ROSE CLUB TO ORGANIZE—At the meeting tonight in the East Side Library, East Eleventh and East Alder streets, the organization of the Portland Rose Society will be completed by election of officers and appointment of committees. A lecture on "Rose Culture" will be given by the Portland Rose Society, which will be illustrated by several stereoscopic views. The preliminary organization of this club was completed at the meeting of the East Side Business Men's Club, by adoption of a constitution, but the officers are to be elected and the committee are to be appointed.

Lower Grades Engaged—A long letter from L. M. Lepper, secretary of the East Side Business Men's Club, entering a strong protest against the payment of more than \$1600 a month rental for the upper deck of the Harrison bridge, was received by the County Commissioners yesterday. "Just call their bluff," said Mr. Lepper in the letter, "and make a toll bridge of it for a year." Resolutions had been passed by the club several days ago protesting against the payment of more than \$1600 a month rental. The board has offered the railroads \$3800 a month for the rental of the bridge.

City Hall Cleaned—There is no further excuse for city employees not complying strictly to the rules regarding neat personal appearance. The last action necessary in the enforcement of the order became tangible yesterday when E. Stewart, a colored man, established a bootblack stand in the City Hall lobby. Stewart has been given his concession in the building free of charge in hope that he will become a permanent part of the city service. The city employees, whose shoes are not always as shiny as they might be, may take the hint.

Barney Metzger Must Plead—A demurrer against the indictment of Barney Metzger by the Federal grand jury was overruled by United States Judge Wolcott yesterday. Metzger will be required to plead to the charge of using the mails for fraudulent purposes. The specific charge is that Metzger mailed pamphlets to girls asking them to take a course of instruction in a school of beauty culture, instead of receiving instruction they were required to prepare hair goods for sale and work for his profit without remuneration.

City Wood Yard to Be Moved—With the completion this week of the cutting of 4000 cords of wood on the property owned by M. J. Kelly, near Beaverton, the Municipal wood camp for the unemployed will be shifted to a tract near the Kelly tract, where several thousand cords of standing timber have been offered by the city. Commissioner Brewster will submit an ordinance to the Council tomorrow, providing for a contract with the owner of the property on which it is proposed to move the woodyard.

Badges for Idle Suggested—Have the city print a large number of badges bearing the words "Unemployed" and "Wanted"; then have a place where these badges can be given out to the worthy unemployed and you have solved the unemployment problem. Writes W. W. Olinger to Mayor Albee. He says there would be a good chance for the unemployed to be found by men with work they could give, if the men wore badges.

Five Employees Drooped—Five employees in the tax collecting department at the Courthouse were dropped from the payroll and charged with having yesterday named three of the five who are to take their place. Daniel T. Sherrett, Harry E. Livingston, William Stever, Willie E. Porter and Samuel Kafka were dropped, and C. J. Richmond, Norman P. Smith and Oliver Groce have been named in their places.

HELL IS DISCUSSED

GRANGER HEARS ROSE TALK—Lena Granger Saturday heard an address by E. B. McFarland, of the Portland Rose Society, on "Rose Culture," which was illustrated. Mr. McFarland told of the scope and purpose of the Portland Rose Society and of the "City Beautiful" movement. It was desired, said the speaker, to interest every resident in rose growing before tourist travel sets in. A large number listened to the address. Talks were made by several others including O. M. Plummer and E. E. Welein. Miss Chapman gave a violin solo and Miss Eva Burdick a reading. Mrs. Maud K. Darnall was in charge as lecturer. The new officers of the Granger assumed their duties at a big dinner served at 12 o'clock.

HELL IS DISCUSSED—Rev. E. J. Bulgin Cites Bible to Show Place Is Real.
FEAR IS TERMED PROOF—Preacher at Union Tabernacle on East Side Declares Attack on Belief Is Devil's Work. Many People Attend.

"Hell is the subject of the sermon of Rev. E. J. Bulgin last night at the Union Tabernacle on East Eleventh and East Morrison streets. Before the discourse Professor Rose conducted a song service presented by an augmented choir. Professor Rose and Mrs. Rose sang several selections.

"The doctrine of hell is compatible with the love of God. God doesn't damn anybody. He made hell for the devil and his angels, but you damn yourselves by refusing to serve God. If you insist on serving the devil you certainly will go to hell."

"There is no middle ground. You are either saved or lost, heaven-born or hell-born. You are either on the way to heaven or to hell. The Bible would say that God does not love his children, for men cannot stay on earth forever and unrepentant sinners cannot enter God's presence. There must be a place for sinful men to go, and that place is hell. God does not threaten men with hell, for he knows it is inevitable. He and he lovingly warns men to flee from it. He provided Calvary as a means of escape from hell."

"What kind of a hell do I believe in? Weeping and wailing and gnashing of teeth, hell fire and damnation, but no shadows, but where is that reality that casts terrible shadows? Jesus Christ used these terms to describe an awful thing. The sinners who hear the evangelist's description, and the same writers under the inspiration of the holy spirit used fire and brimstone, agony and torment in describing hell. Oh, men, I don't want you to go to hell."

FAIR VISIT VALUED HIGHLY—Agent for Southern Pacific in Oregon Loud in Praise of Events.
"The Panama-Pacific Exposition will be worth going around the world to see," said John M. Scott, general passenger agent for the Southern Pacific in Oregon yesterday upon his return from a week's visit at the big fair.

LIMIT LIQUOR USE IS PLEA—Ministers Advise Dry-Law Provision as to Amount Receivable.
That the proposed Oregon dry law contain a provision limiting the amount of liquor one person may receive from another state to two quarts of spirits or one quart of wine, or 12 quarts of beer, in a period of 21 days was the recommendation yesterday morning of the Presbyterian Ministers' Association.

MRS. A. C. SCHROEDER DIES—Wife of Tualatin Physician Passes Away in Portland.
Mrs. Elizabeth Schroeder, wife of Dr. A. C. Schroeder, of Tualatin, died Friday in the St. Vincent's Hospital, and brief funeral services were held at the Portland Crematorium yesterday.

75 OF 228 CASES AT ISSUE—Judge Gastenbier Meets Handicap in Court Long Idle.
When Circuit Judge C. U. Gastenbier opened department 6 on Monday, January 4, he was handicapped by 228 cases which had piled up in that department during the time the court was idle.

POOR HOMELESS OLD SOULS!

You know many of them — men who in their prime made plenty of money, but who spent as freely as they earned. Old age finds them without a home and in a sorry plight. YOU don't expect to be without a home or without means of support when you grow old, do you? Neither did they. But if you will plug the "rent-leak" you can escape their bitter experience.

Here's Your Supreme Opportunity

We will build you a delightful, well-constructed home in LAURELHURST, the Addition of Beautiful Homes, at actual cost price. You can pay us a little down and the balance like rent. You will never again be able to build a home as cheap as at this time. Lumber at cord-wood prices and contractors accepting contracts at wages only means a saving to you of at least \$700.00 on the most inexpensive home. During the next few wonderfully prosperous years your rent money and the money you will save — which would otherwise be foolishly squandered — will pay for your home, and you will never have to face the bitter experience above outlined, but will be able to live in comfort in old age, like these dear old folks, who were wise in their prime.

WON'T YOU let us help you out of the rut you are in? In doing this we will be doing more for you than your own relatives would do. There are many people in LAURELHURST whom we have assisted in this manner, who are now the proud and happy owners of their own homes, costing from \$3000.00 to \$30,000.00 and who are walking advertisements for LAURELHURST. They have never failed. We are proud of them. Ask them about it. In which picture will you be found? You can still "come back." Don't put it off until tomorrow. "Tomorrow" never comes and has been the cause of the Spanish people's decline. Come in TODAY at 270 1/2 Stark Street, and inspect the wonderful assortment of plans of homes we are erecting and pick out your home. We also have a Tract Office in Laurelhurst at E. 39th and Glisan Streets, Tabor 3433, B 1621, which is open daily, Sundays included.
