Have you noticed the variegated styles and shades of the shoe tops this season? Fashion has taken a new turn and curiously enough the Good Dame is working with the law of

supply and demand.
Cloth shoe tops are a necessity because of a shortage of certain leathers.
So the shoemakers having to use cloth or canvas tops proceeded to vary them with striking individuality.

These new shoe styles are being shown, by the leading stores, as you can see by glancing at the adver-tising columns of The Oregonian.
