Title to ex-Sacramento Players Is Held by League Alone, Says Its Chief.

### SALT LAKE IS PROTECTED

Suit Would Cost Club Nothing and ex-Owners' Case Involving Men Would Be Laughed Out of Court, Is Assertion.

SAN FRANCISCO, Dec. 24 .- (Special.)—That everything is set for Salt Lake to step into full partnership with the Coast League is the word brought by President Alian T. Baum, who returned tonight from the Utah city. Henry Berry, owner of the Scala, who made the trip to the new baseball center with the league executive, went directly to Los Angeles, where he will

rectly to Los Angeles, where he will visit his family during the holidays. President Baum said that there is no occasion for the Salt Lake people or any member of the Coast League to worry in the slightest degree over the story that Harry Wolverton and Lloyd Jacobs are bent on claiming title to the ballplayers who have been under reserve to the Sacramento club,

Before he left Salt Lake, Baum as-sured the backers of that club that if there should be a legal battle it will be fought by the league and not passed up to the team. He insists that Wolver-ton and Jacobs haven't a leg to stand on and says that if the case ever comes to a test it will be laughed out of the

"Wolverton knows," said President Baum, "and he knows that we know as well, that he hasn't a chance to secure possession of these players. There have been decisions hundreds of times on this one point, that when a franchise is forfeited the players revert to the league or the club which is to

be substituted "The rules of baseball and the consti tution provide that when a club fails

to live up to its contractural obliga-tions and the league fulfils these obli-gations, all right and title to the play-ers revert to the league. Since the Sacramento franchise was declared for-feited, the title of these players has been vested in the Pacific Coast League and no other body."

and no other body."

President Baum said a stock company is to be formed at Salt Lake shortly after the first of the year, at which time officers will be named and a manager chosen. Cliff Blankenship is decidedly nonviler in Salt Lake and there cidedly popular in Salt Lake and there is every reason to believe that he will have the running of the club.

Raising \$50,000 Is Planned. The Salt Lake people are to pay the Coast League \$15,000 for the franchise and expect to raise something like \$50,-000 to build a park and finance the club. It is further agreed that Salt Lake will guarantee each visiting club \$2000 every week and in return will obtain the same guarantee around the

It is doubtful whether a ball park can be built in time for the opening game. If not, the old park can be used. Both Baum and Berry Inspected the old grounds and say they will do until the new quarters can be provided.

"The old grounds are far better than you would imagine," explained President Baum. "Here in the Coast League we are spoiled, as our parks are ex-

to Play Only League Match. The only match of the Portland Soc-cer Football Association scheduled for today will be played between the Multnomah Club eleven and the Beavers, on the Multnomah Field, starting at 10:45 o'clock this morning. This will be the first meeting of the two aggregations, although the Beavers are charged with one defeat and the Multnomah Club has two setbacks in as many starts Both squads seem, evenly matched and each has been obtaining the serv-ices of some of the best high school talent in the city. Lowell Paget, one of the best fullbacks in the interscholastic league, is doing valiant duty for Manager John D. Dwyer and his Multnomah Club representatives.

Manager Foster will pick his Beav ers from Captain Pasquill, Mansley, Young, Haefling, West, Rennie, Gra-ham, Caughy, Stevenson, Jones, James, Baron and Cables. The board of control, composed of Robert Kohn, James H, Bach, A. H. (Bert) Allen. Ed Morris, Brother Fabian and L. A. Spangler, has made the following regulations:

He busted the next ball for a home run and tied the score. We lost in the eleventh and our streak was broken, the spirit was changed and we lost in the pennant. I believe we would have won except for that defeat. If we ever had got into the world's series that year we would have won that."
