Double Stamps Today and Saturday 3 Floors YOUR HEAD AND STOMACH Headache caused by a disturbe

digestion is nearly always accom-panted by pain in the stomach, belch-ing of gas, vomiting and often by constipation. This sort of headache generally located in the forchead and is not constant but comes and goes. It does not come on immediately after eating but after the food has had Lang Syne Society Traces time to ferment which it does because the digestive fluids that should take

care of it are insufficient, because the clands that secrete these fluids are weak, because the blood is failing to nourish these glands properly. Rich, red blood is the first essential

to proper digestion and the digestive process cannot go on without it. When lack of nourishing blood causes fermentation and poisons are absorbed from the digestive tract, the pain in your head advises you of the fact. Dr. Williams' Pink Pills give the blood ust the elements they need to correct this condition and, with a laxative. when required, form a perfect treat-ment for the headaches of indigestion

Mention this paper and we will send you two little hooks on the diet and the proper use of a laxative. Address: Dr. Williams Medicine Co., Schenetady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

Prospector, Who Asks Banks to Pay \$4500 for Can of Stuff, Places 50-Pound Sack in Vault,

Dreams of wealth that staggered the magination were snattered yesterday when 50 pounds of yellow sand that Ragner Luncli packed on foot from Eastern Oregon, thinking it would assay \$97 to the ounce, was proved to little more than yellow sand when tested by a chemist. A trace of gold was found in the sand, but not sufficient to make its mining profitable. When Lunell tried to sell a tomato

When Lunell tried to sell a tomato can filled with the yellow dirt to sev-eral Portland banks for \$4500, the po-lice were notified and Detectives Swennes and Moloney arrested Lunell. His sanity was at first questioned, but after a brief examination by City Physician Ziegler, Lunell was released. He immediately went to the office of the assayer.

the assayer. A sack of the sand, weighing about 50 pounds, had been placed in a safe deposit vault of the Bank of California by Luncel upon his arrival here, before he had tried to dispose of the small amount he had in the can. He visited several banks, but was turned away

out danger to positions on the plateau French Attack Opens Battle. The battle began January 8 with a French attack up the valley to the west hetween the two trunpikes. The at-tack had been prepared for by a ter-rible artillery bombardment. Field guins and heavy artillery concentrated their fire on this section of the Ger-man trenches, and there was such a rain of shell and sinapnel on the de-frenders that they were unable to make an effective defense against the French mfantry attack. The French, with great dash, carried part of the German positions, but by their success they dampened the visor of their artillery tombardment.

## Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

The Unit Actual Rheumatism is no respecter of age, see, color or rank. If not the mont dangerous of humans afflictions it is one of the most natural. Those subject to rheumatism should eat less meat, dress as warmily as possible, avoid any undue exposure and, above all, drink lota of pure waits. Theumatism is caused by urie acid which is generated in the howels and absorbed into the blood. It is the function of the kidneys to fitter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this inpurity. In damp and chilly, cold weather the skin poren are closed thus foreing the kidneys to do doubte and fail to climinate thin uris acid which keeps accumulating and circu-lating through the system, eventually setting in the coints and muscles causing stiffness, soreness and pairs and rhe the issues of theunatism

At the first large of the and pairs called rheimatism. At the first large of the mating we have any pharmacy shout four outcos of and Salts put a tableshoot outcos of an Salts is and normalise unic actid by stimulating the blood of these imputilies. The Salts is inceptually, harmoless and is unde from the asid of stances and is unde with excellent results by thousands of folks who are salidest to any of the salts who are salidest to the salts. Here you have a pleas any effervences who are and a bene-ticial to your kithers as well.—Adv.
