We wish to thank our friends for their Mr. and Mrs. L. T. Littlepare.

BUDGET IS BACKED

_ease of Harriman Bridge Upper Deck Recommended.

MUCKRAKER HISSED DOWN

Meeting Harmonious and Both Is sues Brought to Ballot Are Carried by Acclamation - Fair-Play Advocates Applauded.

Unanimous approval of the tentative ounty budget drawn by the citizens advisory committee and amended by the County Commissioners was voiced at the public taxpayers' meeting in the Courthouse yesterday morning. Rec-ommendation also was made by unani-mous vote that the Harriman bridge be leased on the best terms obtain-able. The budget calls for a total of \$1,046,984.05, of which \$820,259.05 must be raised by taxation.

31,048,384.03, of which \$520,253.05 must be raised by taxation.

The only question on which any dis-cussion arose in yesterday's meeting was the inclusion in the budget of \$150,000 assigned to bridges and ferries. Of this amount \$52,000 was for the pro-posed lease of the Harriman bridge by the county, \$62,500 for the payment of interest on the Interstate bridge of interest on the Interstate bridge bonds, \$12,000 for repairs to the Van-couver trestle, and \$23,500 for repair-ing bridges and ferries and for un-foreseen contingencies in that depart-

The advisory committee had not in-The advisory committee had not included this \$150,000 in the budget it submitted to the Commissioners on December 5. Joseph N. Teal, of the committee, speaking at the meeting yesterday, indorsed the inclusion of this amount in the budget, and on behalf of the committee recommended that the taxpayers, of whom nearly 100 were present, adopt the budget as amended.

Bridge Status Explained.

Bridge Status Explained.

In order to find the general sentitement on the subject of the proposed leasing of the Harriman bridge, Mr. Teal moved "that it be the sense of the meeting that the County Board lease this bridge for the county" on the best terms that can be obtained from the railroad.

So that those present might theroughly understand the reason for including \$52,000 in the budget for the proposed lease, and be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question" which costs only 2 can be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question" which costs only 2 can be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question" which costs only 2 can be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question" which costs only 2 can be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question" which costs only 2 can be advised as to the events leading up to it, District Attorney Evans read the communications from the City Council on the subject "Leaving out the question in the proposed lease, and tiffues." INSURANCE PLAY MAY GO Newly-Adopted System Causes Companies to Withdraw Policies.

Confusion from the new blanket fire insurance plan, adopted by the City Council some time ago, has caused a number of fire insurance companies to withdraw from participating in the insurance on city property. As a result of the trouble experienced the city may go back to the old system of insuring with one or two companies.

Under the new plan, all city property is grouped and a blanket insurance policy written to cover all. One hundred and eighteen companies have taken a part of the policy. The total insurance is \$389,500, which gives each company about \$3225 of the policy.

It is said that in case of a fire in which the damage was a few thousand dollars each of the 118 companies would have to pay a proportionate part of the damage. In such a case, the 118 policaling the companies would have to pay a proportionate part of the damage. In such a case, the 118 policaling the companies would have to pay a proportionate part of the

damage. In such a case, the 118 poli-cies would have to be rewritten. The
