Extraordinary Precautions for Defense Reported.

### GERMAN RAIDS ARE FEARED

Base of Naval Operations Expected to Be Removed From Present Location at Esquimaux to Victoria Soon.

SEATTLE, Wash., Nov. 18.—(Special.)—Bringing news of the methods taken to defend Victoria, B. C., against German raids that would have been blue-penned by the British Columbia censor if offered by telegraph, J. W. Campbell, of Portland, Or., arrived here with a lively description of the military activities of the British authorities.

While Esquimaux is at present the base of the naval operations of His Majesty's officers on the Coast, he said Victorians believe that the base will be changed soon to that city, in view of the fact that drydocks and other accommodations for many years inactive and now being overhauled, are located there. Mr. Campbell says: "Three cruisers in the vicinity, mines in the harbor, lookout cruisers and scout boats patrolling the shores and constant communication with observers at the southernmost border of Canada are considered ample protection by the Victorians against any attack by the Germans. "All the valuables of the seacoast towns in Canada have been sent to interior points for safe-keeping and the residents are keeping their households in such a condition that evacuation could be accomplished in a short time if necessary. Every able-bodied man in the province is passing all his spare time at the excellently-equipped rifle range, learning to use the army gun. "The women of Victoria are active in preparing clothing for soldiers on the Continent. Women on streetscars and at afternoon teas can be seen with knitting needles in hand."

### RAY BUNCH SENTENCED

ASSAILANT OF FRANK KUHN GOES TO PRISON FOR LIFE.

Battered and Bruised Witness Tells Story of Attack and Robbery. Ferguson Yet in Jail.

ROSEBURG, Or., Nov. 18.—(Special.)—This is without doubt the most cold-blooded case that ever has come to my attention, said Judge Hamilton this afternoon when he sentenced Ray Bunch, confessed assailant of Frank Kuhn, of Leon Lake, to life imprisonment in the state penitentiary. The prisoner appeared unmoved by the sentence and retired from the courtroom quietly in the custody of the officers.

Prior to passing sentence District Attorney Brown interrogated Mr. Kuhn at the request of Judge Hamilton. He recited in detail the circumstances connected with the assault and subsequent robbery. Mr. Kuhn's face and head are terribly bruised and it was with difficulty that he reached Roseburg.

Bunch, together with six other prisoners, all convicted by District Attorney Brown during this term of court will be taken to the penitentiary tomorrow. James Ferguson, who is in jail here charged with receiving \$400 of the money taken from the Kuhn home, from Ray Bunch, will be held pending developments. Ferguson was employed as guard over Bunch at Gardiner. John Hanke, of Clatsop, charged with selling liquor to a minor, was fined \$50 and his license was revoked. J. C. Hamilton, charged with forgery, was sentenced to a term of from two to 30 years in the penitentiary, while James Kenney, held on an immoral charge, was sentenced to a term of from one to five years. Court adjourned late today.

### PUPILS SEW FOR NEEDY

EUGENE HIGH SCHOOL STUDENTS TO AID BELGIUM.

Scholars Plan to Save Movie Money and Consume to Buy Goods for 150 Dresses and Other Garb.

EUGENE, Or., Nov. 17.—(Special.)—One hundred and fifty girls are sewing and underclothing for the suffering Belgians are being made by the students of the Eugene High School, who, this morning, on their own initiative, turned the weekly assembly hour into a discussion of methods for aiding those in the war zone. The students resolved to give up one moving picture show or one carfare and spend the money for the purchase of outing flannels with which the garments are to be made. Nearly 400 yards of material will be purchased.

Miss Carrie Pym, instructor in domestic arts, will direct the sewing of the garments. The girls will be allowed to sew certain times in school hours, and sewing classes after school will be held. It is proposed to raise from \$25 to \$50 for materials and from 100 to 150 garments will be made.

The work is similar to that being carried on all over the city by the church and club women banded as the Christmas War Relief Association. Tomorrow morning every student in the high school expects to bring five cents as his share of the cost of the material. "It's only half the price of one 'movie' or one carfare," declared one of the student orators.

O'Brien is said to have assumed the role of a swamper after entering the saloon, and saloon patrons who say they saw him rob the cash registers and put the money in his pockets notified the police. O'Brien had been working on railroad construction work north of Coos Bay.

### PATENTS TO LAND ASKED

State Land Board Ignores Protest of Engineer as to Project.

SALEM, Or., Nov. 18.—(Special.)—Over the protest of State Engineer Lewis, the State Desert Land Board today decided to ask the United States Government to patent to settlers about 11,000 acres of land in the Central Oregon Canal district of the Central Oregon irrigation project. Mr. Lewis declined to approve the plan because, he said, the company could not deliver as much water as its contract provided.

A petition signed by numerous settlers asked that the request be made. The contract provides that 1.8 acre feet of water be delivered every 90 days, and Mr. Lewis said because of seepage not nearly that much could be delivered. It was, however, declared that enough water to grow ordinary agricultural crops could be delivered and the other members of the Board thought the settlers had the right to title to the land.

The Circuit Court adjourned today until Monday, when Judge Calkins, of Medford, will arrive in Roseburg to try a number of actions in which Judge Hamilton is disqualified to preside.

Attorneys for the saloon men asked for 30 days in which to file the new complaint, but it is doubtful if further action will be taken.

Dallas voted dry at the recent election by a majority of 129, under the local option laws. Though several errors and irregularities in the election were pointed out in the complaint of the saloon men conducting the election, Judge Holmes held them to be immaterial.

# Factory Clothing Sale

In my two Portland Stores I will give the pick and choice, without reserve, of any Suit or Overcoat for only

**Reason for the Sale:**  
About a year ago we started here in Portland at great expense a clothing factory in which we have been turning out a large amount of Suits, Overcoats and Pants. We figured that we could use about one-half our output in our own retail stores, the balance we endeavored to sell at wholesale to other merchants. An extremely dull season has made it impossible for us to sell anywhere near the amount of goods we could manufacture and the result has been to pile up clothing until we now have fully \$100,000 more goods on hand than we should have at this time of the year.
