DIPLOMAT ADVISES SHELLING OF TOWN

Letter by Minister Sullivan Declares United States Favors Bombardment.

IMMUNITY IS PROMISED

Santo Domingo Bank Attorney Is Quoted as Counting Bryan In for Share of Profits, but His Assertion Is Disbelieved.

NEW YORK, Jan. 20 .- William C. Beer, an attorney for the Banco Na-cional, of Santo Domingo, which has been accused of seeking to exploit pubcontracts in the Dominican repubic, was quoted today at the inquiry into the fitness of James M. Sullivan, imerican Minister to that republic as aving said he expected to share what

having said he expected to share what profits he made in the alleged exploitation with Secretary of State Bryan, Martin H. Glynn, ex-Governor of New York, and Representative Hamill, of New Jersey.

M. E. Davis, of New York, a contractor for supplies, testified he had been so informed by Beer while the two were on their way to Santo Domingo—Davis with the expectation of securing government contracts which he said Beer had represented to him were to be had.

Accusation Not Credited. The witness said that at the same me he had taken Beer's statement seriously, but when Senator-elect Phelan, who is conducting the inquiry, and his attorney, Charles H. Strong, expressed surprise that he had so regarded it. Davis asserted he now believed the statement to be "silly rot." He declared Reer evidently was trying to make an impression, and "using all means in his

That Minister Sullivan had encourred the Dominican government to
ombard the City of Puerto Plata in the course of a revolution in October, 1913, in spite of the fact that it would endanger American property there, was charged in testimony by G. O. Baker, a construction engineer. Baker had a contract for building a power house in that city for a Boston concern, and said he protested to Minister Suilivan, naking intervention sealers. asking intervention against a threat-ened attack on the city by a Dominican gunboat patrolling the river.

Attack on Town Encouraged.

The city was at that time in the cossession of revolutionists, and, although it was defended by a so-called though it was defended by a so-called fort, Baker said it was in no sense for-tified, as the entire artillery of the fort consisted of one one-pounder gun. Sul-livan, he said, had insisted that it was a fort and that the gunboat had a right to bombard. Baker said he then en-tered a protest in writing to the Min-ister. To this Sullivan replied in a let-ter that was nut in evidence in which ter that was put in evidence, in which

occurred the sentence:

"This does not mean that the attack on the town will be stopped by the United States; on the contrary, we will encourage it."

A copy of the letter, the witness said, was sent to Secretary Bryan.

Shells Thrown Into City.

The gunboat subsequently did hom-bard, he testified, throwing five shells into the city and damaging his prop-erty, though not seriously. Commissioner Phelan is trying to cure the attendance of Jack Rose, one of the witnesses at the trial of Police Lieutenant Becker for the murder of Harman Rosanthal Sulfara acted as Herman Rosenthal. Sullivan acted as Rose's counsel in the case and was associated with him, according to testimony in the present investigation, in the promotion of prizefights in Waterbury, Conn.

Willamette Seniors Plan to Do Work Juniors Dropped.

WILLAMETTE UNIVERSITY, Salem, WHIJAMETTE UNIVERSITY, Salem, Or., Jan. 20.—(Special.)—The senior class of Willamette University has decided to investigate the possibility of editing a varsity year book this season, the junior class having falled to arrange to do the work. The upper class intends to publish a class memory book along the same lines of the former varsity publication, the "Wallulah."

All classes are to be represented as desired and complete athletic synopses will be arranged. The final judgment vests with the official committee: Alica

Exhibition at Spokane to Fix Standards for New Steps.

SPOKANE, Wash, Jan. 20.—(Special.)—Shall the trips made by Spokane dancing masters to New York and Paris to learn the latest dance steps be in

"Never," say the masters. "The new dances must not perish."
And so, if plans of H. T. Brown, dancing teacher, prevail, the terpsichorean mentors of the city will gather oon to hold a unique contest. In turn soon to had a unique consect as a they will trip the light fantastic a la mode before representatives of the dancing public and the latter shail say which style of the various ones taught here shall be the standard in Spokane for the hesitation, the tango and other

the penitentiary as a confessed forger of whisky warehouse receipts amounting to \$250,300. Charles Ledowsky, 50 years old president of the Fox River Distilling Company, for which a receiver was appointed this week, shot and killed himself on a sleeping car just as it reached this city today.

The Continental & Commercial National Bank of Chicago, was the heaviest loser of the dozen banks which nave handled Ledowsky's paper, attorneys said. The Continental & Commercial holds paper on which it advanced \$50,000. Most of the receipts are on the R. E. Wathen Distilling Company and the Poyntz Brothers, both Kentucky concerns.

Ledowsky confessed his forgeries to his attorneys 10 days ago, according to Benjamin F. Straus, a note broker, who testified today in a hearing before the referee in bankruptcy. Straus testified he had discounted the distillers' notes and receipts for ten years. He denied knowing that they had been forgeries until January 11, when Ledowsky took him to William A. Bowes, an attorney, and confessed that he had falsified warchouse receipts, he said. "He said he didn't know whether to falsified warehouse receipts, he said.

"He said he didn't know whether to shoot himself or go to the penitentiary," Straus said. "Bowes advised him to take his medicine."

IDAHO DRYS WIN POINT

PROPOSAL FOR AMENDMENT GOES THROUGH SENATE EASILY.

Anti-Alien Bill Passes House With bu Two Negative Votes-Plan to Oust School Hend Fails.

BOISE, Idaho, Jan. 20 .- (Special.)-Adoption by the Senate of a resolution to submit a prohibition constitutional amendment to make Idaho perpetually dry from May 1, 1917, and passage by the House of the anti-allen land bill, added two intractions of the 13th Idaho Legislature today, for both

measures are considered of paramount importance.

The first carries out one of the pledges of all political parties; the second may raise a question in Idaho of National importance similar to that California. If the prohibition mendment survives the House of Rep-sementatives its victors at the polls by handsome majority is predicted in

This amendment was introduced in This amendment was introduced in the Senate during the early days of the session by Senator Hart, "whip" of the majority wing and President pro. tem. As originally drafted, it was to be effective July 1, 1917, but was set back by amendment to May 1 of the same year. On passage today, following debate, it received all but one vote in the Senate. The exception was that of Senator Whitcomb, of Lemhi.

The main attack on it was that it is the public, the pavements having been

by amendment to May I of the same year. On passage today, following debate, it received all but one vote in the Senate. The exception was that of Senator Whitcomb, of Lemhi.

The main attack on it was that it is not drastic enough. It prohibits the manufacture, sale, keeping for sale and transperiation for sale of intoxicating liquors for beverage purposes. Some of the legislators wanted to include "consumption" in it.

Senator Day, of Latah, attempted to have incorporated in the amendment a clause providing that not more than one gallon of whisky and two quarts of beer be allowed to any one person. The amendment was defeated. "In its passage," said Senator Rockwell before voting for it, "we enter a sea which for a long time will be much which for a long time will be much troubled." Senator Day explained his

The House registered only two votes out of a total of 61 against the antialien bill when it passed that body. The measure was introduced by Representative Anderson, of Bonneville. Shattuck, of Bonneville, and Speaker Conner registered the two "nays." Leaders on both sides of the House spoke for it. The bill prohibits acquisition of land by allen persons, firms or associations, save by enforcement of liens and through inheritance, and in either case allows only five and in either case allows only five years in which to sell, with a penalty of escheatment to the state. It con-tains no reference to blood, race or

All classes are to be represented as desired and complete athletic synopaes will be arranged. The final judgment vests with the official committee: Allca Fields, Bruce McDaulel and Paul Irvins. Plans are being made to beight the press within two months. The capenae of the book will be borne by the class members.

Lester Willard, a Troutdale sheep owner, convicted last week of crueity to animals by shearing his sheep in the Winter and turning them out in a loud pasture, was fined \$100 by Circuit Judge Davis Tuesday. The fine was the same as that imposed a month age by listed Judge Jones, from whose devision an appeal was taken.
