimous, but it hardly exceeds the enthusiasm of those who have seen the detachable sedan and the coupe tops.

"Just the thing for Winter!" everyone says—and these tops, incidentally, are selling not a few Hupmobiles.

People know that now they can drive all Winter in comfort.

This fine reception is justified, for the Hupmobile factory is supplying these special tops, gives every Hup buyer two cars at practically the price of one.

These tops are easily fitted to the touring car or roadster in place of the extension top.

They are designed and built especially for the Hupmobile—strong, staunch and proof against the severest storms of wind, rain or snow.

Finished inside in a way to delight the heart of any woman.

If you're holding off buying a new car until Spring, better see how comfortably you can drive this Winter in the 1915 Hup with the new top.

There's a Flashlight made to fit your need. EVEREADY FLASHLIGHTS are made in many styles that sell at a wide variety of prices. Each is equipped with a genuine, long service Tungsten battery and Mazda lamp. All are guaranteed to give the maximum satisfaction. That's why it pays to get a real Eveready.

We sell them. Stubbs Electric Co. "Everything Electrical." SIXTH AT PINE.
