CIVIL SERVICE NOT

Attitude Is Same as City Council. Declaring for Freedom and Tolerance.

WAGE NOT TO BE ISSUE

Avowed Object Is Looking After Interest of Members Both in Legislative Matters and in Case of Dismissal.

Plans of the Central Labor Council to unionize the city service are to meet with no opposition from the Municipal Civil Service Board. The Board at a meeting yesterday took the same attitude as was adopted by the City Council recently, that of "unrestricted freedom and telegraph". The Council and the and tolerance." The Council and the Civil Service Board now stand on record as not opposed to any city employe belonging to a labor organization.

Several months ago the Central Labor Several months ago the Central Labor Council started to organize a civil service union. The venture was ushered into existence in the water bureau, which is under Commissioner Daly, who is a labor union man. A charter for the union was procured from the American Federation of Labor which places the civil service union on the same plane virtually as a trade union, with a representative in the Central Labor Council and with other labor union privileges. Commissioner Daly says the union under its charter does not have the right to strike or to attempt to regulate the wage scale.

It was contended after the affair got started that there was some discrimination shown by members of the Council and members of the Civil Service Hoard against persons who were known

nation shown by members of the Council and members of the Civil Service Hoard against persons who were known to belong to the union. Accordingly, the Central Labor Council asked the City Council and Civil Service Board for an expression of policy. The Council gave its reply in favor of the unions some time ago.

It is said the attitude taken yesterday by the Civil Service Board opens the way for the inaughration of a campaign to extend the union into all branches of the city service. It is confined now to the workingmen of the water bureau.

While no statement has been made either to the Council of to the Civil Service Board as to the purposes of the union, it is said they are for mutual benefit. The union retains an attorney to represent employes before the Council or before the Civil Service Board, and takes a hand in all legislation on administrative affairs affecting the city service. The organization has as its aim, it is said, the protection of the general interests of the employes.

Up to this time the attorneys representing the union have extended their assistance not only to members of the organization who have had troubles before the Civil Service Board, but also to outside employes.

Members of the Civil Service Board

fore the Civil Service Board, but also to outside employes.

Members of the Civil Service Board in outlining their attitude regarding the unions said they considered them to be in the same class as religious or fraternal organizations. "No employe should be discriminated against because he is affiliated with a union," reads the statement of the Board. The report was concurred in by George W. Caldwell, chairman, and John F. Logan A. E. Clark, the third member of the Board, was not present.

WAGE ACT IS OPPOSED

DALY ORDINANCE HELD TO HANDI-CAP AMERICAN LABORER.

Contractor Avers That Greeks, Syrians, Italians and Austrians Would Get All Sewer Contracts

That the proposed Daly ordinance pending before the City Council would increase the business of Greeks, Syrians, Italians and Austrians, and decrease the amount of work for local labor, is the declaration of E. T. Johnson, a contractor, in a communication sent yesterday to Commissioner Dieck. It is declared that the ordinance would only tend to add serious odds to the uphili pull of the American laborer.

The workmen from Europe band to-gether as a company and take munici-pal sewer contracts and do the work, it is said. Each member of the company becomes a partner in the business and therefore is a contractor, and as such may work for less than \$3 a day. They will work for much less than \$3 a day, it is said. If the American a day, it is said. It the American contractor must pay \$3 a day for his labor he will be placed at a disadvantage and will get none of the municipal sewer contracts, it is asserted.

Commissioner Daly is said to have attempted in various ways to eliminate all but American laborers, but the measure he is promoting gives no chance for Americans to get sewer contracts, it is averred.

GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by browing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic, you can get from any drug stere a 50-cent bottle of "Wysth's Sage and Bulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and failing hair.
