Joint Ways and Means Committee Asked to Unite With Federal Plan-J. N. Teal and A. L. Mills Among Champions.

STATE CAPITOL, Salem, Or., Feb. 3.

—(Special.)—Leading business men of Portland, Eastern Oregon and other sections of the state at a meeting tonight urged the joint ways and means committee to report favorably upon the House bill providing an appropriation of \$450,000 for irrigation work the next two years. All declared that the proposed work would constitute an investment the state could ill-afford to decline to make inasmuch as the Federal Government had guaranteed to give a similar amount in the reclamation of the arid lands of the state.

Joseph T. Hinkle, Representative in the Legislature from Umatilla County, and chairman of the House irrigation committee, said the progressive business men of the state wanted the appropriation as was evidenced by its advocacy by the Portland Commercial Club, the Portland Chamber of Commerce, the Progressive Business Men's Club, the lumber, railrond and other interests.

Counties to Choose Delegates and Name Own Officers, but Not Any for State-Alleged Forgery on ex-Governor Found.

BOISE, Idaho, Feb. 3 .- (Special.)-The state-wide primary for the nom-ination of Federal and state candidates for Idaho is doomed and will make way for a state convention to accomplish the same result if the Republican adate late today is enacted into law. The bill came from the state affairs com-mittee. That it will precipitate a bit-ter light in the Legislature before it is

mittee. That it will precipitate a bitter light in the Legislature before it is passed was forecast by leaders of both parties here tonight.

The bill is a combination of numerous proposed acts and suggestions. While eliminating the primary for the nomination of state officials, it retains that part of the present primary law for the nomination of county and legislative candidates, but strictly draws party lings and prevents participation by the members of one party in the primary of another. The last Tuesday in July, 1916, is set by the bill as the date for the county primary to be held in the respective counties in the state to nominate county and legislative candidates by the respective parties, as well as delegates to a county convention to be held on the second Tuesday in August.

This convention would select the delegates to the state convention the fourth Tuesday in September, which, in
