**Cold Feet.**  
Article No. II.

Cold feet are common among old people who actually have poor circulation because of lowered vitality, lack of exercise and possibly degeneration of the blood vessels and the case in arterio-sclerosis. In this case, sufficient blood does not pass through the heart and lack of tone in the blood vessels cause cold feet.

This season of the year a very common cause of cold is the improper clothing of the feet and irrational clothing. Low shoes, thin soles, gauze-like stockings, tight shoes and garters make for cold feet. It is impossible to have warm feet on cold days and wear tight shoes, thin soles and tight stockings. It must be remembered that the feet are far from the heart, and hence more care needs to be given to their protection during cold weather. All tight or impedes the circulation. Even heavy woolen stockings will not keep the feet warm sentials to having warm feet in cold weather is having the stocking and shoe loose. There should be a layer of air between the skin and the stocking, and also between the stocking and the shoe. Thin soles bring the feet in

## SHE FOUND CREDIT TERMS AT CHERRY'S ON "MILITARY" SUITS

She was all tired out and cross! She'd been training all over the city in a fruitless search for a good tailor to make her one of those new "Military" suits—or a dressmaker experienced in designing Redingote dresses and baques and the modish combination dresses.

But the prices were all so high—and then the things she saw didn't just suit her, either. So Eloise dropped in at Jeanne's apartment for lunch to tell her troubles. "Sybil has a military suit that I simply adore, Jeanne, but I can't afford to pay what I know hers cost."

"Eloise, you can, too! Sybil bought that stunning fur trimmed suit ON CREDIT. I've planned to visit CHERRY'S myself this afternoon and I'll take you along."

So they went, and Eloise bought a beautiful Russian green "Military" suit, ON INSTALLMENT TERMS OF A FEW DOLLARS A WEEK. CHERRY'S have them in all shades.

Their address is 389-391 Washington street, in the Pittock block.—Adv.

## NEW HOSPITAL IS URGED

GRAND JURY DECLARES COUNTY ACCOMMODATIONS INADEQUATE.

Several Indictments Returned, Including Second Degree Murder Against Fred Tronson.

Members of the grand jury recommended the immediate construction of a new county hospital to meet the requirements made upon the institution in a report submitted yesterday. It was declared that the present establishment is inadequate to care for those who should receive treatment there. It is said ventilation is bad and danger from fire is great; also that the present building has outlived its usefulness.

The report says there is great need for a new hospital and it is urged that steps be taken at once to construct a large and modern plant. The report declares that the jury was agreeably surprised to find the county, far from being in such good condition and the people quartered there so comfortable. Some who should be at the County Hospital are held there, it is said, because of lack of hospital accommodations.

The grand jury yesterday returned an indictment charging Fred Tronson with murder in the second degree for the killing of Emma Ulrich on November 16. Frank Morgan was indicted on the charge of furnishing opium to an inmate of the County Jail. He is charged he attempted to smuggle the drug to Lena Smith by enclosing opium pellets in walnut shells that were glued together. N. T. Pullos was indicted for immorality. Two secret indictments were returned which will not be announced until the men accused are under arrest.

Woman Fifty Years Old—Coughed More or Less Since Childhood—Found No Relief Until She Got Vinol.

Dayton, Ohio.—"I want everybody to know what Vinol has done for me. I am now 50 years old and ever since I was a young girl I have had a cough most of the time, and sick headaches which kept me weak and with no desire for food."

I felt so much better after taking one bottle I bought more. Now my cough is entirely cured. I have no more sick headaches. I have a good appetite and feel better than I ever did in my life, and I cannot recommend Vinol too highly."—Mrs. J. C. Schneider, Dayton, Ohio.

We ask every man, woman in this vicinity suffering from chronic coughs, colds or bronchitis, and every weak, run-down person to try Vinol.
