ELECTRIC LINE PLANNED

NECTED WITH EUREKA, CAL.

Hills and Guggenheims Also Plan to Operate Steamships From Humholdt Bay to Orient, Is Report.

KLAMATH FALLS, Or., Jan. 28. (Special.)—An electrically operated railroad is being planned from Eureka, Cal., up the coast to Requa and thence up the Klamath River to this city by the Hill-Guggenheim interests, according to the report of D. W. Hanson, president of the Eureka Development

president of the Eureka Development Association. The line will connect at this city with the Hili transcontinental lines. It is also proposed to make Humboldt Bay the home port of a line of steamers to ply to the Orient.

Two power projects will be constructed, one at Ishi Pishi, which has been more or less worked for the past five years, and the other here.

Surveyors are said to be looking over the route up the Klamath. It is known that the Guggenheims are interested in a big copper mining project in Siskiyou County, California, on the Klamath River, and that a mine is being opened. Transportation to and from this mine will be furnished by this electric railroad.

from this mine will be furnished by this electric railroad.

Farmers' Institute Held at Kelso.

KELSO, Jan. 28.—(Special.)—Much interest was manifested in the farmers institute held in Kelso Tucsday, and a large attendance of farmers from all sections of Cowlitz County was present. The institute was conducted by this Western Washington experiment station under the auspices of the Kelso Commercial Club. More than 125 visitors were guests of the Commercial Club at dinner yesterday. H. L. Blanchard, superintendent of the experiment statistion; E. B. Stookey and J. L. Stahl made addresses.

changed.

Charles Faram & Co., Worcester—There have been more inquiries this week, but the amount of business has been small, partly owing to the few hops now offering by growers. Orders have mostly been supplies from merchants' stocks, so prices are not quotably altered, and are well maintained by holders if approached about their lots; 26,395 pockets new hops were weighed up to Christmus, compared with 7534 pockets last year and 14,395 in 1912. This shows the very large quantity of the growth actually passed out of first hands and the visible stocks are very small considering the size of the crop growth. of the crop growth.

Liverpool and Paris Cables Are Higher--Elevator Stocks in Northwest Decrease Ten Million Bushels in Month.

CHICAGO, Jan. 25.—War advances today outdid anything hitherto in regard to prices of grain. May wheat took the lead and crossed above \$1.50, a mark which not ions ago seemed fabulous. Active huying carried other cereals as well as wheat to new high levels. Wheat closed unsettled at \$67% to 1% 67% to 1% 6% up, oats a shade off to a like advance, and provisions at a rise of 15c to 30c.

Despite a recent almost vertical second.

rise of 15c to 50c.

Despite a recent almost vertical ascent of more than 11c a bushel, wheat today jumped upward right at the start. There was no selling pressure from actual holders. Baltimore sent word that wharf space was insufficient to accommodate ateamships waiting to load for Europe and there were cables at hand telling of greatly tightened prices at Liverpool and Paris.

Export sales of 1,000,000 bushels of wheat at the seaboard and 500,000 bushels here helped bring about in the last hour the stropgest swell in the market. In addition, it was raid country elevator stocks in the

there were depleted.
Only once before in 20 years was May corn so high as today, but active commission-house buying readily absorbed large profit-taking sales.
Forsign purchasing of oats counteracted the influence of denials that the Canadian import duty on oats would be withdrawn. Realizing sales by owners, however, were liberal.

Southern Pacific to Spend \$10,000.

ROSEBURG, Or., Jan. 38.—(Special.) That the Southern Pacific Railroad Wheat Goes Above \$1.50 Mark in Chicago Pit.

That the Southern Pacific Railroad Company plans to spend approximately \$10,300 pin improving its yards in Roseburg in the near future was announced here yesterday by J. G. May, assistant superintendent for Oregon. The expenditures will cover the improvement of the depot grounds, extending of side-tracks and surfacing of the freight yards. Actual improvement operations will begin within the next 20 days.

Klamath Exhibit Head Selected. KLAMATH FALLS, Jan. 28 .- (Spe KLAMATH FALLS, Jan. 28—(Special)—At a meeting Tuesday night of the directors of the Chamber of Commerce, Caleb T. Oliver was chosen to take the Klamath exhibit to the San Francisco fair next week and install it in the Oregon building. Mr. Oliver has had a number of years' experience of this kind. He was secretary of the Chamber of Commerce two years.
