KAISER EVER CALM

Slander Embitters but Does Not Make Emperor Rash.

GERMAN 'KULTUR' DEFINED

Spirit is Compared With English Civilization; Former Embracing High Morale, Latter Being Confined to Drawingroom.

MUNICH, Germany, Feb. 3 (via London).—The Neueste Nachrichten has published an interview with Dr. Ludwig Ganghofer, the German author, in which is given a further account of the writer's visit to Emperor William at the Imperial Field Headquarters, Dr. Ganghofer says:
"I heard and saw an example of the Emperor's quiet patience with slanderous statements which should be instructive for us all. Remarks of such a nature embitter him, but even in his greatest excitement he never loses the mastery of his tongue. I heard him say in such a case: 'That is strong, but it is silly also. It is fortunate that truth is always wise in the long run and that it has longer legs.'
Race Course Simile Used.
"Nevertheless there is a slight vibration in his majesty's voice when the subject is our Germanic cousins across the channel."
"In a conversation with the representative of a neutral state the Emperor once said:
"You are a sportsman. When, in a

EMBARGO ARGUMENT ON

PREVIOUS ENGLISH AND GERMAN BANS ON WAR GOODS CITED.

Kaiser Stopped Cargo En Route to Spain in 1898, as Urged by United States, Says Representative Bartholdt.

WASHINGTON, Feb. 3.—Senator Hitchcock's bill to empower the President to forbid exports of war supplies was urged before the Senate foreign relations committee today by Horace L. Brand and Michael English, of Chicago, and Representative Bartholdt, of Missouri.
Mr. Bartholdt said England had enacted a similar law in 1865, just before the Crimean War, and regarded it as a domestic matter. Under questioning by Senator Sutherland, he thought the effect of the Hitchcock bill would be to weaken the allies.
He cited the biography of Ambassador White at Berlin in 1898, during the Spanish-American War, to show Germany's attitude. It was said there, he said, that a shipload of war materials had left Hamburg for a Spanish port when Mr. White protested and the German government, although it had a clear right to permit such traffic, ordered the ship back to Hamburg to be unloaded.

AID FOR PALESTINE ASKED

Jewish and Christian Organizations Join in Relief Movement.
NEW YORK, Feb. 3.—Announcement was made tonight that officers of various Jewish societies in America and Christian missionary organizations have formed a committee to appeal for funds for the relief of the destitute inhabitants of Palestine, Syria and adjacent regions.
The committee, known as the Palestine-Syria Relief Committee, says that an appalling measure of misery and threatened starvation exists over a region larger in area than Belgium and among people equal in numbers—Christians, Jews and Mohammedans.

FORCE IN HAITI OPPOSED

General Says Landing of Marines Will Antagonize People.

NEW YORK, Feb. 3.—The landing of American marines in Haiti is not only uncalculated for, but will tend to incite a bitter feeling against Americans, in the opinion of General Justin Politevien, of the Haitian army, who arrived here today on the steamship Prinz Frederick Hendrik from Haiti on his way to Paris.
"American and foreign interests at present are safe," he said, "and there is no reason for alarm. The cause of Haiti's troubles is financial. The people resent the dominating influence of the banking and the evident freedom with which private enterprises are financed, to the detriment of the government interests."

POPE TO BE REPRESENTED

Representative Expected to Attend Pan American Conference.

ROME, Feb. 3.—The Giornale d'Italia publishes today a report that Pope Benedict will participate, through a representative, in the conference of the Pan-American Union, which are being held at Washington to define the relations of North and South American countries to the belligerent nations in respect of questions arising from the war.
The newspaper says furthermore that it is the desire of the Pope to assist in any movement designed to diminish suffering from the war or to shorten the period of hostilities.
The first electric plant within the Arctic circle will be erected at a mission at Point Hope, Alaska, the power being supplied by a windmill.

LIEBKNECHT READ OUT

SOCIALISTS CONDEMN A MEMBER WHO OPPOSED WAR LOAN.

BERLIN, Feb. 3.—(Via Amsterdam and London.)—Dr. Karl Liebknecht was virtually read out of the Socialist party tonight in a resolution adopted at a meeting of the Social Democrat members of the Reichstag. This resolution reads:
"The Socialist party strongly condemns Karl Liebknecht's breach of discipline and it reprobates the misleading information he has spread concerning progress within the party. The party is determined it shall vote as a unit in the Reichstag. If any deputy is unable conscientiously to participate in the voting he may abstain, but he must not give his abstention the character of a demonstration."
Dr. Liebknecht's action on December 10 in voting against the new war credit brought out many expressions of disapproval in Socialist party circles. The Socialist deputy was the only member of the Reichstag who did not vote for the war credit.
Rural Credits Inquiry Favored.
WASHINGTON, Feb. 3.—The House banking committee today adopted a resolution for the appointment of a committee of four Senators and five Representatives to investigate rural credits and to report at the next session of Congress. The investigation would relate to personal credits and not land credits. The committee voted down a proposition looking to land credits legislation.
Investigations by the geological survey of the erosion of numerous drainage basins of the United States show that the surface of the country is being worn away at a rate of about an inch in 700 years.
