"As one of the heaviest taxpayers of this state and a member of long service in this body." Hutchinson demanded, "I desire to know why I have been dropped from my old place on the appropriations committee."

"The presiding officer does not wish to put himself above the Senate," Lieutenant-Governor Hart responded, "but he has no apologies to make for this or any other assignment. If a majority of the Senate wishes this changed, you can have the place."

Speaker Conner did not announce his committees today and it is reported that practically a complete revision of committees is being made, forced by Representative Sims, of Jefferson County. The revised committees, it is understood give better treatment to Democrats, Progressives and Republicans, who failed to sign pledges of their votes for Conner for Speaker, and who were left in the cold under the first arrangement.
