

Society News

By Gertrude P. Corbett.

GREAT throngs of enthusiastic Portland people filled the huge Hippodrome last night to see the hockey game between Portland and Victoria. Shouts and cheers were heard from women and men alike when a goal was made. It is the one time when society can decorously be most informal and give vent to enthusiasm. Hot parties a-plenty circled the big ice field, in spite of the midday breeze, the weather, furs and extra wraps being in order. Among the hosts and hostesses of the evening were: Mrs. Helen Ladd Corbett, Mrs. Mrs. Pligman, Frank B. Dudley, Jervis E. W. Stephens, Harold S. Wells, James M. Rothchild, H. Henry, Mr. and Mrs. Richard Wilder, C. Pearce, Miss Ruth Toal, Mr. and Mrs. L. N. Lipman, Mr. and Mrs. Frank Spencer, E. Peck, F. Melvin, Mr. and Mrs. Fred Krebs, Mr. and Mrs. Paul Froehlich, Mr. and Mrs. A. B. Roberts, Mrs. Alice Benson Beach, Mr. and Mrs. Fred G. Buffum, Mr. and Mrs. Edwin C. Shevlin, Mr. and Mrs. John Shepard Wells, Mr. and Mrs. E. Edwards, Mr. and Mrs. H. H. Savage, Mr. and Mrs. Thomas H. Mollugh, Mr. and Mrs. James D. Farrell, J. B. O'Shea, A. M. Conway, Mr. and Mrs. Frederick W. Hills, Mr. and Mrs. Will Wright, Mr. and Mrs. Sam G. Rundlett, Mr. and Mrs. S. Solomon, Mrs. F. Wolf, Mr. and Mrs. Paul Westinger, Mr. and Mrs. A. Noppach, Mr. and Mrs. Donald Mackay, Mr. and Mrs. E. Grace, Mrs. J. George Keller, Miss Mae Hirsch and Mrs. H. R. Roberts.

day evening at a costume party. Those present were: The Misses Norman Schildknecht, Ruth Gessell, Frieda Muehlhaupt, Bert and Harriette Dolts, Marion, Ruth and Veria Phillips, Margaret, Rose and Frieda Schmidt, Alma Winkler, Ruth Vinton, Ione Cottrell, Hazel Stiles, Magdalene and Laura Walther. "The Ramblers" will give a series of parties at the homes of members.

An affair creating unusual interest among members and their friends is the Japanese dinner dance to be given this evening at the Commercial Club. It will be a charming affair, elaborate and picturesque, suggesting the Orient. Pink-petaled trees will fill the center of the big dining-room, around which tables for the diners will be arranged, giving the effect of a Japanese garden. Many of the women guests will wear Japanese apparel and several unique features will make this dinner-dance one of the most notable in the history of the club.

A group of prominent Portland men from various colleges, mainly Eastern universities, of the Alpha Delta Phi fraternity, have organized an alumni chapter for the purpose of holding social affairs and getting better acquainted. At the meeting yesterday the following officers were elected: William M. Ladd, president; William L. Brewster, vice-president; Willis K. Clark, secretary.

The fraternity will meet once a week—on Fridays—for luncheon at the University Club, beginning with Friday, February 19, at 12:30 o'clock. The other members of this newly-organized fraternity are: Charles Thornton Ladd, Kenneth E. Reed, A. Nelson Taylor, E. L. Sweet, E. C. Mears, Robert S. Edwards, Collin Livingstone, Hugh Montgomery, W. A. Montgomery, Arthur Hartwell, Robert T. and Harrison G. Platt, Walker W. and Philip S. Kamm, H. I. Morrison, C. C. Rich and Charles E. Ladd, of Carlton.

Mr. and Mrs. Herbert Leslie Drives, who were married in January, are on their wedding trip to San Francisco, California. They will be at home after February 29 at 252 McMillen street.

Mrs. A. D. Charlton has as her house guests, Mrs. P. M. Shelley and Miss Marion Shelley, of Rome, N. Y. Mrs. Shelley and daughter are on their way to San Francisco, where they will pass several months.

E. H. Weed, supervisor of Portland school gardens, will speak this afternoon for the members of the Multnomah Parent-Teacher Association and the pupils of the school. Music will be provided by the school children.

Women's Clubs

By Edith Knight Holmes.

WITH the first Springlike days the members of clubs and parent-teacher associations are beginning to plan for various enterprises that will be necessary in civic and child welfare work. The Oregon Congress of Mothers and Parent-Teacher Associations will observe Child Welfare week, beginning next Tuesday, when Miss Josephine Hammond will read one of her plays, "Every Woman's Road," which she will give in the White Temple for the benefit of the child welfare fund of the Mothers' Congress. This event is being anticipated by all who are interested in literature and in the drama, as well as by those who are interested in the cause for which the evening is planned. On February 17 and until Saturday afternoon the day will be observed. Several of the women's organizations will take up a study of the "fly" question. Last year there was a "swat-the-fly" campaign. This year's course of action is not yet determined, but it undoubtedly will be along educational lines, teaching the children and the housekeepers how to guard against the fly. Traps and fly paper will be advocated in preference to poison paper, which, if soaked in water, will kill the flies, but also is liable to kill the children. An authority on poisons says that 47 cases of arsenical poisoning of children reported from 15 states from July to October, 1914, in 34 children were 3 years old or less, and 37 of the little ones whose lives were sacrificed were poisoned by drinking from a saucer containing fly paper. All who are active in welfare work are considering the gravity of the danger of leaving poisons where babies can get them.

Although the State Federation of Women's Clubs will not hold its annual meeting and election of officers until next October, clubwomen in various parts of the state are beginning to consider the matter of new officers. Many of the Portlanders have expressed the opinion that Mrs. J. W. Tift would be the best woman for the presidency. In Eugene, Mrs. Minnie Washburn has a strong following. Southern Oregon women have mentioned Mrs. Ida Gard, of Ashland. At the 1913 election Mrs. Sarah A. Evans, who she was re-elected, said she would not accept the office again. If she adheres to this determination a capable woman, one versed in federation affairs, must be found. Mrs. Tift has attended many club gatherings and has a wide acquaintanceship. Mrs. G. J. Frankel, president of the Portland Women's Club, and who has held many high offices in Eastern clubs, was approached recently as a possible candidate for the state presidency, but it is said she will not allow her name to be used. The point that will cause discussion probably will be, "shall the presidency remain in Portland or shall it be given to some other part of the state?"

February 27 has been set as the date when the committee on the clubwoman's building will meet and when all subscription lists must be in and a site will be selected. Several locations are being considered, but more may be offered for the consideration of the committee. They wish to have the women's clubhouse located somewhere between Fifth and Fifteenth streets and south of Washington. Mrs. J. W. Tift is acting chairman of the site committee. Mrs. Alice Washburn, who started the movement and has carried it along to its present successful stage, will be made honorary president, and one of the most influential women in the city will be elected president. The name will be announced at the approaching meeting.

Quick, Safe Way to Remove Hairs

(Toilet Talks) Keep a little delatone powder on your dressing table and when ugly, hairy growths appear, make a paste with a little of the powder and some water, apply and let remain on the hairy surface for 2 or 3 minutes, then rub off. The hair and the hairs have vanished. This treatment is quite harmless and rarely more than one application is required, but to avoid disappointment care should be used to buy the real delatone.—Adv.

Use It for Baby

Sanitaphic prevents and instantly relieves chafing or irritation. Keeps baby's skin sweet and fresh. Health overnight. Is safer, firmer, safe and refreshing. Better than powder for baby. You'll like its clean, healthy odor. Every mother should have a supply. 50c. All druggists.

ACHED ALL OVER, HAD PAINS IN CHEST

Jackson, Miss., Minister Tells How He Suffered After the Grippe and How He Was Restored to Health by Vinol.

Jackson, Miss.—"I am a minister of the gospel and I had the grippe so badly that I ached all over, flesh was sore, I had pains in my chest and back, no appetite, was nervous and had a stubborn cough. "I tried different medicines, without benefit; finally a friend recommended Vinol. I tried it and soon noticed an improvement and continuing its use I am entirely relieved of my troubles. I have also used Vinol in my family for chronic coughs and cold with the best results."—O. W. Chiles, Jackson, Miss.

Grippe leaves the blood in a thin devitalized condition. It takes away the appetite and leaves one weak, without energy and often in a dangerous condition. In order to restore the blood to a healthy condition, iron must be supplied in an easily assimilated form. We guarantee this may be done by Vinol, our delicious cod liver and iron tonic, which contains no oil. If you try it, it and does not help you, we will return your money. ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid Is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescing, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making man, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.
