

GREAT LINERS PAGE

Big Liner Leaves Philadelphia for Pacific Coast Carrying 500 Passengers.

NEW NOTABLES ON BOARD

New Steamer Will Ply from Portland to San Francisco and Sister Ship, Under Construction, Will Follow Soon.

PHILADELPHIA, Jan. 27.—(Special)

The Great Northern, one of two passenger ships built by Cramps for the Great Northern Pacific Steamship Company, today started on her maiden voyage to San Francisco via the Panama Canal. The vessel, which is said to be the first of the kind ever built in Philadelphia, carries 500 passengers, including prominent government and Pacific Exposition officials, representatives of the line, ex-Governor Glynn of New York, Norman B. Mack, National Democratic chairman, and Mrs. Mack, H. J. Heinz, the international Sunday school leader, and others.

Colonel George S. Young, commandant of the navy post at Vancouver, Wash., and many other Army and Navy officers are on the list, as is Howard A. Banks, private secretary to the Secretary of the Navy, Daniel, who goes to superintend the installation of the Navy exhibit at the Panama-Pacific Exposition. Many of the passengers are going to San Francisco especially for the Exposition.

Y. W. C. A. TO SHOW WORK

Demonstration of Activities to Be Made at Annual Meeting.

The Young Women's Christian Association will hold its annual public meeting tomorrow at 3 P. M. in the association auditorium. This meeting is being held in order to present to the community a picture of the work of the association which has been done during the past year. The association is a non-sectarian organization and its work is of a general nature. It is interested in the moral and social betterment of the community and is engaged in a wide variety of work, including the establishment of kindergartens, the maintenance of a day care center, the operation of a library, and the holding of religious services.

2 SENT TO PENITENTIARY

Jesse Wing and Carl E. D. Evans, Each 18, Are Sentenced.

Jesse Wing, the 18-year-old companion of Earl Riley, yesterday pleaded guilty to two out of seven indictments charging him with robbery and assault and was sentenced to 18 months in the penitentiary for the robbery of an automobile. Riley, who had "crossed his heart" and promised to leave McGinnis, the 18-year-old companion to the penitentiary by two weeks. Circuit Judge Davis said he would recommend Wing's parole after 18 months, but that he would not do so if his conduct in the penitentiary is good. Carl E. D. Evans, 18 years old, pleaded guilty to attempting the burglary of a meat market at First and Salmon streets and was sentenced to one to two and a half years in the penitentiary.

CARS WIN SPAN DECISION

Opinion is That Railway Cannot Be Held for Failure of Bridge Deck.

That the Portland Railway, Light & Power Company cannot be held for the failure of parts of the street decks of the Union and Grand-avenue bridges over Sullivan's Gulch, is the substance of an opinion sent to the City Council yesterday by City Attorney LaRoche. He says the failure of the decking was due to improper engineering over which the streetcar company had no control. Repairs which are being made to the bridges are said to be due to improper designs when the structures were first built. While the streetcar company is obliged to share responsibility with the city for the maintenance of the bridge under the conditions as they exist, it is said the company is not responsible.

LABOR COMMITTEE NAMED

Report to Be Made on Attitude of Council to Employers in Union.

City Commissioners Daly and Brewster are to be a committee of two to investigate and report on the attitude of the City Council regarding city employees being affiliated with labor organizations. The Central Labor Council sent a communication to the Council yesterday, asking for an expression from the City Council. On motion of Commissioner Daly, the committee was appointed. A city service union to take in all city employees is now being organized. The Labor Council, it is said, wants to ascertain the attitude of the Council on the subject before coming out in the open.

HOOD RIVER SEEKS EGK LABEL

HOOD RIVER, Or., Jan. 27.—(Special)

Poultrymen of Hood River Valley have forwarded a petition signed by 80 asking the county's legislative

members to support a bill providing for the strict labeling by merchants of the imported Chinese eggs.

FIRE OFFER CALLED JOKE

Baker Restaurant Owner Says His Remark to Cook Was in Fun.

BAKER, Or., Jan. 27.—(Special)—Hearing of the complaint against Earl Lunsford and John Matil, accused of starting the fire that swept Baker restaurant, which held the record for Justice of the Peace Hubbard tomorrow. Lunsford's confession, made before county authorities, may constitute the greater part of the state's case, although Matil still declares that he is entirely innocent. Matil declares that he might have made the remark that he would divide the insurance money with Lunsford in the event of a fire, but he said today that he does not remember having made any such remark, and that if he did, it was purely in fun. Lunsford insists that Matil made the offer, not only once, but many times.

Other testimony obtained by Chief of Police Jackson the morning after the fire will also be introduced and the authorities believe they will have sufficient evidence to warrant binding both Lunsford and Matil over to the grand jury.

BAKER HYDRANTS FROZEN

Many Residences Without Water and Famine Is Threatened.

BAKER, Or., Jan. 27.—(Special)—Service pipes from water mains to residences were found to be frozen in all the streets of Baker today and the water department is unable to attend these until after 16 fire hydrants have been thawed by the only electric apparatus available. In the meantime more than 150 householders find themselves without water and serious trouble is threatened. Baker, which is the only town in the county where the water is pumped from a well, is threatened with a water famine as likely to ensue.

BAKER, Or., Jan. 27.—(Special)

Service pipes from water mains to residences were found to be frozen in all the streets of Baker today and the water department is unable to attend these until after 16 fire hydrants have been thawed by the only electric apparatus available. In the meantime more than 150 householders find themselves without water and serious trouble is threatened. Baker, which is the only town in the county where the water is pumped from a well, is threatened with a water famine as likely to ensue.

JITNEY DRIVER FINED \$20

Third Arrest for Traffic Law Violation in Two Weeks Is Costly.

Arrested for the third time within two weeks for violation of the city traffic ordinance, H. A. Wertz, 34, was fined \$20 yesterday by Municipal Judge Stevenson and warned that persistent violation would mean a jail sentence. Wertz, who is a resident of Baker, was driving a jitney when he was arrested for violating the ordinance. He had been arrested twice before for similar offenses. The fine is the most costly violation in two weeks.

ROAD NOTICES PROPOSED

City to Tell by Signs Drives Under County Jurisdiction.

So people may know that the city has no jurisdiction over or responsibility for any county road within the city limits, the city engineer, H. A. Wertz, has arranged to put up signs reading "County Road" on all county roads within the city. The signs will be placed at the intersection of city streets and county roads. The city engineer says that the signs will relieve city officials of a great deal of trouble in the form of complaints about holes in roads or need of repairs or accidents. The signs will also be placed at the intersection of city streets and county roads.

NO SALES ON MERCHANTS EXCHANGE

Lack of Wheat to Offer Brings Business to Stop—Bids Advanced.

Wheat business continued to be in the local market yesterday, and for the first time this year there were no sales on the Merchants Exchange. Most of the dealers evidently had nothing to offer, and those with a supply on hand were especially slow. Bids for most deliveries were advanced from half a cent to 1 1/2 cents, while asking prices were generally 1 to 2 cents above bids, and in the case of prompt shipment the spread was 2 cents. The course grains were firm. Barley bids were not raised locally, but there was a good advance at San Francisco. Oats bids for later delivery were advanced 1/2 cent. There was talk that Canada contemplated removing the import duty on oats because of shortage there, but this was not verified. The market was generally quiet. The Montreal Trade Bulletin says: "Will Canada have to import wheat? That is the question asked on the Corn Exchange yesterday, and the reply was that while others contended that sufficient wheat had already been sold for export, but not yet shipped out, to raise the question as to whether enough wheat was being raised in the country for home consumption. Some millers, it is said, have become alarmed over the heavy export sales of wheat that have recently been made at such rapid and phenomenal advances, especially in the West, who have still to go into the market for the requirements of their mills, never dreaming that prices would tower up to their present high and maybe ridiculous level in such a comparatively short time. Trade is passing through a war epoch such as never was experienced before in ancient, medieval or modern times; and before this day's struggle between the foremost nations on the earth, ended other abnormal changes in the business world will no doubt be recorded."

DAILY METEOROLOGICAL REPORT

PORTLAND, Jan. 27.—Maximum temperature, 34.2 degrees; minimum, 29.8 degrees. Wind, light S. M. 2 to 3. Total rainfall, .04 inches. Snow, 0.2 inches. Total rainfall since September 1, 25 inches; since January 1, 1.5 inches. Total sunshine January 27, 27 minutes; possible sunshine, 9 hours. Barometer, 30.02 inches (sea level) at 3 P. M., 29.98 inches.

THE WEATHER

Table with columns for Station, Temperature, Wind, Clouds, and State of Weather. Includes locations like Baker, Boise, Boston, Chicago, Des Moines, Duluth, Galveston, Sacramento, Salt Lake, Seattle, Spokane, Tacoma, Tatonah Island, Walla Walla, Washington, and Winnieba.

WEATHER CONDITIONS

A depression of considerable energy is central at sea off the North California coast and southeast storm warning has been issued for the coast of Oregon, at 8:30 P. M. The Saskatchewan high-pressure system is moving southeastward to the Upper Mississippi Valley. Rain has fallen in California and southern Oregon. Heavy snow has fallen in the Lower Missouri and Upper Mississippi valleys. On the Pacific slope the temperatures have remained near zero.

Portland and vicinity—Rain, probably preceded by light snow, warmer; southeasterly.

Oregon—Rain, wet, rain or snow east portion; warmer; southeasterly.

Washington—Rain, wet, increasing cloudiness followed by rain or snow east portion; easterly winds.

EDWARD A. BEALS, District Forecaster.

Eastern Oregon Growers Expect Big Prices.

There was another 10-cent advance in sugar in the Eastern markets yesterday. The local market is very firm and an early advance is expected. Bank Clearings. Bank clearings of the Northwestern cities yesterday were as follows: Portland, \$1,231,774; Seattle, \$1,829,927; Tacoma, \$1,211,714; Spokane, \$423,742; \$4,797,157.

EARLY CONTRACTING TAK

History Will Be Made in Western Markets in Coming Spring—Outlook for Mohair Is Not So Favorable.

All wool men agree that the coming season will be the most interesting, and perhaps exciting, that the Western markets have seen in many years. Beyond this they will make no prediction. Prices, of course, will be good, but whether they will be high, or low, high, or no one can guess. Eastern buyers will be in the market and will go to a high range and some of them are talking of a 25 or 30-cent market. With stocks in America as low as they are and spot prices here and abroad continuing to advance, there is no doubt the 1915 market will open very strong, but buyers are not willing to concede that farmers will be the price takers they are expecting. A dealer here has a speculative disposition to undertake forward business in the face of the conditions this year. Nevertheless it is said contracting has been done to a considerable extent and it is also reported that some contracts have been signed around Arlington. The terms were not mentioned, nor could the reports be verified. The mohair market, which will open in advance of the wool market, does not have such encouraging prospects. The mohair goods and plush trade is poor, as is indicated by the fact that the cost of each week. Stocks of mohair in this country are small, but there is almost no demand for the raw material. The war is the dominating factor in the mohair trade, but it is the reverse in the mohair hair line. About the only favorable feature of the situation is the fact that Turkey will not be able to ship its produce, and should England refuse to accept mohair from the Cape she will have to come to this country for it. In the East, according to the Boston Commercial Bulletin, mohair trade is of moderate proportions and prices are steady and not quite so advanced. The situation in Yorkshire appears to be without material change, no export trade being noted in particular except the United States, shipments of mohair to the states in December amounting to over \$3,000,000 and of mohair manufactures to about \$170,000.
