

CHRISTIAN SCIENCE EXPLAINED TO MANY

Big Audience Hears Clarence C. Eaton at First Church of Christ, Scientist.

NO MYSTERY, HE SAYS

Infinite and Irrevocable Law Is Declared to Provide for Reconstruction in Accordance With Power of Principle.

"There is nothing mysterious or miraculous about the modus operandi of Christian Science healing, since an Infinite and irrevocable law provides for reconstruction, readjustment, restoration, recovery, or redemption, in accordance with the supreme wisdom and power of the principle which established the law."

This statement, made last night by Clarence C. Eaton, C. S. B., of Tacoma, Wash., a member of the Christian Science board of lecturers of the First Church of Christ, Scientist, of Boston, Mass., was part of an address given before a large audience that assembled in First Church of Christ, Scientist, at Nineteenth and Everett streets.

T. O. Hague, in introducing the lecturer, said: "Thousands are constantly asking, 'What is Christian Science, of which we hear?' To answer this query in a satisfactory manner, the Christian Science churches employ authorized lecturers from their established board of lecturers, upon whom the public may depend for wholesome illumination of the teachings of Christian Science as set forth in the Bible and explained by Mary Baker Eddy in 'Science and Health, with Keys to the Scriptures.' These teachings have drawn multitudes of those hungering to know God and His Christ into closer relationship in everyday life with the Creator, the Preserver, the Guide and the divine Healer of mankind."

Material Laws Annulled. Mr. Eaton said, in part: "The practice of Christian Science has demonstrated that the false material laws which by common belief and consent operate through fear, ignorance and superstition to render man dull and void by the higher law of Mind. The individual knowledge of this, and its application, effect the eradication of the material conditions which may be held in thought or externalized on the body."

Prayer Effectual Aid. In pursuing a right course in our work of overcoming the errors and discordant experiences which beset us, we find that prayer is a most effectual aid. True prayer is the inseparable companion of every effort which culminates in the healing of mortalities. To pray aright means, to be intelligent and conscientiously, prayer must be based upon spiritual understanding.

Jesus' Aim One of Rescue. The varied experiences of humanity abundantly prove that turbulent or extreme mental conditions have caused pain and disease in accordance with existing mortal laws. The so-called mortal or material man seems to be the one who is especially subject to these extreme conditions.

CHURCH MEETING IS HELD

Annual Supper to be Superseded by Help for Unfortunate Persons. The annual meeting of the First Congregational Church will be held last night at 7:45 o'clock. Annual reports read by the officers of the church showed progress along all lines of activity. Instead of the regular annual supper, the members met and made pledges to serve others less fortunate than themselves. The treasurer, Thomas Roberts, reported a gain of \$542.39 in subscriptions by the church members for benevolence and expenses over the amount that was raised in 1908. The church was able to meet all obligations this year and a balance was left in the treasury. Reference was made to the Warren memorial fund of \$500, made possible by the munificence of Mrs. F. M. Warren and family, as a memorial to Frank M. Warren, Sr. Reports also showed good investment made of the Moore and endowment funds of the church.

"Here's the Latest Riot! Bob's Resolve to Save Money on His Clothes!"

"He's Going to Buy Them ON CREDIT!"

"For a notorious spendthrift, fellows, that's some resolution!" And I guess it would be mighty healthy for our bank accounts if the rest of us made the same one. It goes against the grain with Bob to wear out-of-date clothes. That's what made him think of CHERRY'S store. "Then he went up to look around and was so impressed with the class of CHERRY'S Suits and Overcoats that it didn't hurt his feelings a bit to give up his tailor. "That INSTALLMENT PAYMENT SYSTEM of CHERRY'S must be great. From what I hear of it, you see, a fellow picks out his duds and pays a little down. Then, while he's wearing them, mind you, he pays just a little every month or every week. "Let's go up to CHERRY'S tonight. They're open Saturday evenings, you know, and I'd like a nifty suit for Sunday. That place is in the Fifth block, 326-331 Wash. St."—Adv.
