

SHIP BILL BURDEN MAY BE SHIFTED

Democrats Believe They Have Way to Compel Republicans to Keep Up Fight.

OPPOSITION TAKES REST

Vote May Be Forced Monday on Motion to Recommit Without Instructions—Senator Vardaman Assails Stone.

WASHINGTON, Feb. 5.—Administration Democrats of the Senate believed tonight they had found a way to turn the burden of the ship purchase bill fight back to the Republican side, from whence it was shifted to their own shoulders so suddenly last Monday by the alliance of insurgent Democrats and minority members.

Despite the fact that they found themselves still lacking votes to carry a motion to recommit the bill with instructions for its amendment, the Democrats inaugurated today the first move in a substitute plan when Senator Gore, who introduced an amended ship bill yesterday, moved to discharge the committee from its consideration.

Opponents Force Recede. The champions of the bill, after a careful canvass of the situation, today believe they can get votes enough to carry the Gore motion and in that way the amended bill, which virtually is the cause measure, with changes designed to draw support from the Progressive Republicans, can be reported back to the Senate, and thereby force the Republicans to resume their defensive fight to prevent the bill from coming to a final vote.

In view of this situation, the allied opponents today determined today on a rest and rallied enough votes to force a recess of the Senate until Monday.

Plans Depend on Votes. If on Monday the Democratic leaders find that they have enough votes coming on the "Vote" side, they will attempt to get a vote on the motion to recommit with instructions. If not, some of the leaders believe it would be well to let the Clarke motion to discharge the committee go to a vote. On this they believe that they can get the support of Senators Kenyon, Norris and LaFollette and thus get the bill back to the stage of general debate.

There were many rumors today that the bill might be laid aside, after strenuous efforts to pass it within the next week, so that appropriation measures may be considered.

Colleagues Assail Stone. The Senate recessed today by speeches of insurgent and regular Democrats, rehearsing the revolt over the bill. Senators Hardwick and Vardaman vigorously defended their positions in revivifying and assailing Senator Stone for his attack on them. Senator James again criticized his colleagues and particularly Senator Stone, who, he said, would "hold up the hands of the President, while the Republicans tied them."

"I would rather be a Senator from my own state three weeks and be my own man than serve here three decades and do the will of somebody else," said Senator Hardwick.

Senator Vardaman launched into a reply to Senator Stone's recent bitter speech to the bolting Democrats.

He referred to Senator Stone as "the learned Senatorial scold from Missouri," "past master in mock heroics who held his colleagues up to public scorn because they refused to follow his imperious dictation."

CELILLO FETE PLANS GO ON

Indorsement Is Sought in Joint Resolutions for Legislatures.

Joint resolutions are being prepared for introduction into the Legislatures of Oregon, Washington, Idaho, Montana, Nevada, Wyoming and Utah, indorsing the proposed celebration of the opening of the Celillo Canal and providing for a national day.

The committee is preparing engraved invitations to be sent to the officials of the Government, representatives of foreign governments and representatives of all the states of the Union. The slogan is to be "The River of the West," which will be engraved prominently on the heading of the invitations.

Lewisohn has written that arrangements are being made there for participating in the celebration and Wallace Stenslie, secretary of the committee, will go to Lewiston next week to help arrange details.

The celebration will be held during the week of May 3-8, the dedication of the canal being held at Big Eddy, at high noon May 5.

WATER MAIN MARK IS SET

City Not to Accept Private Work Until Revenue Averages 6 Per Cent.

Not until water mains laid by property owners or real estate concerns show an average revenue of 6 per cent of the cost of such mains for an entire 12 months will the city consent to take over the mains and refund the cost of construction to the person or firm who did the work. This was decided yesterday by the City Council.

A request was made by owners in an East Side tract to have the city take over some privately constructed mains which showed revenue in December amounting to enough to make up 6 per cent of the investment for the month. Inasmuch as the city has a rule to take over mains when they show 6 per cent revenue, the property owners thought these mains should be taken.

STREET REPAIRS PROPOSED

Council Orders Proceedings for Washington Resurfacing.

Standing by a recently adopted policy of requiring property owners to reduce streets to pay for the repair of pavement after the 18-year municipal maintenance period, the City Council yesterday instructed Commissioner Dieck to prepare a resolution starting proceedings for the resurfacing of Washington street, from Twentieth street to Twenty-third street. The pavement is said by Commissioner Dieck to be in bad shape.

The question of repairing pavement was decided several months ago in the case of Alder street. Mr. Dieck insisted on the pavement being resurfaced, but property owners objected and took it into their own hands to patch the pavement.

2 BATTLESHIPS WIN

House Disregards Strenuous Protest of Underwood.

SUBMARINES CUT DOWN

Transport and Hospital Ship Also Sacrificed—Three Destroyers and Five Submarines to Be Built on Pacific.

WASHINGTON, Feb. 5.—Over a strenuous protest from Majority Leader Underwood, the House in passing the Naval appropriation bill tonight retained provision for the construction of two new dreadnoughts. Representative Underwood declared the nation was facing a probable treasury deficit next year of \$25,000,000, and economy advocates, led by him, succeeded in striking out appropriations aggregating more than \$6,000,000 for five submarines, a transport and a hospital ship.

The bill as it goes to the Senate carries \$144,848,902 and authorizes the following construction program: Two battleships of the largest and most powerful design, \$7,800,000 each, exclusive of armor and armament. Six torpedo-boat destroyers, \$925,000 each. One sea-going-submarine torpedo-boat, \$1,400,000. Eleven submarines, \$550,000 each. One oil fuel ship, \$1,140,000.

Pacific Coast Gets Work. The proposed hospital-ship would have cost \$2,500,000 and the transport \$1,100,000.

An amendment was adopted authorizing the construction of three of the six destroyers on the Pacific Coast. Five of the submarines are to be built there. The bill provides that any of the vessels authorized may be constructed in Government yards, but Chairman Padgett, of the naval committee, explained that the New York plant, the only one to which a battleship might be given, already was working to its capacity.

All new legislation, including provisions for the creation of a naval reserve for an aide for operations in the Navy Department to head a war board, and for creation of the rank of Admiral and Vice-Admiral, were stricken from the bill several days ago. An effort will be made to have them restored in the Senate.

One Battleship Wins for Time. The fight for one battleship at one time apparently was won. When Representative Hobson moved that four battleships be authorized, Representative Underwood offered an amendment to reduce the number to one. The Underwood amendment was carried, 142 to 129. Immediately thereafter, however, the Hobson amendment as amended, was defeated, 148 to 139, thus leaving the original provision for two ships unchanged. The bill itself finally was passed without a rollcall.

Mr. Underwood pleaded earnestly for economy, declaring the House must decide between retrenchment or further taxes on the people. He asserted that the Nation was in no more danger of war now than it was a year ago, and the danger would continue to grow smaller if the United States pursued its own way. He warned that if America entered into an armament race

it would "mean war at the end of the story."

WOMAN TO RULE LAZY MEN

Los Angeles County Appoints Manager of Non-Providing Husbands.

LOS ANGELES, Feb. 5.—Miss May Allison, of Corina, was appointed "Manager of Lazy Husbands" today by the Los Angeles County Supervisors. Her official title is "fiscal representative of the failure to provide court."

Miss Allison began her duties today. They consist of "managing" the husbands sentenced to the chain gang, so that their work will be sufficiently productive to support their families; supervising husbands on probation in a similar manner; advising women whose husbands are not financing the home and handling the wages of the chain gang husbands for the benefit of their wives.

Miss Allison was put under bonds of \$2500. The husbands' wages will be deposited to the credit of "May Allison, trustee," and disbursed by her. The appointment was made at the request of the District Attorney and Superior Judge Monroe, of the domestic relations department.

STAHL CHILDREN GET HOME

Lieutenant Harms to Care for Three Daughters of Dead Policeman.

The three young daughters of Sergeant R. H. Stahl, who was shot more than a week ago when a patrolman mistook him for an automobile thief, will be cared for at the home of Lieutenant Leo Harms, who was appointed their guardian and the administrator of their estate last Tuesday. The girls will continue in school. Vera, the eldest, aged 16 years, is a student at Lincoln High School. The others attend the Peninsula School.

Lieutenant Harms and Sergeant Stahl had been intimate friends for many years. Mrs. Stahl died more than a year ago.

DYNAMITER BEGINS TERM

Extra Guards Watch Jail Occupied by Werner Horn.

MACHIAS, Me., Feb. 5.—Werner Horn, who says he dynamited the international bridge at Vanceboro Tuesday as an act of war against Great Britain, tonight began to serve a sentence of 30 days at the County Jail here for maliciously damaging property on the American side of the border.

His sentence is expected to keep him in custody until the Department of State at Washington determines what disposition shall be made of Canada's request for his extradition. Extra guards were placed in and around the jail.

DIVORCE DENIED SETATOR

Pay to Wife to Drop Counter Suit Is Resented by Los Angeles Court.

LOS ANGELES, Feb. 5.—Judge Monroe, in the Superior Court today refused to grant a divorce to Henry H. Lyon, State Senator from Los Angeles, after it had been announced that Lyon had paid his wife \$250 to drop her cross-complaint. He alleged desertion, and she brought a counter suit charging undue friendliness with other women.

Judge Monroe continued the suit until further investigation of the circumstances surrounding the case is made.

Saturday-Clean-up Sales and Special Offering of New Frocks for Girls and Children

New Veilings—Manufacturers' Samples

Selling Regularly From **\$1.00 to \$2.00** Saturday Sale **48c Each**

BRYAN WARNS HOOSIERS

LEGISLATORS TOLD THEY MUST ENACT PRIMARY LAW.

People Will Elect "Real Democrats" in Places of Those Who Fall Them, Secretary Declares.

INDIANAPOLIS, Feb. 5.—William J. Bryan, Secretary of State, in speaking to the Indiana General Assembly here today, pleaded for the enactment of a direct primary law and defied the legislators to refuse to give to the people of this state the initiative and referendum.

"No man," declared Mr. Bryan, "who violates the primary provision of the Democratic platform in Indiana will be able to go back to face the people and give them his real reasons for doing so. If you don't know what I mean, I believe you will understand what your constituents mean when they leave you at home and elect real Democrats in your stead at the next election."

Secretary Bryan told the legislators that in enacting a primary law they should safeguard it that it would not be a burdensome expense to the people and cumbersome to operate. He reiterated that the candidate for President of the United States should be selected at a primary.

The Nebraskaan launched into his subject by declaring that he had come here to urge the substitution of Democracy for "bossocracy" in Indiana.

In referring to the initiative and referendum he styled them the great reforms in government of all time. Referring to the anti-lobby bill, which became law with the Governor's signature yesterday, Mr. Bryan complimented the legislators on the "great step in advance" they had taken in "making a man step out into the light when he wants to lobby."

Malheur Mill to Reopen. MALHEUR, Or., Feb. 5.—(Special.)—The Flynn lumber mill here will open soon, having just been purchased by Robert Worsham and Luther Herwick, who have a large contract for logs for supplying the mill which will furnish timber and lumber for mines in this section.

Fire Destroys Kiln at Astoria. ASTORIA, Or., Feb. 5.—(Special.)—Fire, originating within, destroyed a drykiln of the Clatsop Mill here last night. The loss will total about \$2000 and is covered fully by insurance.

CINCINNATI IN FLOOD

Shanty-Boat Dwellers Barely Escape Drowning.

HOMES DAMAGED BY RIVER

Water Also Enters Business Houses and Union Railroad Station Is Vacated in Anticipation of 55-Foot Stage of Ohio.

CINCINNATI, Feb. 5.—The union depot of several railroads here will be vacated tomorrow on account of a predicted flood stage of 55 feet. The roads were making preparations tonight to use their suburban stations for passenger traffic. Freight movements will not be seriously hampered.

The rising waters of the Ohio River tore from its moorings today a coal fleet of 25 loaders and 13 empty barges. The Government snagboat E. A. Woodruff was caught by the barges and swept down the river as were several shanty boats, which sank. Men and women occupying them had narrow escapes from drowning.

The Woodruff and most of the barges were saved. The rising water entered homes and business houses in the lower part of the city. Charitable organizations are prepared to relieve those in distress.

Intermittent rain today and tonight did not change the situation, according to the weather forecast which repeated tonight that the crest of the flood, which would be reached some time tomorrow.

TURKISH LOSSES GROW

CASUALTIES ON SUEZ APPEAR TO BE AT LEAST 2400.

Many Prisoners Also Taken by British, as Well as Machine Guns and Camels With Stores.

CAIRO, Egypt, Feb. 5, via London.—There was no engagement of any importance yesterday, Thursday, in the vicinity of the Suez Canal. There has been no fighting since the action of February 3, when the Turks advanced on the posts at Toussoum, 35 miles north of Suez, but were later in the day forced to retire.

Two hundred additional prisoners fell into the British hands, as did three machine guns and 90 camels loaded with food and ammunition. During the fighting in the vicinity of Toussoum the Turks left behind them 400 men killed and a total of 600 prisoners. Judging from reports, the total casualties of the Turks number at least 2400 men, exclusive of prisoners. The body of a German officer has been found among the Turkish dead.

The British casualties were given originally as two officers and 13 men killed and 68 men wounded. Subsequent reports have not increased these lists.

Keep Your Lungs Strong

This advice is doubly important with the knowledge that every three minutes someone in the United States succumbs to consumption and many refuse to realize they are afflicted until it is too late.

It is after colds or sickness, from overwork, confining duties or when general weakness exists that tubercular germs thrive because the resistive powers of the body are weakened.

Only with fresh air, sunshine and abundant rich blood can one hope to arrest their progress, and the concentrated fats in Scott's Emulsion furnish fuel for rich blood, and its rare nourishment helps strengthen the lungs while it builds up the forces.

If you work indoors, tire easily, feel languid or run-down Scott's Emulsion is the most strengthening food-medicine known and is free from alcohol or stupefying drugs. Avoid substitutes.
