NEW GRANT TO UNITED RAILWAYS WILL COME UP TOMORROW.

Recouting of Trolley Cars Over Stark Instead of Washington Street Will Be Considered Also.

A proposed new franchise grant to the United Railways Company eliminat-ing that part of the present interurban electric line between the industrial center in North Portland and the city limits, requiring the continuation of service to Mount Caivary; eliminating service to Mount Caivary; eliminating the necessity of the company constructing its line to Hillsboro by way of Macadam road and requiring the removal of the present interurban tracks on Stark street west of Tenth street, will be presented to the Council tomorrow. Rerouting of cars of the Portland Railway, Light & Power Company by Stark street instead of on Washington street from Broadway to First street will be considered also. The

street will be considered also. The measure was to have been presented yesterday, but Commissioner Daly did not have it ready.

Because of the revocation by the county of the part of the line running to Linnton the company has no use for its passenger tracks and has expressed a williamness to give up the record a willingness to give up its use of Stark street and its tracks beyond the industrial center in lieu of certain pro-Washington 40 0.00 48 Pt. clos Winnipeg 40 0.00 14 N Cloudy visions in a new franchise. Under the provisions of the franchise the company now holds it is required to keep up its passenger service within the city. This it does not want to do when the

cars, four mail cars, 21 dining cars, eight observation cars, two parior cars, 10 coaches and 30 chair cars.

The value of the equipment is estimated at \$1,500,000. It is one of the largest orders placed by any railroad in recent years. Every one of the cars is of solid steel construction.

Committee Organized to Supervise Security Sales Retires - October Breadstuffs Exports Three Times Larger Than Last Year.

NEW YORK. Nov. 18.—President Wilson's reassuring statement to the Secretary of the Treasury in connection with the inauguration of the new Federal banking system, was almost the main topic of discussion in financial circles today. Taken in conjunction with the completion of the cotton bool, it was halled as an augury of betterment in other directions.

One more sten toward the restoration of normal financial conditions was recorded during the day when the committee of bankers and bond dealers which was organized soon after the outbreak of the war to supervise dealings in unlisted boads and unlisted guaranteed stocks announced its retirement. The well-established market now prevailing for those securities and the absence of all danger to the loan situation enabled the committee to take this action. Industrial conditions are of greater promise, according to authoritative trade advices. Couper metal scored another fractional advance and purchases of pig fron have increased materially. Buying of finished steel and fron thus far this month was considerably in excess of the corresponding period of the preceding month.

Exchance on London was a triffe easier, with little demand. Business for Paris and Berlin was the smallest in some weeks. All Continents! rates were higher.

The more detailed statement of the country's exports for October disclosed the fact that shipments of breadstaffs for that month were almost three times as large as in the same month of 1913. TROPICAL FRUITS - Oranges, navels, \$2 per box; Valencias, \$5.25@3.50 per box; Japanese, per box. \$1.50; lemens, \$2.50@ 5.50 per box: bananas, 4@4%c per pound; grapefruit, \$2.75@4; pineapples, 7c per VEGETABLES-Cucumbers, 50@75c per

Coffee and Sugar.

NEW YORK, Nov. 15.—The coffee market was generally quiet again today. Reports of a further decline in the rate of R/2 exchange on London seemed to encourage the policy of procrastination on the part of local buyers, but only a few offerings were reported in the cost and freight market, which held steady, and local spot prices were unchanged at 6½ to 6%c cents for Rio 7s and 10½ cents for Santos 4s.

The world's supply for the month of October showed an increase of 247,159 bags, against an increase of 537,163 last year. Sales of 27,599 bags were reported through the voluntary committee, with December closing at 5.25 to 5.20c; March, 5.64 to 5.67c; May, 5.84,50.87c, and July, \$2,65,65.67c.

Raw sugar firm; centrifugal \$4.01,94.07; molasses \$3.55,678,42; refined unchanged.

Naval Stores.

BAKER, Or., Nov. 18.— (Special.) — Eugene Melady, livestock broker of South Omaha. Is in Baker after a trip through the Eaker district looking over the cattle.

Sheep and hogs, which amazed him, on account of the excellence of the product.

"Baker hogs and sheep are on a par with the best in the world." said Mr. Melady. "That is something that cannot be said on the majority of the hogs of the Westorn country, Here I find the farmers are using grain, chilefly barley, to fatten their hogs. That is what is done in the East and the results are wonderful.

"Hous cannot be fattened on alfalfs alone and Baker farmers seem to realize this." "Thy most attractive feature of hog raising in this section, however, is the absence of hor cholers. In the East, where farmers understand thoroughly how to produce the best hogs, they never know whether they will have any product for the market. Cholers may come along at any time and wipe them clear out.

"Here the farmer takes no chances. Hog raising should be, and apparently is, a profitable industry here. Care should be taken against cholera infection from infected cars from the East. That is the only danger."

Mr. Melady said that the Raker beef cattle were the finest he had been in the West. It were the finest he had been in the West. It was the finest he had been in the West. Steady Gain in Foreign Commerce.

WASHINGTON. Nov. 18.— Secretary McAdoo's defiv check on American foreign commerce. as remorted from 19 leading norts today, indicated again steady improvement in export trade. The figures were \$4.977.029 for yesterday, or approximately \$2.006.00e less than the daily averave of November, 1813, when trade was not affected by war. Imports yesterday totalled \$5.592.592, which was an increase of \$1.769, 185 over the daily average imports of November last year.

Total exports from these 10 ports to date from November 1 amounted to \$87.112,928 and imports to \$61.354.029, the trade balance for the month thus far being \$25.758.599. Corrected October figures noted by the Jally report save an export balance of \$55.702.167, making the total for October and the first half of November \$34,460,086. BAKER, Or., Nov. 18. — (Special.) — Earl F. West, Coroner, who was re-elected without opposition, spent not a cent, as shown by his campaign ac-count, yet he received the largest vote of any man on the ticket, county or Cotten Market. NEW YORK, Nov. 18.—Spot cotten quiet Middling uplands, \$7.50.

Exports Reduce Available Supply of Wheat.

NO GAIN OVER LAST YEAR

Grain Passing From Farmer to Shipper at Rate Never Before Equalled - Chicago Prices

Advance Full Cent.

CHICAGO, Nov. 18.—Assertions that exports had already reduced the available wheat supply in the United States to within about 1,000,000 bushels of the total a year ago had much to do today with giving prices a decided lift. The market closed firm at 15.01 cent above last night. Corn gained 15.02 cent above last night. Corn gained 15.02 cent to 15.02 cent net, and oats 5.45 cent to 15.02 cent in provisions, the outcome was 5.071/2 cents to 35 cents decline. One of the best-known-authorities in the wheat trade pointed out that the wheat now at the seaboard, at Buffalo and on the lakes, virtually represents wheat bought for export, and that the amount at Western points, where the figures for the most part mean actual available supplies, has dwindled to 52.154,000 bushels, as a against 51.081,000 bushels 12 months ago, notwithstanding that farm deliveries since July 1 show an lacremage of 79,347,000 bushels. It was added that the wheat has passed from the farmer to the exporter at a rute never before equaled.

Corn railled when the bulge in wheat became pronounced.

Oats shared from the outset with the

came pronounced.
Oats shared from the outset with the wheat strength.

Unexpected generous receipts of hogs
hroughout the West made provisions
heavier. Many stop-loss orders were unovered on the ensuing heak.
