to this Test

A severe test for any shortening is its use in hot bread. Make some Crisco biscuit; they are delicate-in looks, odor and taste. They are light and daintily brown. Break one open and you will be delighted with the appetizing aroma, free from any suggestion of lard. They are just as wholesome and digestible as their delicacy promises.

You will find equally as attractive points about Crisco in other branches of cooking. For instance, you can fry without smoke and odor. You can use the same Crisco for frying all manner of foods and all will have a new wholesomeness.

You can make a light rich cake with Crisco which will keep fresh and moist longer.

You will obtain delicious, digestible and economical foods by knowing Crisco better.

Below is a good biscuit recipe, or you may use your own favorite recipe by using from 1/5 to 1/4 less Crisco than you would of lard. Note how Crisco stands the test.

Baking Powder Biscuits

2 cupfuls flour 2 teaspoonfuls (Level measurements)

Sift together the dry ingredients. Mix thoroughly with the Crisco, using a knife or spoon, and add gradually the milk, mixing with a knife to a soft dough. Toss on floured board, pat and roll to one-half inch in thickness. Shape with a biscuit cutter, place on a floured tin and bake in a hot oven 12 or 15 minutes.

Mrs. Eddy Had Only Three in Family, Yet Was So Nervous and Worn Out Could Not Do the Work.

Fair Haven, Vt.—'I was so nervous and run-down that some days I could not do my housework for my family of three. My nerves were very weak and I had pains around my heart. I had doctored for about two years without help. One day a Vinol booklet was left at our door and I decided to try it, and thanks to Vinol, my health has been restored, so I can do my work once more.

"I have told my neighbors about Vinol and shall always praise it for what it has done for me."—Mrs. James H. Eddy, Fair Haven, Vt.
What Vinol, our delicious cod liver and iron tonic without oil, did for Mrs. Eddy it will do for every nervous, weak rim-down man or woman in this

How to Rid the Skin of Objectionable Hairs

(Aids to Beauty.)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.—Adv. delatone.-Adv.
