

DRUG STORES BARRAGE ESCAPE BY RULE

Committee Members Contend Law Passed by People Demands Exemption.

ANTI-WETS CONSIDER IT

Pharmacy Board Member Pleads to Deny Right to Apothecaries. Original Bill as Changed Likely to Be Chosen.

STATE CAPITOL, Salem, Or., Jan. 20. (Special.)—Druggists may be permitted to sell whisky and other liquors on prescription under terms of the proposed prohibition law being considered by the House committee. Even some of the "dry" supporters are beginning to think that this step may be necessary to comply with the constitutional amendment adopted by the people last November, although they are not ready to concede this point.

MARRIAGE LAW IS HIT

Anti-Store Plea Made.

Frank S. Ward, of Salem, a member of the Oregon Board of Pharmacy, appeared before the committee today and urged that the committee should deny druggists the right to sell liquor, even on prescription.

Representative E. V. Littlefield, chairman of the House committee, who has been presiding the last few days at the joint meeting, said tonight that he is not ready to admit that it will be necessary to force the sale of whisky on to the druggists.

All Exception Opposed.

James S. Stewart, the Wheeler County member, holds to the opinion that druggists should not be permitted to sell liquor, and that the people voted the state dry and thinks no exceptions should be made for any class for any purpose.

TASK CALLED THANKLESS

body and therefore merely preliminary action. When 1000 bills are introduced as was the case in 1912 it is a mechanical impossibility for newspapers to give each hearing and each committee action representation in its columns.

DELIGHTS OF SESSION

STATE CAPITOL, Salem, Or., Jan. 20. (Special.)—Representative Jones, of Union and Wallowa counties, wants to abolish the Innaha game preserve in Eastern Oregon. His bill providing such abolition has been referred to the House game committee, of which he is chairman. The Innaha preserve comprises several hundred square miles in Union, Baker and Wallowa counties. The territory is mountainous and rough and of such a forbidding nature that the notices required by law warning hunters to stay out of the territory could not be posted.

WOMEN VOLUNTEERS.

In stress and trouble the women of a nation are always to be counted upon. In Serbia the women went to the front with muskets in their hands; they were as strong and brave as the men on the firing line. In this country few of our women escape the weakening troubles of disease or ailment of a womanly character, no matter how recent or how long standing, the one sure, reliable remedy of proved merit is Dr. Pierce's Favorite Prescription.

NO CHARGE FOR THIS

Every home should have one. Every man and woman who isn't afraid to read a book so plainly written that anyone can understand it should write today for a revised copy of the People's Common Sense Medical Adviser to Dr. Pierce, Invalide' Hotel, Buffalo, N. Y.

committee last night. I went in about 10 o'clock primarily to ask one of the members a question. He was so engrossed and the committee was so interrupted that I finally became interested in the discussion of the numerous items under consideration. The committee had then been in session two hours and it continued in session until midnight.

MEASURE WILL BE RUSHED TO SENATE, WHERE FAVORABLE DISPOSITION IS EXPECTED.

The appropriations under discussion were those asked by the Hospital for the Insane. All the members of the committee had visited the institution and had had pointed out to them where the money and how the money was to be expended. Not only did the committee go into the necessity for each proposed expenditure, but called upon those whose private interests had familiarized them with farm activities or building construction or road work or stock raising for their opinions as to the accuracy of the estimates.

This committee is in session from 8 P. M. to approximately midnight every night. Last night after the joint committee had adjourned Chairman Cobb held the members of the House committee in session until midnight and that the falling steam had finally failed to reach the radiator on the third floor room where the committee sat.

DISCUSSION GROWS WARM

Provisions, Similar to Laws Existing in Other States, Require Registration on Arrival—Emergency Clause May Be Added.

STATE CAPITOL, Salem, Or., Jan. 20. (Special.)—Legislative lobbyists were put on the run by the House this morning.

FLAX GROWING PAGED

or company at any legislative session must register with the Secretary of State upon coming to Salem. They will be permitted to appear before committees but will not dare to interview individual members in person. They will be permitted, however, to submit written briefs to the members for or against any item of legislation. When they register they must designate in whose interests they are working and in what bills they are interested. Within 10 days after the Legislature adjourns they will be required to file a statement of State a statement of their expenditures. The corporation or person employing lobbyists also must file a statement of expenditures in this connection and must issue a written permit to the person or persons whom they employ.

HOUSE BILL FLOW IS STEADY

Increased Number of Jury Challenges in Felony Cases Asked.

STATE CAPITOL, Salem, Or., Jan. 20. (Special.)—The following bills were introduced in the House this morning: H. B. 103, by Lewis—Legalizing boxing contests.
