### PAYMENT DUE TODAY

Every Resident of Oregon Contributes to War Tax.

### COLLECTOR BUSY ALREADY

Green and Pink Stamps Obtainable Only at Internal Revenue Office—All Legal Documents Assessed by Law.

Oregon begins this morning to pay its share of the war tax. No resident of the state is too humble to escape his just share of the assessment.

Beginning with the bankers and ending with the street urchin who spends a penny for chewing gum, every individual in the state is contributing a part to make up the \$100,000,000 deficit that the Government is facing on account of the sudden decrease of imports due to the European war.

That is the official explanation of the war tax—decrease in imports. Political opponents of the present Administration declare it is due to reduction in the tariff coupled with Democratic extravagance.

The office of Milton A. Muller, Collector of Internal Revenue, is being flooded with cash and checks in exchange for little green or pink stamps that attest the fact that their owners have paid the war tax. Mr. Muller is in charge of tax collections in Oregon. It is the duty of him and his deputies to see that no person in the state escapes.

**Banks Pay Quickly.** Banks will be required to pay \$1 for every \$1000 of capital, surplus and undivided profit used in their business during the fiscal year ended June 30, 1914. Almost all the banks in Oregon already have made their returns.

Similar certificates are issued to pool and billiard hall and bowling alley proprietors, who pay \$5 a year for every table or alley.

Dealers in tobacco whose annual sales for cigars, cigarettes, snuff and tobacco exceed \$200 must pay \$4.80 a year.

It is probable that a large number of tobacco stands operated in connection with barber shops, saloons and grocery stores will escape the tax on the plea that their annual receipts are less than \$200.

Cigar manufacturers must pay at the following rates: If annual sales are not over 100,000 cigars, \$3; if annual sales are between 100,000 and 200,000 cigars, \$6; if annual sales are from 200,000 to 400,000, \$12; if annual sales are from 400,000 to 1,000,000, \$20. As the annual sales are computed for the fiscal year ended June 30, proportionate taxes are charged for the period beginning November 1 and ending next June 30. Tobacco manufacturers pay \$6 for every 100,000 pounds of tobacco manufactured.

**Gum Tax is 4 Cents.** The new law prescribes a tax of 4 cents for every \$1 box of chewing gum sold. The Portland office of the internal revenue department, not having a supply of 4-cent proprietary stamps, combinations of stamps of other denominations will be used. Another place where the tax hits

the ordinary mortal is at the moving picture theaters. Theaters that seat fewer than 250 persons will pay \$25 a year; from 250 to 500 the charge is \$50; from 500 to 800, it is \$75 and above 800 it is \$100.

**Liquor Also Taxed.** The rate on all still wines is 2 cents a quart; on champagne, 20 cents a quart; on other sparkling and artificially carbonated wines, 20 cents a quart; on cordials and similar compounds, 5 cents a quart. A tax of 50 cents a barrel has been placed against beer.

All kinds of legal documents are subject to the new tax. Nearly all classes of documents and legal papers excepting bank checks are in this class. Following are the principal documents subject to the tax: Bonds, debentures, or certificates of indebtedness of any association, company, or corporation, on each \$100 of face value or fraction thereof, ..... \$ .05 On each original issue of certificate of stock, whether an organization or reorganization, on each \$100 of face value or fraction thereof, ..... \$ .05 On all sales, agreements to sell, memoranda of sale, delivery, or transfers of shares, or certificates of stock issued by associations or corporations, on each \$100 of face value or fraction thereof, ..... \$ .02

Entry of goods, wares, or merchandise in custom-house, not exceeding \$100 in value, ..... \$ .25 Exceeding \$100 and not exceeding \$500, ..... \$ .50 Exceeding \$500 in value, ..... \$ 1.00 Entry for withdrawal of goods or merchandise from customs bonded warehouse, ..... \$ .50

**Trains Berths in List.** Persons buying sleeping-car tickets or parlor-car seats will contribute 1 cent each. Tickets to foreign places costing \$10 or less are exempt, but tickets costing from \$10 to \$50 will pay an extra charge of \$1; from \$50 to \$60 the charge is \$3, and above \$60 it will be \$5. The purchaser, in every instance, will be compelled to bear these charges.

Powers of attorney for voting at an election of officers of an incorporated company will cost 10 cents, and power of attorney to sell real estate will cost 25 cents. A charge of 1 cent will be made on every long-distance telephone or telegraph message.

All premiums on insurance policies must pay at the rate of one-half cent for every \$1, but the law does not prescribe whether this shall be paid by the company issuing the policy, the agent or the policyholder.

Life, health and accident insurance

and co-operative or mutual fire insurance are not subject to the tax. Bills of lading issued by railroad or express companies must bear a 1-cent stamp, paid for and attached by either shipper or the consignee. A charge of 50 cents is made on every \$500 of face value represented in a real estate deed or conveyance.

**Brokers Must Pay.** Pawnbrokers must pay \$50 per annum; commercial brokers, \$20; custom-house brokers, \$10; financial brokers who have not paid as bankers, \$30; commission merchants who have not paid as commercial brokers, \$20.

No war tax stamps will be carried by the Portland Postoffice. Portland residents are required to obtain their stamps from the internal revenue office in the Custom-House building.

**CUPID'S CHARGE INCREASED** Marriage Licenses Now to Cost 30 Cents More.

Weddings will cost more as a result of the war tax that goes into effect today. No less than three separate war tax stamps of 10 cents each must be affixed to the various documents re-

### WETS ENJOIN STATE

Governor Lister, of Washington, Served With Writ.

### DRY ACT STYLED ILLEGAL

Wholesale Liquor Dealers in Seattle Plaintiffs in Action to Halt Issue of Prohibition Edict. Argument Up Today.

OLYMPIA, Wash., Nov. 30.—The first attack on the state-wide prohibition law adopted by the voters of Washington at the recent election was begun tonight, when counsel for M. and K. Gottleib, wholesale liquor dealers of Seattle, appeared at a night session of the Thurston County Superior Court and obtained a temporary writ of prohibition restraining the Governor from proclaiming the bill as a law.

The writ was made returnable tomorrow afternoon. Besides seeking to prevent Governor Lister from proclaiming the law, the petition also seeks to restrain Secretary Howell from announcing the result of the Prohibition vote cast November 2. When the case comes up tomorrow arguments will be heard on the question of making the writ of prohibition permanent. Counsel for the petitioners announced that in case the court decided against them they will ask for a writ showing they have protected their legal rights so they can proceed with further litigation.

The petition filed tonight attacks not only the prohibition law, but also the initiative amendment to the State Constitution, under which prohibition was submitted to the voters. It is alleged that the initiative amendment, which was adopted in 1912, is invalid because it was improperly submitted, not having been inscribed in the Senate journal and not having been published in every county in the state the required number of days before the 1912 election. The validity of the amendment as affected by the failure of the Senate clerks to enter it in the journal has already been decided favorably to the amendment by the State Supreme Court, but the question of legal publication prior to the election has not been passed on.

The prohibition law itself is attacked on general constitutional grounds as a violation of personal liberty and property rights and interference with interstate commerce and also on the ground that it was improperly submitted.

In this connection the petitioners allege that the law is illegal because the so-called "pink pamphlet," published by the state to inform the voters concerning the initiative proposition, was not mailed to every registered voter within the time fixed by law.

### LIBRARY LEVY ADOPTED

Advisory Committee Favors .45-Mill Assessment.

The advisory county budget committee last night decided to recommend that a levy of 45-100 of a mill be levied for the County Public Library. The tax on deeds is 50 cents for every \$500 of the value of the property involved.

\$341,000, producing \$167,500. However, the assessed valuation this year for 1913 taxes is \$25,000,000, if approved by the Commissioners, and the levy will produce \$150,750.

The only other recommendation was that one of the two Alhambra ferries be discontinued. Commissioner Lightner, who participated in the meetings' discussions, agreed that this should be done.

There was much discussion of the levy necessary for the Columbia River Highway, but no definite action was taken.

It was the consensus of committee opinion that the tax levy for the highway should not be more than sufficient to finish the grading, making a road suitable for travel in the Summer months, and leaving the question of whether or not the highway shall be hard surfaced to a bond issue to be submitted to the people.

Commissioner-elect Holbrook gave his estimate of the amount of money needed for roads in Multnomah County, both for new roads and maintenance of

present roads, aside from the Columbia River Highway, at \$25,000.

Mr. Holbrook suggested that the highway, pending a bond issue for hard surfacing, should be finished in asphalt macadam, which, he said, would be durable until such time as the road can be hard surfaced.

Roadmaster Yeon disagreed with this view, saying that he believed the highway should simply be graded and prepared for hard surface pending the passage of the bond issue.

The committee adjourned until Thursday night, when it expects to get all its recommendations in tentative form to be approved at another meeting.

**Hearing Granted Cohen.** TACOMA, Wash., Nov. 30.—(Special.)—Max G. Cohen, former Portland attorney, sent to the McNeil Island penitentiary for subornation of perjury, will be granted a hearing in the Federal Court December 7.

An order to that effect was issued yesterday by Federal Judge Cushman in connection with Cohen's application for a writ of habeas corpus.

## Catarrh Hurts More Than is Realized

For Weak, Watery Eyes, to Cure Deafness, Sore Throat, Lame Kidneys, Weak Chest—Here's the Remedy.

**Let It Come! The Red Blooded S. S. S. Man Defies the Weather.** A host of people have been completely cured of Catarrh by the famous blood purifier S. S. S. There's another host today, fusing with their salves, gargles and acids who haven't waked up to the fact that Catarrh comes from impure blood. To begin with S. S. S. clears the stomach of those accumulations that cause gastritis and Catarrh of the intestines, causing a constant dribbling of the lungs. Pure blood is thus supplied to the entire body. It requires pure blood to get the weakness out of the eyes; pure blood must be supplied to the delicate machinery of the ears, the throat, the kidneys and all other parts of the body, all of which are made up of a myriad of tiny cells all surrounded by a net work of small blood vessels. It is in these cells and these interstices of blood vessels that S. S. S. does its work. The entire blood supply is thus inoculated with the medicinal effect of S. S. S. Thus instead of the abnormal secretions of mucus spreading their inflammatory influence into the kidneys, the lungs, the throat and bronchial tubes, watering the eyes, plugging the ears and causing a constant dribbling at the nose, the membranes soon become clear and moistened with healthy lubricants. It has been fully demonstrated that in S. S. S. there is one ingredient which serves the active purpose of stimulating each cellular part of the body to select from the blood its own required nutriment. And this activity includes the membranes and the structural tissues of the body. You will soon realize its wonderful influence by the absence of frontal headaches, a decided clearing of the air passages, the disappearance of thick mucus of mucus in the nose and throat and a complete sense of bodily relief that proves how Catarrh often affects the entire system. Get a bottle of S. S. S. today at any drug store. Be careful that you are not talked into something else. Insist that S. S. S. is what you want. For a book on Catarrh or any other blood trouble write to The Swift Specific Co., 275 Swift Bldg., Atlanta, Ga., and if you would like a beautiful calendar to hang in your home fill out the coupon below.

PORTLAND GETS READY TO PAY WAR TAX WHICH GOES INTO EFFECT TODAY.

### Buying War Stamps at Custom House

On each sale, agreement to sell, or agreement of sale of any products or merchandise at any exchange or board of trade, or other similar place, either for present or future delivery, for each \$100 in value of said sale, ..... \$ .01 Promissory notes, and for each renewal, a sum not exceeding \$100, ..... \$ .02 Bonds, except those required in legal proceedings by port wardens or marine surveyors, ..... \$ .50 Certificates of profits or certificates of memoranda showing interest in the property, or accumulations of any association, company, or corporation, and all transfers thereof, on each \$100 of face value or fraction thereof, ..... \$ .02 Certificate of damage or otherwise issued by port wardens or marine surveyors, ..... \$ .25 Certificates of any description required by law, not otherwise specified, ..... \$ .10 Contract, Broker's note, or memorandum of sale of goods, or merchandise, stocks, bonds, exchange, notes of hand, real estate, or property of any kind, issued by brokers, etc., for each note or memorandum of sale not otherwise provided for in act, ..... \$ .10

quired of the prospective bridegroom. The tax of 10 cents each for "all certificates not otherwise specified" includes marriage licenses. The certificates required are the physician's statement as to the physical fitness of the bridegroom, the certificates of marriage given the newlyweds and the return of marriage that is sent to the County Clerk's office by the officiating clergyman or judicial officer who actually ties the knot. These certificates will not be accepted by County Clerk Coffey's deputies who issue marriage licenses, beginning today, unless they bear the required war tax stamp. There was a rush to County Clerk Coffey's office yesterday by persons eager to file deeds and other instruments before the war tax went into effect. At closing time 367 instruments had been filed, more than 200 being deeds. This is about twice as many as are filed on any other day. The tax on deeds is 50 cents for every \$500 of the value of the property involved.
