of us in a block especially designed for bungalows in **Laurelhurst**, which is wonderfully located, both as to contour of ground and in respect to its proximity to beautiful **Laurelhurst Park**, which we are sub-dividing into charming locations for real, typical California Bungalows only. During the past three months we have spent a great deal of time and money in securing designs and plans of some of the most artistic and attractive bungalows in Pasadena and Southern California, and have secured the services of one of the best landscape gardeners in the city to sub-divide this block, laying out beautiful lawns, shrubbery, dainty little garages, and a 20-foot drive with little parks and circles running through the center of the entire block, making the rear of the lots as sightly as the front.
