

NEW RUSSIAN ARMY STOPPED, SAYS FOE

German Experts Say West Prussia Is in No Present Danger of Invasion.

RUSSIA REPORTS SUCCESS

Attacks at Several Points in Poland and Galicia Repulsed and Advance Continues in Bukovina—Turks Beat Britons.

LONDON, Jan. 20.—A Berlin dispatch says: "The Russian offensive at Radzimin, at Biesun, and at Sierpce, in Northern Poland, near the border of West Prussia, reported in the German official bulletin issued on Tuesday last, appears to have been a part of a continuation of the Russian offensive already reported."

"The Russians seem to have received reinforcements in this region and to have advanced in an extended front either directly northward toward the East Prussian frontier or toward the west. Their repulse is considered by military officials here to have removed any present danger in that locality."

"The following communication from General headquarters of the Russian army was received from Petrograd today: 'In the region north of Rawa the Germans made two attempts at a partial offensive. The enemy was compelled to fall back.'

"In the evening of January 18 the Germans in the region of the village of Vitkoritz (on the left bank of the Bura) made an attack against the head of the bridge and toward the searchlights, rockets and burning straw. This attack was repulsed by our artillery."

"The same evening in Western Galicia the Germans, after cannonading heavily our positions south of the small town of Radloff and setting on fire two villages behind our positions, made an attack on them. Companies of detachments of the enemy reached our barbed wire entanglements, but our destructive fire prevented further progress. They suffered heavy losses and were compelled to fall back on their position."

"In Bukovina our troops have occupied, after some fighting, the village of Ichanesch, about ten miles north of Watra Dorna, where they captured and made prisoners both officers and men."

"A Constantinople dispatch, received via Berlin, says: 'During a night attack on the English forts on the east of Arab River in Arabia, the enemy was taken by surprise and lost 100 in killed and wounded.'

"A British cavalry division attempted to surprise a Turkish cavalry division near the junction of the Tigris and Euphrates rivers. The attack was made under the cover of a gunboat, but the British suffered heavy losses and the gunboat withdrew."

"An Indian expeditionary force is operating in this region at the head of the Persian Gulf. It was officially announced early in December that the Turkish forces at Kurma had surrendered unconditionally and that the place was subsequently occupied by the British, thus giving the British command of the junction of the Tigris and Euphrates rivers to the Persian Gulf."

22 DEPUTIES ARRAIGNED

OFFICERS CHARGED WITH SHOOTING STRIKERS OUT IN BONDS. Pleas of Not Guilty Are Made—State and Federal Investigations to Be Made—Men Seek Settlement.

ROOSEVELT, N. J., Jan. 20.—With 22 Deputy Sheriffs named as defendants in a blanket warrant charging manslaughter, investigations were today way tonight by the Federal Commission on Industrial Relations and the prosecutor of Middlesex County into the shooting here yesterday of 19 striking employees of the American Agricultural Chemical Company. One man died from his wounds and several other strikers were in a serious condition tonight.

Twenty-one of the accused pleaded not guilty when arraigned before County Judge Daley, in New Brunswick, late today and were released on bail of \$2000 each, bonds being furnished by a surety company. They were sent back to guard the company's property tonight. Counsel for the other deputy named in the warrant said his client would plead tomorrow.

Investigators representing the Federal Commission on Industrial Relations expect to complete their inquiry by Friday night. Meanwhile the county authorities here and in New Brunswick look to place evidence before the grand jury.

Labor leaders addressed the strikers at a meeting today, urging them not to arm themselves and to refrain from violence and not to congregate in the streets or near the company's plants. The strikers discussed, without taking action, a suggestion to appoint a committee to meet representatives of the company, with a view to settling the wage dispute which resulted in their quitting work.

SUICIDE MAY BE SERVANT

Roseburg Woman Talks With Medford Priest's Housekeeper.

ROSEBURG, Or., Jan. 20.—(Special.)—That Agnes O'Leary, of Ames Johnson, who committed suicide here last Thursday night by shooting herself, was employed as housekeeper recently by Father Powers, of Medford, was the information that reached Sheriff Quine here today.

Father Powers today furnished the Roseburg authorities with a description of the woman employed by him and it tallies accurately with that of Miss O'Leary. Father Powers says the woman came to his home from Eugene, where she sought employment from Father Moran. She worked for Father Powers about three weeks, leaving here late in September. Father Powers was asked to come to Roseburg to aid in identifying the woman. It is known that Miss O'Leary was a Catholic.

MOVIES TO GET SKI TRIP

Y. M. C. A. Party Off for Five Days on Mount Hood Slopes. Fourteen business men, guided by A. M. Grilley, physical director, and H. W.

Stone, general secretary of the Y. M. C. A., will show the slopes of Mount Hood on skis while the moving picture camera from the Northwest Weekly will film some of the most thrilling adventures of the next five days. The party left last night for Camp Rogers.

Reports from the committees of management and the re-election of the seven members of the board of directors whose terms have expired were the features of the annual meeting of the members of the Y. M. C. A. Tuesday night.

The directors are: Robert Livingston, A. L. Yeasie, J. W. Ganong, C. A. E. B. McNaughton, Fletcher Linn and E. L. McNaughton. Progress in all lines was indicated by the reports.

ROBBER'S VICTIM DYING

JAPANESE IS SHOT BY ONE OF TRIO, CAUGHT AT WORK. Family, on Return Home, Surprise Men Who Fire With Rifle and Take to Flight.

Shot through the head by an unknown robber as he drove his wagon into his farmyard last night, T. Matsumaga, a Japanese, 35 years old, who lives one mile past East Eightieth street on the Base Line road, was probably mortally wounded. He is in a dying condition at St. Vincent's Hospital.

With his wife, two children and another Japanese, Matsumaga had been climbing out of the wagon and opened the gate when they reached home. As the wagon passed through the gate the robbers saw lights flashing in the house and three men ran out of the building. The Japanese jumped from the wagon and fired three shots with a rifle. One shot struck Matsumaga in the eye and ranged upward through the brain.

The Japanese carried the wounded man nearly a mile to a friend's house, where they summoned a physician.

12 FACE HAZING CHARGE

BAKER HIGH SCHOOL BOYS ACCUSED OF ATTACK AT Y. M. C. A. Sons of Mayor and Other Prominent Men Involved in Plaint of Merl Jasper, Alleged Victim.

BAKER, Or., Jan. 20.—(Special.)—Twelve young men of Baker, the majority members of the Baker High School, were arrested today on warrants charging them and two other high school students with assault and battery, growing out of having in a kangaroo court at the Y. M. C. A. where Merl Jasper, aged 15, was beaten Monday night. The 12 were arraigned before Justice of the Peace Hubbard this afternoon and all pleaded guilty and were released on their own recognizance to appear for sentence tomorrow morning.

Harry Swan, star tackle of the high school, was arrested first by Constable Bowman and, after talking with him, District Attorney Godwin swore out warrants against the boys. The following: Al Langrell, Haden Dougherty, Ralph Gorman, Lynn Gardner, Roy Allison, Carl Castle, Sprague Carter, Will Spangler, Harold Gardner, John Baker, Phil Elias, George Sutherland and Charles Palmer, Jr.

All are not members of the high school, Charles Palmer, Jr., son of Mayor Palmer, being a returned Oregon Agricultural College student. Swan, Langrell, Gorman, Gardner, Carter, Gardner and the other boys are members of the Baker High School football team. All the lads were members of the most prominent families of Baker.

The charges were made in a part of a high school hazing system which has been going on at the Y. M. C. A. for at least two years was the statement made by Al Langrell, Harold Gardner, Will Spangler and Lynn Gardner.

LICENSE PLAN PROPOSED

New Method of Regulation Suggested for Electrical Code. Licensing of electrical contractors and charging of an inspection fee, to solve the question of regulating the operations of persons and concerns doing electrical work, may be included in the proposed new electrical code, in place of a provision requiring contractors to furnish \$100 cash bonds.

Labor organizations have opposed bitterly the cash bond proposal because, it is said, it would put individual contractors out of business because of their inability to furnish the \$100 in cash. The new proposal will require every contractor to pay an annual license of \$25. Much news has been placed upon the need of regulating the home owner who does his own electrical work. It is proposed now to permit any person to do wiring on his own premises by paying the usual electrical permit fee of 50 cents.

LABOR AGAINST CHANGES

Unions to Ask Legislature to Sustain People's Vote Action. The various labor unions of Portland have been active for the past week in shaping a proposed memorial to the Legislature asking that the people's will, whether put into effect by the initiative or the referendum, not be tampered with by the Legislature. The local unions are taking individual action, and action through the Building Trades Council and the Central Labor Council, gradually getting the proposed memorial into shape for presentation before the Oregon State Federation of Labor. The State Federation then will be asked formally to memorialize the Legislature.

A committee of the local union of the painters, decorators and paper-hangers in charge of the proposal is composed of E. H. Fickler, O. W. Hartwig and Albert Raymond.

THOMAS O'DAY IS ILL

Prominent Attorney and Democrat Pneumonia Victim. Much anxiety for the health of Judge Thomas O'Day has been aroused by an attack of acute pneumonia, to which he became subject Sunday, and which developed alarming symptoms Monday. Yesterday his condition had much improved, though the jurist was far from being out of danger.

Dr. J. C. O'Day and Dr. Andrew J. Gleay are in attendance on Judge O'Day. Judge O'Day is one of the most prominent lawyers and Democrats in Portland. He has been a candidate for the Supreme bench in Nebraska and in Oregon, and was Judge of the Circuit Court in Portland in 1896 and 1897, having been appointed by Governor Chamberlain in 1898 on the death of Judge Alfred F. Sears.

JAMES GODFREY DIES

Operation Is Fatal to Veteran Printer of State. Native of Oregon, Who Helped Compile Present Legal Code, Praised Highly for Work in Positions of Importance to State.

30 YEARS IN STATE SHOP. James E. Godfrey died yesterday at the Good Samaritan Hospital, following an operation last Wednesday. For a week he had been momentarily, and he was 48 years and six months old.

Mr. Godfrey was a native of Oregon and a veteran printer of the state. He was born in Polk County August 1, 1866. As a boy he made his apprenticeship in printing in the offices of Salem. He began his work in the State Printer's office under Mart Brown when he was State Printer and became foreman of the office under Frank C. Baker. He held this position through the administrations of W. H. Leeds, Joseph Whitney and Willis S. Dunaway.

Aid Given in Forming Legal Code. He was in the State Printer's office in all more than 30 years. Twice he was a candidate for the office of State Printer on the Democratic ticket and he was a delegate to the convention that nominated Woodrow Wilson for the office of President.

A year ago he was appointed by Milton A. Miller as a special agent in the Internal Revenue Department, where he served until his fatal illness. Mr. Miller yesterday spoke with feeling of the death of Mr. Godfrey.

Positions of Trust and Honor Held. "The state has lost one of her best men," he said. "For years he has been active in Oregon and has filled positions of trust and honor and had won the friendship and confidence of all with whom he came in contact."

Mr. Godfrey was past master of the Pacific Lodge, No. 60, of the Masons; district printer of the Multnomah chapter, Royal Arch Masons; past illustrious master of Hodson Council, Royal and Select Masters; past patron Chadwick Chapter, Order of Eastern Star, and at the time of his death was grand scribe of the grand chapter of Royal Arch Masons of Oregon.

Mr. Godfrey's funeral will be held from the Masonic Temple at Salem at 2 o'clock today. The body was sent to Salem last night.

He is survived by his widow, Mrs. Ida Godfrey, of Salem; Mrs. John Campbell, of Portland; Mrs. Kate McClanahan, of Los Angeles, and Emma Godfrey, of Portland; and one son, Alvin Godfrey, of Salem.

RIOTERS PLEAD GUILTY

TRIAL IN ARKANSAS MINE ZONE COMES TO SUDDEN END. Seven Men Are Sentenced and Cases Against 13 Others Are Dropped by Government Prosecutor.

FORT SMITH, Ark., Jan. 20.—Pleas of guilty entered today by seven of the 50 defendants in the criminal cases growing out of the rioting in the Prairie Creek Coal Mine district last July, ended in one day the trial in the Federal Court which it was believed would consume several weeks. Immediately after the pleas were made, at the opening of court attorneys for the government entered nolle prosequi in the cases of the 13 other defendants.

Those who pleaded guilty and the sentences on them are: Peter B. Stewart, McAllister, Okla., ex-president of the United Mine Workers of America of Oklahoma, Texas and Arkansas districts, fined \$1000; James B. McNamara, ex-Councilman of Hartford, two years in the Penitentiary and fined \$1000; James Siskankar, ex-Constable of Hartford, six months in jail and fined \$1000.

Fred W. Colt, recent candidate for Governor of Oklahoma, six months in jail and fined \$1000; Clint Burris, Sandy Robinson and John Manick, miners, six months in jail and fined \$500 each; and all of the men were charged with conspiracy against the Government, the cases being based on violation of an injunction intended to prevent interference with the operation of the Bache-Denman Coal Company.

HUNDREDS CHEER RESCUE

Stunt for Movies Seems Like Real Suicide Attempt to Crowd. NEW YORK, Jan. 13.—A girl jumped into the bitter cold waters of New York harbor from the Staten Island ferryboat Manhattan recently. An excitement gripped the police steamboat patrol and several hundred persons on the ferryboat cheered as he caught her in his arms. Police Commissioner Arthur Woods, on the patrol, directed the saving of both. This was filmed by a cinematograph company for the New York police department, which will show the motion pictures at the exposition in San Francisco to illustrate one phase of police work here.

The girl who simulated an attempt at suicide was Miss Jeannette Ehrman, of Coney Island. To add more realism to the scene, the crew of the Manhattan crew cleared a lifeboat instantly and lowered it into the water and went through all the maneuvers of attempting to reach the "unfortunate" woman. Both the rescuer and Miss Ehrman, who was finally pulled aboard the patrol that the water numbed their fingers completely, but did not affect their arms.

"The moment I struck the water," Miss Ehrman explained, "I felt a terrible icy shock. After that I was all right. I wasn't bothered again until I was carried to the Patrol's deck and they fitted the lung motor to my face. I wondered then if they thought I was really unconscious or if it was just some more of the picture. Then when I was carried into the warm cabin I felt all at once the effect of the whole exposure and suffered terribly. But that was all over."

She has had experience in swimming, diving and jumping.

FALSE TITLE CONFESSED

NEW YORKER ADMITS TAKING CITY JOB BY MISNOMER. John P. Fox Told He Is "Expert Consulting Engineer," so He Uses Description on His Card.

NEW YORK, Jan. 12.—John P. Fox, whose card bears the title of expert consulting engineer on the committee of special plan of the Board of Estimate, was the first witness called on resumption of the investigation of the Municipal Civil Service Commission by the State Civil Service Commission in the Municipal building.

Fox said he was a consulting engineer but later admitted that he was not a graduate engineer, mechanical, electrical, and never had taken any degree of engineering from any institution. He said he was a "technical" engineer.

Asked if he did not consider it wrong to accept a position under a false title, he said he never had called himself a consulting engineer, but that when inducted into the position he said he was an "expert consulting engineer." He said he had studied city conditions and plans on railroad, in England and in Paris and had studied architectural conditions in this city. He was a member of the city plan committee of the City Club and the Citizens' Union.

Fox was appointed July 9 last at a salary of \$250 a month, to hold his position until an appropriation of \$900 for his services in the city work was exhausted. He did not take an examination, and was exempted from the civil service regulations. The State Commission ratified his appointment one month after he received his position.

ALBANY, Jan. 12.—Governor Whitman's admission that he will ask the Legislature for carte blanche in his new office as head of the present State Civil Service Commission and selecting an entirely new one, only confirms what has been known for some time to be the intention of the executive.

The Governor has been holding off to see if the two Democratic members of the commission would respond gracefully to his pointed suggestion that the resignations of the members be sent in without delay. Several days ago, in answer to such a suggestion, Commissioner Lavery, the Republican member, promptly placed his resignation in the Governor's hands, but the Democrats stood pat on their dignified refusal to do so.

FILM POINTS MORAL

"The Deep Purple" at Columbia Is Full of Thrills.

FUN RULES AT SUNSET  
"Fatty's and Mabel's Wash Day" Relates Troubles of Flirt, Featuring 'Fatty' Arbuckle and Mabel Normand in Strong Cast.

"The Deep Purple," a photo-drama depicting the perils of the New York underworld and the battle between good and evil, in which Clara Kimball Young is the star, is attracting immense audiences this week at the Columbia. It is a production which appeals to the masses, is full of intensely dramatic, thrilling and sensational situations and contains plenty of heart interest. There is not one weak feature in the production. Not one opportunity is lost to make the most of every situation.

Miss Young has the role of the simple, trusting, unsophisticated girl who is enticed to New York by a clever rascal on promise of marriage. The hero, which is played by Milton Sills, and the aid of others rescues the girl from her terrible life and restores her to her father. Every member of the cast does splendid work. This production will be shown the remainder of this week.

TROUBLES OF FLIRT AT SUNSET  
"Fatty" Arbuckle and Mabel Normand Appear in Clever Comedy.  
An unusually good bill is offered at the Sunset Theater, the feature being Fatty Arbuckle and Mabel Normand in a laughable hit entitled, "Fatty's and Mabel's Wash Day." How they get themselves into rather trying straits by flirting with another wife and husband forms a laughable and clean comedy.

"Midnight Passage," a horse with marvelous intelligence, is featured in "Sergeant Jim's Horse." There is also some of the best riding and tumbling ever seen on the screen.

"Fay Fincher" is featured in a laughable film "A Flyer in Spring Water," in which the pranks of two office boys nearly get the boss "in bad" with his wife and the stenographer with her sweetheart.

"One Flight Up," featuring Irene Hunt, is an unusually clever newspaper story, in which a girl reporter scores the "coop" of the month. A play with a lesson for young men is "The Remaking of Al Brady."

The bill will continue until Sunday.

CLEAR SIDEWALKS DESIRED

Ordinance Urged Forbidding Blockades by Contractors.  
Blockading of sidewalks because of building operations is to be prohibited in Portland if an ordinance which is to be sent to the City Council by the building code revision committee is

passed. The committee at a meeting yesterday decided that it is unnecessary for contractors to fence off the sidewalks and decided to recommend strongly the passage of the ordinance. The measure, while not yet prepared, probably will permit the contractors to block a portion of the sidewalk for safety purposes, but will be required to keep at least five feet of the walk open at all times between the curb and the building line.

Without authority assumed by "mother, foster and account" for \$250, the county officials, in trying to collect the tax of \$67.50 seized the property of the company. A restraining order is asked to prevent damage to or the sale of the property. The complaint states that property worth about \$200 is involved in the proceeding.

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the town and village must prefer them. And since this is true we know from the great many splendid letters written to our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such help as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. In a little book for such women there are more thoroughly brought out and a copy will be mailed to anyone who will send us their name and address. "Mother's Friend" is sold in all drug stores and highly recommended. Its timely usefulness, its safety and the real help it affords. Ask for it at the store and write us for the book. Broadfield Regulator Co., 211 Lamar Bldg., Atlanta, Ga.

Authorized Assessment Charged. A bill of complaint was filed in the United States District Court yesterday by the Crescent Manufacturing Company against Multnomah County, charging that Assessor Reed illegally
