Keep the Children Bright and Happy
 Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach the child naturally becomes cross and fretful from the discomfort. It is often punished for temper when medical attention is really what is needed. The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Pepsin is a mild, pleasant-tasting combination of simple laxative herbs with pepsin, and is especially recommended for children, because of its freedom from all opiate or narcotic drugs and its gentle action. It is sold in drug stores everywhere. A trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.
