NEW YORK, Feb. 10. — Hotelmen, bakers and prominent merchants met today at the call of Mayor Mitchel to discuss the rise in the price of bread in this city and to determine what measures can be taken, if any, to meet the situation. The price of bread was increased from 5 to 5 cents today by many bakers, and the prices of rolls, ple and cakes were raised in propor-tion. While the conference reached no de-cision as to just what could be done, the opinion was expressed by many that it might be possible to secure an agroement with the big bakers and bread database.

 Conventions Declared to Have Ber

Roads Now Attracting.

Within the last few days members deeply interested in good roads legisla-tion have been canvassing the situa-tion in the House and Scnate with re-spect to probable action on numerous Conventions Declared to Have Re

tion in the House and Senate with re-spect to probable action on numerous bills now pending. It is now admitted that it will be a difficult task to win the good will of the legislations from the farming districts to obtain further state aid for good roads. The con-flicting influences at work are the same as in the past. One element is committed to trunk lines, while an-other, representing much of the rural sentiment, wants roads from the farms to the railroad stations. The Grange and the Farmers' Union are eposing the Sam Brown bill, No. 249, which, on the other hand, has the indorsement of the so-called good roads "booster." The farmers' orgafizations look upon the bill as one that holds up a purse as an incentive to counties to concentrate their expenditures on through highways at the expense of the local market roads. "Boosters" Endanger Bill.

"Boosters" Endanger Bill.

"Boasters" Endanger Bill. As to the Coovert bill, House bill 246, which permits clies to expend money on roads outside of their corporate limits, the farming interests say that counties and districts should have the same permission. This measure may be defeated simply because the "boost-ers" refuse to accord to the country districts the privilege they desire to obtain for cities. The suggestion has been made also

The suggestion has been made also that road districts and road supervisors be abolished. This is objected to in the rural districts. While abuses un-der the system are admitted, it is also true that the district plan is precious to the farmers, as it gives them home where a road construction. It develops also that the present highway hav is unsatisfactory to many sections of Oregon which reap no ap-paront benefit from the state high-ways yet contribute to their construc-tion. However, the farmers concede that some roads must be built by the state. If Women Only Knew

In many ways woman's daily toil wears on the kidness, and if attacks of backache, dissinces, nervounness, de-spondency and urinary troubles are fre-quent she ought to suspect that her kidneys are out of order and that it is not some "woman's trouble." Besides using a first-class kidney remedy, however, the patient ought to be sensible and stop for awhile the every-day habits that hurt the kidneys. Avoid heavy eating, especially meat. Substitute watter and milk for tes and coffee. Stop worrying and working too hard. Get some light outdoor exercise such as walking and plenty of rest and sleep. There's Kidney Pills contain no dan-

sleep. Doan's Kidney Pills contain no dan-gerous or habit-forming drugs. This remedy is successfully used and recom-mended all over the civilized world. Portland women publicly endorse This them.

Portland Testimony:

Fortland restinuting. Mrs. Walter Kauffman, 256 Weldler st. Portland, says: "I was woak and run down with kidney trouble. I had a constant, dull pain in my back and I got up in the moriling feeling all tired out. Someone advised me to try Doan's Kidney Pills and I did. In a short time they rid me of all the pains and made me feel better in every way. Another of the family has also used Doan's Kil-ney Pills and has had quick relief from kidney allments."

"What's the matter, mother."
