ICE skating is the latest diversion to which society folk have succumbed. It was a brilliant gathering that filled the Portland Ice Hippodrome last night at the grand opening, some of the matrons and men appearing in smart skating togs, but many in regulation street attire. Lewis M. Roswell and James Bourke gave a clever exhibition of fancy skating, and an excellent musical programme aided in making the evening a gala one. There were numerous parties of young people chaperoned by interested relatives or friends, and out of the enthusiasm many clubs have been planned. Women are considering the advisability of getting up hockey teams to compete with the men's. The first hockey match between men being scheduled for December 9. Early yesterday morning many prominent society matrons and maids met at the Hippodrome for the purpose of practicing before appearing with the men in the evening, and this latest diversion promises to be the most popular yet presented to the public.

### JESSICA TELLS THE REASON SHE BOUGHT HER FALL SUIT YESTERDAY

#### Instead of Waiting Till She'd Saved Money Enough to Pay For It

"Every day I'm bumping shoulders with hundreds of other women. Some of them are dressed so stylishly that it's a pleasure to look at them—others look dowdy, as if they don't know what it is to be smartly attired. I want to belong to the first class, of course."

### LOVE, HAIR AND MARRIAGE

From the beginning of romantic history down to the present day, every story of love has spoken of the maiden's hair as one of her chief charms. Fair locks amply pay for the care and time used in keeping them beautiful and are all that is necessary for developing and retaining hair beauty. In washing the hair it is not advisable to use a makeshift but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of cantrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.
