

WASHINGTON GIVES DIPLOMAS TO 63

Pleasures of Study Drawn for
Graduates by Dr. J. H.
Boyd in Address.

MORE SCHOOLING URGED

Superintendent Alderman Wants
Students to Go Further and Take
Up College Work—Medal Gift
of German Society.

It was a message of the value of
enjoying life to the fullest extent which
Dr. J. H. Boyd brought in his ad-
dress to the 63 members of the gradu-
ating class of the Washington High
School, who received their diplomas
Wednesday night.

"You are going out, many of you,"
said the speaker, "to get next to the
realities of life, and I want especially
to urge you that you have not joyous-
ness behind. The old glamour which
youth gives to life will die out, but
nevertheless, if you will you may have
the larger enjoyment which comes with
maturity."

The speaker mentioned three sources
of this larger enjoyment. One was
knowledge, which, he said, brings with
it power; another beauty through the
world of art, and a third the pleasures
to be found in nature.

Medal Given by Society.

Miss Nellie L. Dupp, who was a mem-
ber of the graduating class, received
the medal for excellence in German
given by the Confederated German
Speaking Societies of Oregon. The
token was presented by L. E. Schmidt,
representative of the societies, who
spoke a few words on the value of the
study of the German tongue. He said
he was greatly pleased with the num-
ber of students who were taking up the
study of that language in Portland.

The diplomas were presented by City
Superintendent Alderman, who grati-
tude the members of the class on
having completed the high school
course. He said, however, that a heavy
load could not be piled up with a high
school diploma, and urged the gradu-
ates to continue their studies further.

Clubs Furnish Music.
Music by a girls' chorus and by the
boys' glee club, under the leadership of
W. H. Boyer, director, formed a pleas-
ant variety to the programme. A double
quartet, composed of Miss Marion Ben-
nett, Miss Mary Inman, Miss Mar-
guerite Cook, Miss Marion Reed, Wil-
liam Bradley, Charles Wells, Russell
Ballard and Raymond Blued, sang two
selections and was called back for an
encore.

At the close of the members of the gradu-
ating class sang "Auld Lang Syne" and
then "Washington, My Washington," a
school song. This last number had a
solo part which was taken by L. Car-
roll Day, who composed the words of
the song.

VILLA ASSUMES OFFICE

General Declares Himself President
of Mexico.

EL PASO, Tex., Feb. 4.—Francisco
Villa has proclaimed himself in charge
of the Presidency of Mexico. This was
announced in a telegram from General
Villa, received tonight by his agents
here. Villa appointed three ministers
to take charge of the civil govern-
ment.

The Northern chieftain by his act
becomes the tenth man to assume the
provisional Presidency of Mexico since
the downfall of the Diaz dictatorship in
1911.

WEST COAST IS STORMED

SAN DIEGO, Feb. 4.—A radiogram
to Rear Admiral Howard, on board the
flagship San Diego here, received
Wednesday from Mazatlan, reported
that General Turbe, Villa's high com-
mander, stormed Acapulco last Monday,
after several hours of fighting, and captured
60 prisoners. His own wounded are be-
ing transported to Mazatlan.

The cruiser San Diego left here to-
day for Ensenada to investigate con-
ditions there.

gramme of Premier Asquith.

YOUNG HERO SENDS THANKS

German Explains Recovery, Single-
handed, of Gun Taken by Russ.

RICHMOND, Ind., Feb. 4.—At the out-
break of the European war last summer
Oscar Tauer, who is an officer of a piano
manufacturing company in this city,

cashed \$6.25 to General Fouquet, com-
mander of a brigade in the German army
operating against the Russians. He
gave instructions that the money was
to be given to the first private soldier
in Fouquet's brigade who won the Iron
Cross. Tauer and Fouquet had been
schoolmates.

Today Tauer received a communi-
cation from General Fouquet announcing
that his prize had been awarded to
Private Robert Judwischat, a German
Pole, and the General inclosed Jud-
wischat's letter, addressed to Tauer,
explaining how he had won the coveted
decoration.

The young hero said his regiment had
treacherously deserted at night. When
they reached a safe position it was
learned that the Russians had cap-
tured a German battery. His Captain
called for four volunteers to go back
after the guns in the face of the heavy
Russian fire. Judwischat modestly ex-
plained that he was one of the volun-
teers. They took horses with them. One
of his comrades gave up the attempt
and the other two were killed, but the
young Pole was able to hitch a wounded
horse to one of the guns and get back
into his own lines under a hail of shot
and shell. His letter concludes:

"Again I thank you very much for the
25 marks. I added that to my pay
and sent it to my young brother, who
was captured by the Russians and
forced to drive the cattle, which they
stole from my dear home, across the
frontier. He is 15 years old. He was
working for a big farmer, who died and
took him along. The Russians stole
his trunk, in which he had his clothes,
so the poor boy had nothing left but
the clothes in which he was dressed.
Through your generosity my brother
now has another suit."

STATE INDUSTRY BACKED

NEW HEAD OF MANUFACTURERS
TO GIVE FACTORIES MORE AID.

A. J. Kingsley Thinks Interests of
Capital and Labor Depend on
Better Trade Conditions.

A more determined effort for the
assistance of industries in Oregon will
be the policy of the Manufacturers' Association in the coming year, accord-
ing to A. J. Kingsley, the newly elected
president.

"The association desires to help man-
ufacturers in all parts of the state to
solve the problems that they are en-
countered, and it should be our effort
in the coming year to work as effec-
tively as possible in this field," says Mr.
Kingsley. "We want the manufacturers
of the state to get into the habit of
bringing their problems to the associa-
tion so that it can help in the solution
of them."

As the constitution of the Manufac-
turers' Association has been changed to
take in a wider scope of work, Mr.
Kingsley says:

"I realize the Manufacturers' Associa-
tion has done a good work, and the
past president and directors have put
in a great amount of work in building
up the use of home-made goods, and
want to continue to build up this
trade."

"Further than that, we want to take
up matters of interest to all manu-
facturers and do everything possible in
concerted effort to build up Oregon as
a manufacturing state."

"The interest of the laborer lies in
building up the interests of manufac-
turing and the better basis and condi-
tions we can put manufacturing on the
better labor conditions will be. The
better we can make conditions for labor
the better it will be for our state."

"We have an able board of directors,
and harmony and advancement is the
word with them."

The list of officers now heading the club
follows:

Directors—H. A. Connor, P. Feldman,
R. S. Bain, Jr., W. E. McKibben, E. S.
Mann, O. Heintz, W. H. McMonies,
A. E. Gantenbein, A. C. Black, A. J.
Bale, Colonel David M. Dunne and A.
J. Kingsley.

Officers—A. J. Kingsley, president;
P. Feldman, vice-president; and A. E.
Gantenbein, secretary and treasurer.

BRITON UPHOLDS WILSON
AID FROM AMERICAN MERCHANT
SHIPS DECLARED POSSIBLE.

Raid by German Submarines on Com-
merce Creates New Situation, Says
London Daily News.

LONDON, Feb. 4.—Raid by German
submarines on their commerce might
make a United States merchant marine
valuable to Great Britain as a mode
of supplying food in the opinion of the
Daily News, which prints an editorial
this morning justifying President Wil-
son's attitude on the ship blockade bill
before Congress.

The paper says this "unprecedented
development of state socialism" is the
only means whereby the United States
can recover its place in the world of
shipping. The editorial sets forth that
in the present war the submarine has
become a serious menace to England's
food supply and in any future war will
dominate her positions, unless, in the
meantime, science should discover
some effective means of defense.

PLACER FILINGS CONTINUE

Machinery Reported Ordered for
Work in Jefferson County.

CULVER, Or., Feb. 4.—(Special.)—
When County Clerk Johnson opened
his office yesterday there were 15
placer location notices for filing which
had come in over night. These make
over 30 placer filings which have been
made here within the past few weeks.

Arrangements have been made to in-
stall machinery for working some of
these locations. Portland and other
mining men have been investigating
the district and have determined the
feasibility of installing machinery.

Two Autos Are Stolen.

Two automobiles were reported to
the police as stolen last night. G. C.
Harbott, who lives at the Oregon Hotel,
said that his machine was taken from
the street in front of the hotel late
yesterday and Fred Pineda, 272 Jeffer-
son street, lost his car when he left it
at Grand avenue and East Morrison
street.

CANADA AFTER MAN

Extradition of Dynamiter of
Bridge Is Sought.

GERMAN ASKS PROTECTION

Appeal Is Made to Ambassador—If
Act of War as Contended Is Proved,
Violation of United States Neu-
trality May Be Involved.

WASHINGTON, Feb. 4.—Formal ap-
plication for the extradition to Canada
of Werner Van Horn, charged with
"attempted destruction of human life,"
was made at the State Department
Wednesday by Sir Cecil Spring-Rice, the
British Ambassador.

The Ambassador called personally at
the Department and presented a brief
note to Secretary Bryan based on com-
munications from the Canadian Minis-
ter of Justice at Ottawa, informing
the Embassy that Van Horn had been
detained by the Canadian authorities
on the charge of attempting to destroy
human life, through the wilful and un-
lawful destruction of the St. Croix River
bridge.

Secretary Bryan referred the com-
munication to the solicitor of the De-
partment for examination as to its form.
If the application is found to be regu-
lar, Van Horn will be ordered before a
United States Commissioner nearest to
Vancouver, where he is now under se-
curity, and the Canadian authorities
will have the chance to make out a
prima facie case sufficient to justify
the demand for the surrender of the
prisoner.

Should the Commissioner decide that
there is no case against Van Horn, the
prisoner might be discharged without
further proceedings. If he holds the
man for extradition, then it is com-
petent for Van Horn to take an appeal to
the State Department. It is even pos-
sible, in extreme cases, for the United
States courts to be invoked in the
prisoner's behalf.

Van Horn already has indicated his
purpose of fighting extradition. In a
telegram today he appealed to the Ger-
man Ambassador to look after his in-
terests, declaring that he was a German
subject and "did not put foot on Canadian
soil."

The last statement was taken here to
insure a purpose on the part of the
prisoner to make the technical point
that though he was on the bridge he
did not actually stand on Canadian
officials here attach no importance
to this plea.

Neutrality Violation Possible.

The German embassy delayed passing
on Van Horn's request pending a re-
port on his citizenship from the Ger-
man Consul-General in New York.

Officials of the State Department de-
cline to express any opinion publicly
in regard to the sufficiency of Van
Horn's contention that his offense was
"political," that it was an act of war
directed against his country's enemy
and that it was his intention to prevent
the continued transportation across the
bridge of troops and munitions of war
going to Europe to be used against
Germany.

It was pointed out, however, that to
prove that his act was an act of war,
Van Horn must produce evidence that
he was acting under higher authority
and by direct orders. The act of an in-
dividual on his own responsibility
usually is not accounted an act of war.

On the other hand, if the prisoner
should produce evidence that he was
he was acting under explicit direction
and authority of the German govern-
ment, it is said a violation of the neu-
trality of the United States by Germany
might be involved.

The Canadian government, in making
its application, referred to the man as
an ordinary civil criminal. Incidentally,
it is pointed out, this insures Van Horn,
in the event of his surrender under
extradition proceedings, from being
treated as a German spy or even as a
military prisoner.

CLEAN-UP PLAN FORMED

CITY BEAUTIFUL COMMITTEE PER-
FECTS DETAILED WORK.

Every Schoolroom to Have Two Seats,
Garbage Wagons to Be Covered,
and Lots Will Be Gardens.

Portland will clean house on Lin-
coln's birthday, February 12.

Following clean-up day will come
rose-planting day, probably Washing-
ton's birthday, February 22.

The City Beautiful Committee, work-
ing in conjunction with the Rose Festi-
val Association, decided many details
of the clean-up at the monthly meet-
ing last night in the green room of the
Portland Commercial Club. Present
were Julius L. Meier, chairman; A. E.
Frankel, E. T. Mische, Mrs. J. K. Locke,
D. C. Curry and Mrs. R. T. Voorhorst,
members of the executive committee,
many representatives of the Parent-
Teacher Association, grade teachers' As-
sociation, school principals, various
civic organization members and inter-
ested individuals.

Upon motion of Miss Alice V. Joyce
it was decided to appoint a vigilance
committee of at least two pupils in
every room of the city schools to act
as scouts throughout the vicinity of
the schools and spy out unsightly
places and conditions that require at-
tention.

The reality board will be asked to
permit only one "To Let" card in win-
dows of vacant stores.

The Council of Jewish Women has
arranged for covers for all garbage
wagons in the city, 125 in number, that
will be in general use by the end of
the present month.

Mrs. Martin Wagner, representing
the Parent-Teacher Association, said
that organization, with the help of
schoolchildren, will plant vacant lots
with potatoes this year if the city au-
thorities will remove the brush.

**DRINK HOT TEA
FOR A BAD COLD**

Get a small package of Hamburg
Breast Tea, or, as the German folks call
it, "Hamburger Brust Tee," at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon it,
pour through a sieve and drink a tea-
cup full at any time. It is the most
effective way to break a cold and cure
croup, as it opens the pores, relieving
congestion. Also loosens the bowels,
thus breaking a cold at once.

It is an invincible agent against
this breaking a cold at once. It is
entirely harmless.—Adv.

CZAR REGULATES GIFTS

AMERICANS NOT PERMITTED TO
MAKE DISTRIBUTIONS.

Food and Clothing, but No Money, May
be Sent to Prisoners in Siberia, Mil-
itary Authorities Having Charge.

WASHINGTON, Feb. 4.—Russia to-
day informed the United States that the
distribution of food, money and clothing
to German and Austrian prisoners in
Siberia would be permitted by the Rus-
sian military authorities, declining to
give foreign relief expeditions that
privilege. An American expedition had
started from Peking.

Today's cable was brief and made it
clear that food and clothing could be
sent to soldiers, but no money, that be-
ing permitted for officers alone. All
relief supplies, however, must be ad-
dressed to the commandants of various
military districts, a list of which was
sent to the State Department.

No mention was made in the Russian
reply of the requests for permission
to neutral diplomatic officers to make
an inspection of the prison camps nor
was any report made on the condition
of the prisoners.

The Russian answer has been trans-
mitted to the Austrian Embassy here.
