Missiles Dropped in Latest Raid More Destructive Than Those at Scarborough.

Weight and Number of Explosives Carried Thought to Preclude Possibility That Visit Was Made by Mere Aeroplanes.

YARMOUTH, via London, Jan. 20.-Two of the German bombs which falled to explode were seen by the Associated Press representative today. In appearance they were like giant lead plumbs, and, when standing upright reached a point several inches higher than a sentry's knee. The bombs were exhibited to the public in the armory, which itself was showered with steel during the raid

raid.

Experts believed the number and weight of these bombs proved that the raid was made by airships of some kind, not aeroplanes, which it is said could not have carried the load. These might have been of the Parseval, instead of the Zeppelin type, it is said. Farseval dirigibles are of smaller capacity than the great Zeppelins.

Frugments Kept as Souvenirs. One of the bombs broke in the fall and lumps of a yellowish substance taken from it were distributed by a sentry as souvenirs. This mass was simply a wax packing which had been used inside the shell, probably to give more force to the explosive. One of the bombs was found under the hoofs of a teamster's horse. The teamster, ignorant of its nature, kicked the bomb away and then drove on.

The effect of the explosions in Yar-mouth was terrific, exceeding that of the eight-inch shells dropped into Scarthe eight-inc shells dropped into scar-borough during the recent see raid. The bomb which killed the man and woman struck in the street by the side of a house and made a hole into which the front of the house tumbled. Across the street the walls of a mechanic's house partly collapsed.

Mother Hurt, Babe Uninjured. In the latter house a mother nursing er babe was cut by flying glass, but te babe was not injured. Adjoining its home was the shop of a shoemaker, whose head was crushed by ece of steel as he stepped into the reet to see what was happening. Every window was shattered in all

the houses within a radius of 100 yards of where this bomb dropped and the roof tiles were broken. Other shells fore great holes in the pavement on the seafront and the concussion of the explosions shattered nearby windows. The woodwork of the adjacent houses was cut by splinters of steel and probably also by builets from the bombs. The superstructure of a small steamer at a dock was riddled like a pepper-

The aircraft was so high and the sky so black that its character could not be distinguished, aithough it flashed its searchlight. The people of Yarmouth having cel-lars alopt in them just night.

KING'S LYNN NOT SURPRISED

Former Resident, Now in Portland. Says Raid Was Expected.

John W. Shore, manager of the Ca ples Hotel, was educated in King's Lynn and his parents stil live there. The raid had been expected by the res idents of the district, he said last night, because of the presence of King George at Sandringham House, the country home of English royalty, Mr.

mouth and continued along the coast up into The Wash," said Mr. Shore last night. "My mother's letters told me night. 'My mother's letters told me long ago that they were expecting a raid during the Christmas holidays, when the royal family visited Sand-

"Mother said that they were ordered to put out all lights at the first alarm. That is probably the reason the air ships followed the coastline, which they could probably distinguish in the dark "All the towns along The Wash are inforting." unfortified. Four years ago the only artillery in King's Lynn was an old cannon captured at Sebastopol. There probably are a few soldlers somewhere around, on account of Sandringham few guards on the royal grounds, how-

"Mrs. Daisley, mentioned in today's dispatches as killed by a bomb, was the wife of the local baker, I think. I am well acquainted there and know no other family of that name. We bought bread from Mr. Daisley for years. By a coincidence John Hall, killed at Scarborough in the previous German raid, was an old friend of mine.

"The towns along The Wash have a special interest to the Pacific Coast. George Vancouver, who explored this

special interest to the Pacific Coast. George Vancouver, who explored this country, was born in King's Lynn. Lynn Canal, on the Washington coast, was named after Vancouver's native town and many other Norfolk villages have been perpetuated by the names that Vancouver's men gave to islands and inlets they explored.

"Eugene Aaram, the murderer, whose arrest was made famous by Hood and Bulwer-Lytton, was teaching in a King's Lynn school at the time of his apprehension. All lovers of Dickens are familiar with Yarmouth."

FRAUD EVIDENCE IS HOWN

(Continued From First Page.) Interested in the result of the races for the offices of United States Senator, Governor and Sheriff, Mr. Donnelly said that he watched these as he looked over the ballots on the first night while ounting the votes on the measures. He declares he is positive that he saw one ballot with an erasure on it, and says he is willing to swear that on none of the ballots which passed through his hands were there any changes as evident as those which came to light yesterday, and later when he counted the ballots for candidates.

69 Votes Not Counted.

At 8 A. M., November 4, Mr. Donnelly turned the ballots over to the day board, the judges of which were Mr. and Mrs. A. L. Clark and D. B. Culhane. That evening he started counting the vote for candidates and immediately noticed an extraordinary number of erasures in the Sheriff's column, and in no other place on the ballot. His board found 69 of these, rejected them all

and put them in a separate box. The day board rejected no ballots because of erasures, but, it was discovered yesterday, let 51 ballots on

Charges Made Both Ways, The recounting of the vote in Precinct 27 had been postponed because of the expected irregularities to be found when the ballot boxes were opened. The official count gave Word 200, Hurlbut 55, in this precinct. Mr. Word had aleged in his complaint that the vote should have been Word 311. Hurlbur 19; that I1 vold ballots were counted for Mr. Hurlburt, and that 73 ballots marked for Mr. Word had not been

counted "on account of certain acci-dental marks and blots thereon." In answering the complaint, Attorney Malarkey, for Mr. Hurlburt, al-leged that the 72 ballots in question and been changed after the ballot SAY EXPERTS boxes were reopened.

Many Ballots Challenged.

Mr. Malarkey yesterday tried to introduce testimony with regard to pre-cinct 37, but Judge Kavanaugh declined to hear it at that time. The deposition of Chairman Donnelly, of the night board, was taken and submitted to the Judge with the explanation that Donnelly wished to leave the city and could not be reached again for further testimony.

The counting of precinct 27 had been

postponed again yesterday, but it was agreed finally between teh two attor-

ay an average of 225,000 adults and bout 21,000 babies. In Namur, out of population of 25,000, more than 200.-90 are absolutely destitute."

EPIDEMIC TO BE FEARED

Cold East Wind Will Cause Deaths
Among Children and Old People.
Seven Millions Require
Food and Clothing.

AMSTERDAM, Jan. 6.—(Correspondence of the Associated Press.)—Because cholera germs appear in a riew form with each epidemic, Dr. John Freeman, a well-known bacteriologist, has had to make a special trip to the infected battle front, from which he has just returned with several bottles filled with sultures. These germs will be used to provide the serum for inoculating the British troops in the western field of operations.

Cholera has so far been confined to Austria. The Austrians put the blame on the Cossacks of the Don. But the Russians say that it traveled into Austria. The Austrians put the blame on the Cossacks of the Don. But the Russians say that it traveled into Austria. The present epidemic is loss virulent than in any previous campaign, and its death rate, which never exceeded 30 per cent, at worst, has been reduced by the cold weather. The fear exists, however, that the Germans, in their rapid moving of troops from the southern to the northern part of the line in the eastern theater, will carry the disease into Poland and inverse of the Associated Press.)—The president of the Dutch branch of the SWEPT BY GERMANS' AIR RAID, AND POSSIBLE ROUTES OF THE

Evidence of changed ballots became Evidence of changed ballots became apparent at once. The ballots previously counted by the day board gave Huriburt 2, Word 51, with 51 ballots disputed because of erasures in the vote for Sheriff. The night board count gave Huriburt 25, Word 89, with only one ballot disputed because of erasures. In this precinct 69 ballots were challenged by Huriburt men and only lenged by Hurlburt men and only three by Word. Of the 60 ballots, 52

Shore knew Mrs. Daisley, mentioned in gations in his complaint, none of which has been borne out by the recount as it has thus far proceeded, he should has been borne out by the recount as it has thus far proceeded, he should have made substantial gains in the precincts counted Instead, when count-ing stopped last night, it was figured that Mr. Hurlburt had gained seven votes since the recount started.

rand Jury Investigation Looms, G. This gain for Mr. Hurlburt is in spite of a jump of 1 7votes by Mr. Word in Precinct 58 yesterday morning. This gain, however, was offset by smaller ones for Mr. Hurlburt in other precincts and at night the Word representatives at the recount did not claim a net gain on the entire recount.

Accurate figures are impossible, and

There ewhere only estimates can be made because of the number of votes still under dispute before Judge Kavanaugh. Precinct 86 was completed yesterday before the counting of No. 37 was started under Judge Kavanaugh's supervision.

After the irregularities had been dis-closed, it was freely intimated about the courtroom that a grand jury in-vestigation should be called for. Word representatives had nothing to

say, and Attorney Farrens, for Word, declined to make a statement.

"Anyone," said Attorney Malarkey,
"who examines the ballots, cannot fail to see that there was a wholesale fraud in this precinct; that the ballots were changed between the time the boxes were opened and the time the votes wre countd.

Mr. Word Hld Innocent.

"I do not believe, though, and neither does Mr. Huriburt, that this fraud was perpetrated with the personal knowledge and connivance of Mr. Word. I believe it was simply the work of some of his over-zealous supporters.

"Taking into consideration the number of erasures, and the further fact ber of erasures, and the further fact that 124 voters in this precinct have made affidavits that they voted for Mr. Hurburt and did not make an erasure on their ballots, the fraud seems to be plain."

The recount will begin at 9 o'clock

this morning under the supervision of Judge Kavanaugh. All the ballots in predict 37, except the 55 rejected ones have been counted, and the box con taining these will be opened this morning and the ballots examined.

BISHOP SUMNER WELCOMED

(Continued From First Page.) want to learn. In fact one of my friends in Chicago said to me: 'They seem to have everything in Portland in the way of churches and social service, why are you going? I believe in doing something and then talking, instead of talking first and doing afterward."

Soldiers Want Mouth-Organs.

LONDON, Jan. 4 .- (Correspondence of the Associated Press.)—The government's appeal for gifts of mouth-organs for the use of soldiers at the front has revealed a shortage in the supply of these popular musical instruments. According to instrument dealers practically all England's supply of mouth-organs comes from Germany Ar mouth-organs comes from Germany. An effort is being made to remedy the de-pleted stock by importation from the United States.

vesterday, let 51 ballots on Cambridge University, within the last few works has contributed 2000 officers to the British army.

neys and Judge Kavanaugh to open the ballot boxes and proceed with the W. A. van der Veen, in a statement of the count.

remained in their country, says:
"The fact is, the distress in Belgium is exceedingly great. Much is being done in various directions to afford relief, but there are many difficulties which are hard to overcome. There are still seven millions of people in Bel atil seven millions of people in Bel-gium and they all require to be clothed and fed. One can imagine what these difficulties are, if one remembers that our own country has a population of about six millions.

edge with thankfulness all that is being bow would not articulate, the joints done by the Comite Nationale de Secours, by the Rockefeller Institute and the British relief fund. Still the difficult problem exists how to get the necessaries of life to those places where they are urgently wanted. The means least jolt, like stepping down suddenly for transportation are too few and too slow.

Stores Must Be Assembled.

"There is only one way in which ef-

"There is only one way in which effective assistance can be rendered and for that we must be enabled to get foodstuffs to all places where the need is the greatest. Great quantities of provisions must be stored in central places, doctors with medicine and drugs must be quickly sent to all places afmust be quickly sent to all places af

fected by disease and such districts must be isolated to prevent the further spread of epidemic.
"Further permission must be given to send and receive letters, so that per-sons in better circumstances may be

sons in better circumstances may be able to receive money from the interior or from abroad and a better working of the banking system must be instituted so that everybody may be enabled to raise loans on securities."

Mr. Van der Veen concludes:

"Every government, every philanthropic institution in the world ought to send money and motor cars for the transportation of provisions. With a few hundred of these cars we could do much."

SMALL TOWNS SUFFER MOST Only Flour Seen in Country Is That

Sent From America. PHILADELPHIA, Jan. 20 .- A story of widespread destruction and the pitiable conditions under which the people are living was told here tonight fortable. by Edward Brobinette, who has just returned from a six weeks' tour of in-vestigation in war-torn Belgium. Mr. Robinette represented the Allied Relief

Association of Pennsylvania.

"I traveled in an automobile," Mr. Robinette said, "to Antwerp, Brussels, Liege, Malines, Louvain and many other cities and towns. I visited Louvain three times. In Viese, a town of about 6000 population, only one family has returned and is living in the rains. I could not find there a single house that had not been destroyed. Most of the suffering I saw was not in cities like Antwerp or Brussels, but in the Association of Pennsylvania.

like Antwerp or Brussels, but in the small towns. "At the town of Malines, which is in large part destroyed, I spoke with Cardinal Mercier. He gave me a striking letter addressed to the chairman of the committee for relief in Belgium, thanking the American people for their work. He also gave me a letter, which he asked me to deliver to Cardinal Gibbons in Baltimore, in which he describes the condition of his people and asks for the support of the Roman Catholic people in America."

Mr. Robinette said that the only flour he saw in Belgium was that being sent in by the commission for relief in ing letter addressed to the chairman of

sent in by the commission for relief in Belgium, and that it is imperative that the work of the commission be continued until the next harvest.

"The percentage of absolutely destitute in Belgium is increasing," he said. "In some districts it is from 30 to 40 per cent, but in the manufactur-

to 40 per cent, but in the manufactur-ing districts it is much higher. In Brussels, for instance, with a popula-tion of 650,000, they are feeding each

Numerous Attacks by Germans Are Successfully Repulsed,

Spirited Artillery Engagements Continge to Mark Campaign in West. Allies Lose Town in Alsace, Says Berlin.

LONDON, Jan. 20 .- French forces have recaptured a position lately taken by the Germans in the vicinity of Notre Dame de Lorette and have repulsed attacks at other points, according to the official statement received tonight

The communication follows:

"Last evening the enemy gained a footing in one of our trenches to the north of Notre Dame de Lorette. This morning he was driven from it following a counter attack, leaving in our hands mere than 100 prisoners.

"During the course of the night of January 19-20 in the region of Albert an attack to the south of Thiepval, which had progressed as far as our wire entanglements, was thrown back. Three successive attacks on La Boisselle met the same fate.

"In the Argonne an attack by the enemy on La Fontaine Aux Charmes was repulsed after a hand-to-hand struggle."

Yser Bridge Is Saved. The French War Office official report this afternoon was as follows:

"From the sea to the Somme, in the region of Nieuport, there was yesterday a fairly spirited artillery engagement, in the course of which the enemy endeavored in vain to destroy our bridge at the mouth of the Yser. In the mentium was were described. the meantime we were demolishing a portion of his defenses at this point; also we were successful at the Union Farm near St. Georges, where the enemy had already organized his po-

"In the sector of Ypres and near "In the sector of Ypres and near Lens there were yesterday artillery exchanges of varying intensity. There was also a very violent hombardment of Blangy, near Arras, but it was not followed by an infantry attack.

"From the Somme to the Argonne there has been nothing to report, nor has there been any activity in the sector of Soissons or in the vicinity of Craonne, or near Rheims.

"In the region of Camp de Chalons, as well as to the north of Perthes and

well as to the north of Perthes and Massiges, our artillery directed a ry effective fire on the field works the enemy.

In this precinct 89 ballots were challenged by Hurtiburt men and only three by Word. Of the 60 ballots, 52 showed the erasures.

69 Ballots Rejected.

Meanwhile a smal box containing, according to the label on the outside, 69 ballots rejected because of apparent erasures, was unopened. Mr. Donnelly said that, according to the label on the contest of ballots rejected because of apparent of these 60 ballots rejected because of apparent of the season of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the season of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the label on the outside, 69 ballots rejected because of apparent of the condition, the condition, but could not do so.
