## Keep the Children Bright and Happy

Happy youngsters must be healthy. The digostive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach the child naturally becomes cross and freeful from the discomfort and is often punished for temper when medical attention is really what is needed. what is needed.

what is needed.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant-tasting combination of simple laxative herbs with pepsin, and is especially recommended for children, because of its freedom from all opiate or narcotic drugs and its gentle action. It is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

2 OF STRANDED CREW BACK
Portland Men Return After Failure
to Enlist for Oregon Cruise.

C. L. Yeigh and G. S. Close, Portland men who served on the Jattleship Oregon in her cruise around the Horn, returned this week to Portland, having been unable to enlist for the salling of the ship through the Panama Canal at Panama Canal voyage.

Our instructions to the famous editor of the Boston Cooking School Magazine were: "Get up a book of recipes of the things people like best. Find the best way to make and bake each one. Then write it out so plainly that even an inexperienced housewife can't have a failure.

"The Cook's Book" was the result. Some of the 90 recipes were originated, many of them were improved upon, and all were personally tested by this best known authority on cooking in America, and she tells so clearly how she made everything that one cannot go astray.

While some of the cakes and pastry are elaborate enough for any occasion, the recipes are all thoroughly practical and call for no expensive and unusual ingredients. In addition to telling how to make them, the book is beautifully illustrated in colors showing how to arrange and serve the dishes appetizingly.

More than half a million of "The Cook's Book" are now in use in Amerhouseholds. Yet the demand is constantly increasing. Many send for two or three at a time to give to friends or young housekeepers. Don't depend on borrowing one from a
