

WAR TO GO 'BRYAN'S EAR' IS DISCUSSED

Witness Against Minister Sullivan Says Island Interests Planned Secretly.

"BIG CHIEF" CARED FOR

Appointment of Dominican Bank Attorney as Fiscal Agent for Nicaragua Also Said to Have Been Promised.

NEW YORK, Jan. 19.—Alleged political activity of Representative James A. Hamilton of New Jersey, W. C. Beer of New York, and John G. Gray of Wilmington, Del., in procuring the appointment of James M. Sullivan as minister to the Dominican Republic, were described today at the investigation which is being conducted by Senator-elect Phelan of California into Sullivan's fitness to hold office.

MEN WHO FIGURE PROMINENTLY IN INQUIRY IN FITNESS OF MINISTER SULLIVAN FOR POST IN SANTO DOMINGO.

Left—Senator-Elect Phelan, of California, Who is Conducting the Investigation. Right—W. W. Vick, ex-Receiver-General of Customs in Santo Domingo, Who is Behind the Charges Against Minister Sullivan, and James L. Mann, ex-Receiver-General of Public Works and One of Mr. Vick's Chief Supporting Witnesses.

FILIBUSTER ENTERS SHIP-BUILDING FIGHT

Senator Burton Speaks All Day in Opposition to Administration Measure.

WILSON STILL CONFIDENT

President Thinks Passage Is Probable at This Session of Congress, Despite Obstacles Put Up to Thwart Act.

WASHINGTON, Jan. 19.—Republican opposition to the Government ship purchase bill took on all appearances of an actual filibuster today, with Senator Burton, of Ohio, leading the attack. No progress was made on the measure except that another day of Senator Burton's speech went into the record.

Notwithstanding the determined opposition of the minority and the efforts of the Democrats to perfect the measure, President Wilson seems to-day to be confident that the bill would pass at this session. He told callers he thought it "very probable" that the bill would be passed before March 4, in answering a question.

Caucus Is Postponed.
A third caucus of Senate Democrats on the bill which had been scheduled for tonight was postponed until tomorrow night and the Commerce Commission decided to await further discussion of the measure and to consider all proposed amendments Thursday. Most important of the amendments suggested are those which would add four experts to the proposed shipping board and six some definite measures incorporating the shipping corporation. Senator Burton held the floor in the Senate throughout today's session without once technically taking his seat, and was still speaking when the body recessed until tomorrow. He had piled copies of the Congressional records in his chair, so as to rest against them without actually sitting down. What he called the fallacy of attempting to develop an impressive trade with South America was the text of the Senator's remarks.

Democrats Desert Senate.
He talked about the necessity for long docks, for big ships and the absence of these docks in South America; ridiculed the plan of placing a bonding like the interned Rotterdam, which carries 6000 souls, on such a route, when the last ship which sailed from Rio Janeiro to New York carried 100 passengers and reported the "empty markets" of South America.

Democratic Senators deserted the chamber when Senator Burton began talking, leaving one or two on guard. When Senator Sutherland at one point suggested that he would like to have the attention of the "Democratic side," Senator Kern, the lone majority member present, gravely arose and walked over to the Republican side.

Only one Democrat was led into converting the procedure into a debate. Senator Pomeroy resented the suggestion that private ship owners deserved consideration, and asserted that for 50 years they had failed to build up a merchant marine. He quoted the Interstate Commerce Commission in support of his position. This led Senator Kern to attack the commission, arguing that in granting the recent rate increases it had deserted the recognized policy of basing rates on the service rendered and substituted for it a theory that the rates were to be increased "if the times were hard and the roads needed a little more money."

ELEVATOR VICTIM IS DEAD

Cattle Company President Succumbs to Hurts Received January 6.

SAN FRANCISCO, Jan. 19.—Edward H. Howard, president of the Howard Cattle Company, a man of wealth and social prominence, died here today of injuries received in an elevator accident January 6.

The elevator fell seven stories into the basement of the California building, and the passenger it held was injured. Harold Fitting, of Alameda, died soon afterward.

Bleasie's Successor Favors Militia.

COLUMBIA, S. C., Jan. 19.—Richard J. Manning, manager of Gov. Bleasie of South Carolina today, declared in his address that he "avored a strong, well-maintained, well-disciplined National Guard. The South Carolina militia had been disbanded by Governor Bleasie before he retired last week.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or tuberculosis. It may be relieved but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh.

Hood's Sarsaparilla strengthens and tones the whole system. It builds up, asks your druggist for Hood's, and insist on having it. There is no real substitute.—Adv.

QUICKLY RELIEVES WITHOUT DISTRESS

The congestion of waste and refuse from the stomach, fermenting in the bowels, generates poisonous gases that occasion distress and bring about serious illness. Health and comfort demand that this congestion be speedily relieved and the foul mass expelled.

The well-founded objection most people have to the violence of cathartic and purgative agents is overcome by using the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose at night brings relief next morning without discomfort or inconvenience. A free trial bottle can be obtained by writing to Dr. W. E. Caldwell, 452 Washington street, Monticello, Ill.

WAR EDICT USELESS

Germans Attack Portuguese Without Declaration.

MINISTERS STILL REMAIN

Lisbon Government Is Having Legation of Kaiser Closely Guarded and His Subjects Are Compelled to Report Daily.

LISBON, Jan. 12.—(Correspondence of the Associated Press.)—Portugal to the Portuguese in BeBlin.

An official casualty list gives Portuguese losses in Angola, which is on the western coast of Africa, as one officer killed, six wounded and one taken prisoner. The number of casualties among the soldiers is not mentioned, but unofficially it is said that the Portuguese have lost about 4000 men, wounded and prisoners.

German pamphlets in Portuguese, have been coming in from German agencies in Spain, are no longer allowed to be distributed.

COUNSEL ACCUSES HERRIN

Lawyer Declared to Have Held Land Both Agricultural and Mineral.

LOS ANGELES, Jan. 19.—In his capacity as head of the Associated Oil Company, a railroad subsidiary, William F. Herrin, chief counsel for the Southern Pacific, selected as mineral bearing some of the immensely valuable oil lands in the Elk Hills district of Kern County, California. But acting solely as chief counsel of the Southern Pacific in the present effort of the Government to oust the railroad from the disputed area, Herrin declared the same lands to be agricultural and of no mineral value.

This was the main point of the argument of William N. Mills, counsel for the Government, in the suit of the Government to take back the lands patented by the railroad under the act of Congress of 1856.

LEGISLATURE'S COAT'S OFF

(Continued From First Page.)

state inspection of county books and accounts, to abolish the Bureau of Immigration, to abolish the office of Naval Militia, to abolish the office of Sealer of Weights and Measures and to abolish the State Tax Commission.

Others Have Economic Trend.
There are numerous other bills that have a trend toward economy, but are largely remedial acts applying to cumbersome methods of doing business. For example, a bill has passed the House providing that when a voter registers he shall, in effect, say whether he desires to receive personally all the election pamphlets issued by the state. The theory is that in families only one copy is needed and that the enactment of the bill will reduce election expenses. It may be said in passing, however, that Secretary of State Oscar does not believe practical good will be accomplished by this bill. The County Clerks in any event and forward them to the Secretary of State, and the labor involved is one of the large items. He suggests a better plan that the Secretary of State be permitted to forward the pamphlets in bulk to the County Clerks, who will thereafter mail them. The actual labor would thereby be greatly reduced.

Prompt Action Hoped For.
But, getting back to the joint committee, The House may get around to passing the resolution tomorrow and the committee ought to be able to get to work by the following day unless there is some unforeseen obstacle. It is probable that the larger portion of its duties cannot be accomplished

CREDITORS ARE IGNORED

FARM MACHINERY CONCERN IN HANDS OF RECEIVER.

Clarence F. Funk One of Those Turned Down—Indianapolis Attorney to Guide Rumely Company.

INDIANAPOLIS, Jan. 19.—Finley P. Mount, an Indianapolis attorney, was appointed sole receiver of the Rumely Company, a \$30,000,000 agricultural machinery manufacturing concern, by Judge Anderson in the United States District Court here today, over the recommendations of all the creditors. These asked that Clarence S. Funk, of Chicago, president of the company, and Stephen B. Fleming, of Fort Wayne, Ind., be named joint receivers.

"The representatives of all the creditors, including the banks, note-holders and stockholders," reads the statement filed by counsel for the Rumelys' Trust Company, of New York, trustee for the note-holders and for the stockholders' committee, "were unanimous in requesting the appointment of Mr. Funk and Mr. Fleming, but the court, following the custom in such matters, declined to appoint Mr. Funk, as he is a resident of the state, and appointed as sole receiver Mr. Mount. Mr. Mount bears an excellent reputation and has had experience in receivership work."

OLD SWINDLER CAUGHT

MAN OF 600 ALIASES READY TO "TAKE HIS MEDICINE."

More than \$250,000 obtained on forged mortgages gone—Operations cover Every State in Union.

WACKESKI, Wis., Jan. 19.—John W. Albright, who, according to private detectives, has in the last 15 years obtained more than \$250,000 on forged mortgages and swindles, is under arrest here, and the detectives say has made a confession. Albright is said to have operated in every state in the Union.

Albright was arrested on the complaint of a loan agent from whom he is said to have attempted to borrow \$2000 on a deed to a farm. He was today held to the grand jury in bonds of \$5000. Judge Smelting, of Racine, Wis., is alleged to have identified Albright as the man who swindled him out of \$4000 six years ago through a forged mortgage. The detectives say they have several hundred complaints against him, and that he has used at least 600 aliases.

The alleged confession quotes Albright as follows: "I am the man you have sought 15 years. I am old and penniless now and can fight no more. I am ready to take my medicine."

Manphoria is making a new point out of the head oil that is produced in its tremendous quantities. The paint is said to be waterproof and proof as well as cheap and durable.
