Appeal to Arms Made to Rid Country of Yuan Shi Kai, Called Dictator.

BIG LOAN IS DENOUNCED

Orientals in Portland Expect Leader of Movement Tonight and Plan Celebration for Him-Ruler Branded "Another Huerta."

China soon is to have another revo-lution, according to present local indi-cations, and the followerse of Dr. Sun Yat Sen will be the leaders and promi-nent Chinese in Portland and other parts of the United States will be among its organizers and supporters.

parts of the United States will be among its organizers and supporters.

It is predicted by Portland Chinese that this new revolution will be the most systematically, adroitiy and secretively engineered revolution in the history of the world, and that Yuan Shi Kai, president of the Chinese republic, will be overthrown and Dr. Sun Yat Sen elevated to his place.

Two of the most prominent leaders in the Chinese Nationalist League, which is said to be behind this new movement, will be in Portland tonight. They are Dr. S. Y. Fung, ex-secretary to Sun Yat Sen, T. C. Koe, ex-Commissioner of Commerce. They have been making an extended tour of the country. Elaborate preparations are being made by local Chinese to give them a memorable reception. A committee composed of the foremost Chinese merchants and a number of prominent Americans will meet the party at the Union depot this afternoon at 3:30 o'clock. Quarters have been engaged for them at the Portland Hotel. A dinner has been arranged in their honor for Sociolek. has been arranged in their honor 6 o'clock.

Protest on Loan Sent to Wilson.
So certain are the Chinese of Portland that the supposed mission of Dr.
Fung and Mr. Koe will be successful that they have telegraphed to President Wilson protesting against the proposed loan of \$10,000,000 by the banking house of J. P. Morgan & Co. to the present Chinese government. Similar messages were sent to the President by Chinese in other parts of the country. Like appeals were sent to the Morgan banking-house.

The following telegram was sent by the league to the Morgan banking-house: Protest on Loan Sent to Wilson

We will not recommend the loan of

any money to Yuan Shi Kai," and is signed by Lee Quin, president of the local society.

Similar telegrams have gone to Morgan & Co. from more than 100 branch leagues, Chinese student bodies and other organizations throughout the

It has been represented to the Chlnese of Portland that financiers are seriously considering the proposed loan, but that they are desirous of learning the sentiments of Chinese residents of

It is reported, on what appears to be good authority that concessions to some of the most valuable of China's natural resources have been offered by Yuan Shi Kai as an inducement for the speedy consummation of the lcan. Among these are a number of hitherto untouched mines properties and oil untouched mining properties and oil

President Called Dictator. The reasons given by the foremost representatives of the progressive Chinese in America for opposing any loan of money by this country to President Yuan Shi Kai is that he is not a real President, but an absolute dictator, us.

Description but an absolute dictator, us.

Dr. Fung Has Thrilling Career.

Dr. Fung, who comes to Portland tonight, is said to be one of the leaders of the party that is trying to overthrow Yuan. He is only 27 years of accomplishment for one of his years. He has been editor of a number of newspapers and magazines printed in the Chinese language, is president of the Chinese Free Masons in the United States and vice-president of the Chinese Free Masons in the United States and vice-president of the Chinese Nationalist League. He probably will be elected president of the latter organization at the annual meeting on December 25.

He was born in Hongkong and was graduated from the University of Toklo and from Open Agents (Park 1997). He was born the University of Toklo and from Open Agents (Park 1997). The petition of lotowners who ask to be made defendants declares 1648 lots of the gross sale price of \$890,336 have been sold and that \$573,020 has been fully paid.

graduated from the University of Tokio and from Queens College, Hongkong. He became chief historian and chancellor of the exechequer un-der Yuan Shi-Kai and later was elected

Governor of the Province of Canton. He was imprisoned in Pekin when the was imprisoned in Pekin when the Nationalist Assembly was dissolved by President Yuan. About 50 of his fellows were beheaded. He escaped to his home in Hongkong. Later he was jailed in Hongkong on the complaint of Yuan but proved that he was a British subject and was released after two days. He has been appointed by the Chinese Nationalist League, which has headquarters in San Francisco, to travel over the United States and explain the true condition of affairs in China to the people of this country and to Chinese residents of America.

Ex-War Secretary in Washington.
General Wong Hing, who was Secretary of War under President Sun Yat Sen, and, The Yim Bark, who was a member of first Chinese National Assembly, forcibly dissolved by Yuan Shit Kai, are now in Washington, D. C., for a conference with President Wilson regarding the efforts being made by representatives of Yuan Sai Kai to negotiate the \$16,000,000 loan.

Their object is to explain the true stuation in China at the present time, and to endeavor to block the making of this loan.

Both General Wong Hing and Tze the Nationalist Assembly was dissolved

of this loan.

Both General Wong Hing and Tze

ing Wednesday awarded the general contract for the construction of the new addition to the Richmond school to James S. Winters for \$49,097, the piumbing contract to Eugene Ruedy for \$2175 and the heating and ventilating work to G. E. Weaverson for \$4495. In each instance excepting the latter, the each instance excepting the latter, the awards were given to the lowest bid-

awards were given to the lowest bidder.

The W. G. McPherson Company offered to do the heating and ventilating work for \$4400, but would not guarantee its work unless the Board afreed to install an extra motor. Since this extra equipment would have brought the cost of the system above \$5000 the Board interpreted the Weaverson bid as lower.

The heating and ventilating contract for the new Shattuck school was awarded to the Alaska Plumbing Company for \$24,400, the lowest bid for the work.

They also say that Yuan Shi Kai never was elected by the will of the people, but by force of arms and a lavish expenditure of money, and that, since assuming his office, he has violated the constitution of the republic in every way. It is predicted freely that within three months he either will be ousted or assassinated and Dr. Sun Yat Sen elected in his place.

"This loan," said a Portland Chinese resident yesterday, "ostensibly is to be used for building roads and other important public improvements, but actually it will go, our organization believes, toward paying the soldiers, among whom there is much dissatisfaction and frequent mutterings because of the # non-payment of their long over-due salaries."
