· CLEANUP TO AID IDLE

Emergency Law Gives Work in Gulches to Family Men.

\$2500 IS VOTED FOR USE

In Answer to Many Appeals, Council Provides System to Employ at Least 100-City to Ask Railroads to Co-operate.

In answer to the many appeals for work by unemployed men with families, the City Council yesterday passed an emergency ordinance appropriating \$2500 for biring needy men to clean up

Each day this week the Council has been confronted with delegations of unbeen confronted with delegations of unemployed men with families who are
in need. Efforts have been made to
find something for them to do. Commissioner Daly yesterday presented the
cleanup proposition. It met with the
immediate approval of the Council.
Superintendent Donaldson, of the
street-cleaning and sprinkling bureau,
will take charge of the campaign. The
men will be placed under foremen and men will be placed under foremen and set to work raking the cans and other rubbish into the bottom of the guiches. where the rubbish later will be covered

COTTAGE GROVE DEPOT UP

Commercial Club Makes Contract With Southern Pacific.

COTTAGE GROVE, Or., Feb. 24.— (Special.)—The unceasing efforts of the Commercial Club for a depot at Cottage Grove soon will be realized, as the Southern Pacific has made the necessary appropriation. A second survey has been made of the site and park The railroad company has found that it can change the roadway west of the water tank and throw this into the water.

The agreement that the Commercial Club made with the railroad company is that all the work in the park except furnishing the flowers is to be done by

Bottom Drops Out of Market Is Chicago Report.

HOOD RIVER, Or., Feb. 24 .- (Special)-Hood River apple-growers are congratulating themselves over the fact that practically all of their holdings except Newtowns, the most of which have formerly gone to foreign markets, have been disposed of.

Oscar Vanderbilt, who spent the past few months on a tour of the Middle Western cities in the interest of the North Pacific Fruit Distributors, has just received a letter from Chicago. in which it is stated that the bottom has fallen out of the box apple market. The net returns to growers will be 35 box, far less than the cost of production.

DRAINAGE SURVEY IS DUE

Federal Agents Sent to Idaho Panbandle to Plan System.

t.EWISTON, Idaho, Feb. 24.—(Special.)—Two drainage experts from the Department of Agriculture at Washington, L. A. Jones and W. A. Kelly, have been sent to the Kootenai Valley, in the Panhandle of this state, to make surveys and plans for a big drainage system that will reclaim about 19,000 acres of awamp and overflow

The cost of the surveys will be 55000, all of which will be borne by the Department of Agriculture except \$750 which has been raised by the land-owners benefited by the project.

> SALES GROWERS LIMIT

First Transaction in New Clip in This Territory-Demand Good but Extreme Prices Asked. Arizona Shorn Clip Moved.

Three hundred thousand pounds of new wool have been contracted for in the Bolse country at 25 cents. This is the only business so far reported in the 1915 clip in this territory. Offers have been made the gulches of the city which are strewn with cans and other unsightly rubbish. Tracy C. Becker, deputy United The men will gather the rubbish accumulated from the recent cleanup campaign into the gulches and cover the rubbish with dirt. It is expected that at least 100 men will be put to asked throughout the interior range from 22 to 30 cents, according to the kind of

> wool is this year for the first time worth more than fine wool, because of the strong demand for army cloth. There is little doubt that when buying actually begins the coarse clips will be taken off the market fast. The majority of owners of fine wool will probably want similar prices.
>
> SUPPLY OF VEGETABLES IS LARGER The shearing of mutton sheep will start in Central Washington in a week or 10 days. The early shorn wools are the best that come out of that section and woolmen believe they will command full prices.

there:

"A smaller volume of wool was sold during the past week than was the case in the week preceding. Business has been more "spotty." due particularly to the fact that dealers who were buying speculatively have been leas active, on the higher basis of values. About the same quantity of weel

has probably gone into consumptive channels, however, and prices are decidedly firm
and in some cases a bit higher.

"There is, naturally, a great deal of uneasiness in the trade about not only the
present situation, but also with reference
to the future of the market. Some venturesome spirits appear to be ready to assume contracts involving deliveries of wool many weeks ahead, but the disposition generally is to go slowly with all the uncertainties which are contingent upon the future of the market.

"The week has been filled with conflict-ing rumors and denials of them until the wool dealer has given up in despair and disgust, trying to keep posted upon the sit-uation. Through it all, however, has come little change in the market, so far as the foreign situation is concerned. The diffi-culties in getting wool are greater, but no official information has been received to the effect that Great Britain has actually declared all licenses to ship merinos reroked, either in England or in Australia nor has the embargo been declared on rig-idly again in London or Bradford, so far as securing permits to ship merinos is con-

seed cake and two and one-half pounds of alfalfa hay. In addition to this, ewes having twins and those not giving sufficient milk sack, country points.

SACK VEGETABLES—Carrota, \$1.25 per sack; parsnips, \$1.25 per sack; per sack. to be equal to half a pound of rolled barloy and much preferable under existing prices, Spring lambing will commence in the nythe camps about March 10. They have 20,000 ewes in their Spring bands.

HIGHEST PRICE PAID FOR SHEEP Echo Grower Disposes of Ewes and Lambs

at \$9.15 Per Head. ECHO. Or. Feb. 24-(Special)-The high-est price paid for sheep in several years was btained this week by Joseph Cunha, when e disposed of two bands of ewes and lambs or \$8.15 for each ewe and lamb. The buy-

Prospects for Fall Harvest Slim. BAKER, Feb. 24.—(Special.)—Sever weather of the past week, following the melting of snow, has made the farmers in this vicinity glum because they say they will have unusually low crops next Fall. The snowfall has been lower this Winter than

for many years and the hiting winds that followed killed the Winter wheat. There is hope, however, that the early Spring will allow earlier sowing of grain.
If there is as much rainfall as in the last if there is as much rainfall as in the last pound.

PELTS—Dry long-wooled pelts, 13c; dry three years, the crops may be good, but if they have to dejend upon irrigation, there is the constant of the showfall was so light the hope, because the snowfall was so light the bills are almost bare in many places that are usually covered.

pound.

PELTS—Dry long-wooled pelts, 13c; dry shearings, each, 13c; dry shearings, each, 16c; dry shearings, each, 16c; to 20c; salted sheep pelts, February, \$1@1.50 each.

WHEAT TRADERS NOT AGGRESSIVE Local Buyers Are Disposed to Reduce Their

PENDLETON. Or., Feb. 24.—(Special.)—
Eastern Oregon woolgrowers who breed for early lambs now have their Winter lambing camps ! nfull operation. Smythe Bros., of Arlington and Pendleton, now have approximately 4000 new lambs, an increase of 108 per cent. About 6000 ewes in the Winter band are yet to be heard from.

With the price of wool in the vicinity of 30 cents the growers are putting forth extra efforts to save every lamb. In the Smythe camps the ewes are being fed on contonseed cakes and alfalfa mest. A feed consists of two and one-half to three ounces of cottonseed cake and two and one-half pounds of alfalfa hay, in addition to this, ewes having. Fruits and degetables. ONIONS - Oregon, selling price, \$1 per

be disposed of two bands of ewes and lambs for \$8.15 for each ewe and lamb. The buyers were Coffin Bros., of North Yakima, and the sheep are to be delivered after the lambs have aged sufficiently for shipping. The ewes are now lambing at Mr. Cunha's lambing camp at Echo, where they have ample protection and early pusture.

The deal is the first to be made in this part of the state and is causing considerable talk among the sheep men, because of the high price paid. But the ewes are to be unshorn, and many of the woolgrowers figure that the price is low when the price of wool is considered. The ewes are all of good age and good quality, as Mr. Cunha keeps only the best. The ewes will shear better than 16 pounds and the wool is of fine quality.

Coffee Futures. NEW YORK, Feb. 24.—The circulation of March notices, estimated at about 25,000 bags, caused some scattered liquidation of coffee futures here today. The opening was quiet at unchanged prices, but prices eased off during the afternoon and the market closed at a net decline of 3 to 7 points. Sales, 22,750 bags, February, 5.48c; March, 2.48c; April, 3.58c; May, 5.64c; June, 5.68c; an affadavit to the effect that he or July, 6.69c; August, 6.78c; September, 8.24c; october, 8.91c; November, 6.98c; December, 6.98c; December, 6.98c; october, and for the petition so signed and thus he or she has received nothing of Spot quiet; No. 7 Rio. 7%c; No. 4 Santon,

LONDON. Feb. 24. — The wool auction sales were strong and advancing today. Prices closed from 5 to 7% per cent higher Americans bought medium good merines of good length freely, but the home trade took the bulk of the 9009 bales offered. High prices were paid for the small supply of merines brought forward.

numerous fractional gains. Professional seliing was less aggressive, the short interest
proceeding more cauliously, in consequence
of developments which denoted a lessening
of the strain in the foreign situation.

As a matter of fact, it generally was recognized that the persistent selling of the
past few days had made the market somewhat vulnerable on the hear side. Foreign
selling of stocks was less marked.

Foreign exchange was again a disturbing
element, demand bills on London falling to
within a fraction of the low record, but
making substantial recovery later. Reichmarks sold under all previous quotations and
the foreign markets were feverish, presumably as a result of the British Chancellor's
statement regarding the status of Russia's
finances.

Advices respecting the steel industry were
increasingly cheerful, almost all leading
mills operating at greater percentage of capacity. Copper was at a standstill.

Slate and municipal bonds figured to an
unusual extent in today's dealings, mostifat silight recessions. Total sales, par value,
were \$2,361,000. United States Governments
were unchanged on call.

PREFERENTIAL PAVING PLEAS PUT UNDER RIGID RESTRICTIONS.

Measure Requires Each Signer to Make Affidavit That He Is Not Renefited in Any Way.

Mayor Albee is to be the prime supporter of an ordinance sent to the City ouncil yesterday, setting forth rigid restrictions against preferential paving June 8 petitions, in connection with there have been many charges of fraud in the past few years. The measure

particular type of paving, to sign any an affadavit to the effect that he or she is acquainted fully with the contents of the petition so signed and that he or she has received nothing of value or benefit through signing the petition. The circulator of the petition also is 'required to file with the petition a statement showing his business connections and the names of all persons or concerns back of the petition.

Mayor Albee and Commissioner Dick spoke in favor of the measure yesterday. It is believed that it will do away with fraudulent petitions advanced by paving companies. Commissioner Bigelow opposed the ordinance. "It merely makes it a proposition of the most successful company at the gentle art of circulating petitions," he said. "I am opposed to preferential paving petitions in any form."

Mayor Albee declared that If Mr. Bigelow's attitude were followed the property owners would have nothing to say about the type of pavement to be laid in the streets in front of their property. He said that he believes that the majority of property owners should dictate the type of paving provided that their wishes are expressed in a bona fide preferential petition.
