"except when so constructed as to become harmless one hour at most after the person who laid them ceases to control them." Similarly it was forbidden to lay anchored mines which do not become harmless when breaking loose from their moorings. The con-vention also provided:

"It is forbidden to lay automatic contact mines off the coast and ports of an enemy with the sole object of

intercepting commercial shipping. "When anchored automatic contact General Fight Is Staged in Latin Capmines are employed, every possible precaution must be taken for the seital by Neutral and War Factions. urity of peaceful shipping."

## Weak Phraseology Defeats End.

These articles were criticised becaus objections to their weak phraseolegy. Germany at the time pointed out The fishing-boat Gesu arrived today that "the belligerent has only to assert from Antivari, Montenegro, and the members of her crew said that the a different object in order to make it illusory." Germany's opposition was backed by France and Russia, although Gesu and the fishing-boat Saturno, England favored a proposal to prohibit outright the use of contact mines for fired on by two Austrian torpedo-boats. This report has caused great popclosing against commerce ports that

tablished

closing against commerce ports that were not being attacked from the sea. One eminent English authority, Profes-sor Lawrence, who was disappointed at the failure of the Hague convention to provide for regulations against the use of mines, wrote prophetically then: "Whereas, in the past the only way of decime on enemy" and the sea.

of closing an enemy's port against all neutral commerce was to blockade it, and the only way to blockade it was to station a ship or ships in such a posi-tion as to create evident danger to all Versels attempting ingress or egress.

vessels attempting ingress or egress. but the Saturno was damaged so badly for the future it will suffice, in the that she was unable to sail for home

judgment of many powers, to lay a cordon of anchored contact mines across the approaches. Neutrals must indeed have lost all virility if they ROME, Feb. 22 .- A general fight, in which many persons were wounded, oc-curred today at a meeting called by the parties favorable to Italy's remain. will quietly submit to this. It will not mean the comparative triviality of having neutral in the war and those ing neutral in the wal and the wal as a sing the government to intervene, at which it was intended that speakers should give their respective views. The police finally charged the crowd ing their ships and goods confiscated a belligerent prize court. They will destroyed instead; and all on board will be sent to their doom.' and dispersed it.

Neutrals' Rights Defined in Law. Inasmuch as the second Hague con-vention failed to provide an agreement

on the subject of mines, previously ac-cepted principles of international law are held to be in force. In one of the publications of the United States Naval College for the benefit of the American Naval commanders, the status of the question of mines and torpedoes is thus
