DAIRY AND GROW HOGS. Three creameries are paying Los Mo-linos farmers \$10,000 a month. This is distributed among about 150 families, who are thus provided an average income of about \$65 a month, as regular and far more dependable than a salary. You can locate here and your income will begin at once, besides you will produce prac-tically everything you eat; 16 varieties of vegetables grow all Winter.

PAY FARMERS \$10,000 MONTH.

Many families came here two or three years ago with only enough money to pay 10 per cent on their land, build a small house, buy a team and a few farming tools. They bought cows on time They have made these cows pay for themselves, build barns, fences, pay for wells, clothe their children, feed the hogs raised for their table, keep up the payments on the land and provide a living.

It takes a wonderful country to do all this, even with good cows. Los Molinos has done it for others. It ill do it for you. We will help you get a start by selling you some of the finest land in the state for a less down payment than a year's rent. You have practically all the time you want to pay out.

Alfaifa 10 tons per acre. You can make your land pay \$150 an acre a year dairying or raising hogs. Pork produced cheaper than anywhere else in U. S. Los Molinos is the one irrigated dis-trict in California that has never had a water shortage. It is a beautiful country and an ideal place to live. You have money enough to make a deal. Come at once and see us.
