### EXECUTIVES ARE CHOSEN

Among Proposals Made to Commemorate Opening of Waterway Is Trip to Mouth of Columbia and on to San Francisco.

charge of the arrangements for the waterways celebration to be held in Lewiston in May, commemorating the completion of the Celilo canal, has chosen Eugene A. Cox chaleman. A. S. Stacy was chosen permanent treasurer Mrs. Jessie Adams, secretary, and Wallace E. Stainton, publicity representa-tive. The following executive commit-tee was named: R. S. Erb, H. L. Pow-ers, M. A. Means, P. H. Quilliam and C.

F. Osmers.
Chairman Cox in assembling the committee said that perhaps few fully realised the importance of the Cellic canal work associated with the Panama canal work associated with the Panama canal construction, as in the world's history there had been but few occasions when work of this character practically changed the course of the world's traffic and business. He said the duty of the committee would be to arrange a programme, and said a tentative suggestion had been made, for instance, that an all-water excursion from Lewitton to the sea could be made with the possibility of a continuous passage to San Francheso. "We should get busy," said Mr. Cox, "and entertain in a manner that is proper and fitting and worthy of ourselves."

said Mr. Cox. "and entertain in a manner that is proper and fitting and worthy of ourselves."

Mayor Morris hearilly approved the plan for a celebration and felt it was a duty that the citizens would welcome. He also expressed the idea that the celebration should be limited to one day with, perhaps, a second day devoted to excursion features with the return of the boats to the lower river.

"I think when outside people consider Lewiston they think of it in association with waterways and the Ceillo canal." said President Black, of the Lewiston State Normal School. "Considering my experiences with uniside people in commenting upon this subject. I have felt apologetic that I did not know more about it. They cannot understand why the thing is not setting Lewiston on fire, in other words, while we are in sympathy with these things we are wonderfully complacent. This is one of the largest things that ever was thrint upon any city. I feel we must respond to the call."

E. I. Spikker, of the Western Hardware Company, said the improved condition of the channel with the completion of the Ceillo canal would be a source of exultation, for eyea in the unimproved state the river had been an agest in the development of the country. "I think, however," he continued, "we ought to heap our eye on the future, and if we are celebrating, bear in mind that we have other things we want to bring to pass in order to make this Ceillo canal of the greatest benefit. A series of dams would not enly develop power, improve the channel for navigntion, but also would enable the pumping of water to reclaim many thousands of acres of land. We cannot make a city here by just sitting down and depending wholly upon improved to a canal content of the canal canal content of the canal source of exultation, for eyea in the unimproved state the river had been an agest in the development of the country. I think, however, he consistent in the development of the country, we ought to keep our eye on the future, and if we are celebrating, bear in mind that we have other things we mant to bring to gass in order to make this Cellio canal of the greatest benefit. A series of dams would not only develop nower, improve the channel for navigation, but also would enable the pumping of water to reclaim many thousands of acres of land. We cannot make a city bere by just sitting down and depending wholly upon immediate local remources, it must be apolicy that will reach out and bring to us the energies from the outside."

If think that Lewiston will be beighted argely with the open river and to us the whole of Montana markets, said P. H. Quilliam.

If H. B. Rowell, of Lewiston Or-chards, thought murger of the contract of the

40 us the whole of Montana markets, said P. H. Quilliam.
II. H. S. Rowell, of Lewiston Orchards, thought unprecedented opportunity was offered Lewiston and this region to effectively advertise itself through the celebration suggested.

The cruise, once made will stand for all time, he points out, requiring only checking from year to year on the lands which have been logged or burned.

### BAKER CLUB BOARD NAMED

Country Dwellers First Object.

BAKERS Or., Feb. 4.—(Special.)—
Ernest Welch, merchant, was reelected president of the Baker Commercial Club at the annual meeting
last night. He has done much toward
keeping the club actively engaged in
city affairs. William Duby, cattleman,
was elected vice-president; Chauncey
Kirkpatrick, merchant, was elected
treasurer, and Walter Meacham was
re-elected secretary and publicity manager W. S. Levens and Earl F. Cranston resigned from the directorate and
their places were filled by George Meintyre and A. A. Hansen.

President Welch announced that his
policy would be to work for cementing relations between the city and
country dwellers.

Wenatchee Company Elects.

WENATCHEE, Wash., Feb. 4.—(Special.)—At the annual stockholders' meeting of the Wenatchee Valley Gas. & Electric Company, held Tuesday, the following board of trustees was electric: Arthur Gunn, J. H. Stout, Fred Reeves, George D. Brown, Charles F. Brown, R. T. Lovell and H. Remley. The officers elected were: Arthur Gunn, president; George D. Brown, first vice-president; J. H. Stout, second vice-president; Fred M. Crollard, secretary, and R. C. Kennedy, treasure.

\*\*The big January buying movement in the hop market appears to have extended into pehruary, although dealers yesterday reported a slowing down of operations with some of the more important buyers withdrawn from the market.

The Pierce Rives at \$1.75 a hundered weight, with sales not in proportion to the large amount of this grain which the farmers are holding.

Pressure on Some of Leading Active Stocks.

MANIPULATION BY POOLS

Bethlehem Steel Is Strongest Feature of Day's Trading With Advance of Almost Three Points. Sugar Shares Lower.

NEW YORK, Feb. 4.—Renewal of liquidation in several of the high priced dividend paying railway shares and continuance of the recent pool manipulation in certain of the apecialities, motably the automobile issues, were productive of some mixed price movements in teday's stock market. Can adian Pacific and Southern Facific, as well as Reading and part of the granger group, were under pressure, which seemed to result more from liquidation than short salling. Rumor attributed the selling of Canedian Pacific and some other favorities to foreign account but international brokers reported little liquidation for Europe, United States Steel and the coppers were sympathetically affected, the one notable exception being Bethlehem Steel, which was the most active feature of the morning assaion, with a rise of amost a points, which it maintained despite another authoritative denial of the rumor that the stock is soon to be placed on a dividend basts.

American Sugar was exceptionally weak among the issues of its kind, losing a points on persistent seeling, while Beet Sucar declined a point, United States Realty, one of the dormant specialities, dropped S points to 40, its minimum.

In the final hour prices underwent readjustment, some stocks making partial recovery, while others fell back again.

The new Pennsylvania 4½s were the principal feature of the Irregular bond market, with heavy salling under their recent best. Total sales, par value, were \$2,200,000.

## **MUTTON MARKET STRONG**

CHOICE LAMBS SELL AT \$8.10. WEIGHED OFF CARS.

Hogs Are Firm at Recent Advance. Trading in Cattle Division Is Quiet.

The strong position of the local mutton market was shown by the sales at the yards yesterday, when lambs brought \$3.10 weighed off cars and yearlings \$6.90.

The hog market was also firm and the advanced price of the preceding day, \$7.25 for best grade, was repeated in the few sales of this quality made. Only about three loads of cattle were disposed of, mostly of medium grade.

Receipts were 31 cattle and 412 hogs. Shippers were:

With hogs—Glenn Jones, Heppner, I car: F. M. Anderson, Bliss, Idaho, I car. With hogs—Glenn Jones, Heppner, I car: J. A. Riges, Redmond, I car; H. A. Kaiser, Dixon, I car; w. B. President's Speech Helps Bulls in Wheat Market.

### BUYING OPERATIONS LARGE

Purchase of Flour by Europeaus Sends Along Advance - Cash

Wheat Sells at Top Point
Reached by May.

CHICAGO, Peb. 6.—President Wilson's speech referring to a world shortage of food and to his desire to promote the export trade of the United States served as a basis today for released activity on the buying side of the wheat market. Largely as a result there was an extreme price having such tents are not asked to 1%c. Provisions finished 2½c off to give them away, but to fix a modernate of 1%c a bushed, with the close unsettled at 2½c to 1%c above last night for 1%c. Provisions finished 2½c off to 5%c W. According to some leasers in the wheat trade Mr. Wilson's address formed the commons Mission are co-operating with Mrs. Sharp in the work.

the 134c. Provisions finished tips off to be up.

According to some leaders in the wheat trade Mr. Wilson's address formed the strongest influence that knyers had been favored with since the cases of the discount of the work of the strongest influence that knyers had been favored with since the cases of the strongest influence that the president wilson's pressure developed in the wheat market until quotations had reached within 1 cent of the top level heretofore attained. Halls were quick to utilize President Wilson's speech as a belp to overcome yesterday's big drop in prices. It was urged by bull leaders that the address was of high significance as an official appreciation of the food grain shoringe in the world and as implying that the resident was not in sympathy with a grain embarge. Big margins tailed to check very much today the activity of the market in the market went to slight for May, following the market went to slight for May, following the market went to slight for May, following the market went to slight for May, influenced by advices that Europeans were taking flour as wall as wheat on a large scale. More Traveling Expenses Asked.

PENDLETON, Or., Feb. 4.—(Special.)

A committee of the Pendleton Commercial Association has sent a com-

munication to the Umatilia County delegation in the State Legislature, urging an effort to increase the amount of traveling expenses allowed the Superintendent of Schools in this county. It is said that this will be necessary with the elimination of the county supervisory law it the Superintendent is to make all the visits to schools that are required of him. Last year, notwithstanding the fact that he had the assistance of a supervisor, County Superintendent Young used about \$100 of his own money for traveling expenses. At present, he is allowed \$200. munication to the Umatilia County

ENTERPRISE, Or., Feb. 4.—(Special.)

—A new ordinance providing for the issuance of \$25,000 sewer bonds was passed by the Enterprise City Council this week and the Recorder was authorized to advertise for bids for the bonds, to be opened March 15, and for bids for the construction work, to be opened March 22.

Plans for the sewer system have been prepared under the direction of J. C. Edsall, consulting engineer and construction engineer of the East Oregon Lumber Company, of this city. They provide for two and a half miles of trunk drains, to be put in with the proceeds of the bond issue. The outlet will be into Trout Creek, in the north end of town, where a large septic tank will
