inidnight every bill passed by the 28th Legislative Assembly with the exception of a few measures which the desired to examine more minutely. The Governor signed more than 100 measures today and was still the control of the control at his desk scanning bills at midnight, having labored almost 15 hours, ex-cept for a short time he spared from

the work for meals.

Appropriation bills amounting to approximately \$3,000,000 were approved by the Governor. Among the important bills approved by the executive toant bills approved by the executive to-iny was the workmen's compensation act by Schuebel. This is the measure which brought about the deadlock be-iween the House and Senate, when the House refused to accept the Senate's Imendment to the bill reducing the Industrial Accident Insurance Commis-sion from three members to one who sion from three members to one, who was to have been appointed by the Governor. The bill finally was passed in its original form, when the House agreed to approve Senate bill 312, giving the appointive power control over all appointive offices in the state governor.

The Governor also approved of Al-len's bill, which provides for the for-mation of rural credit unions. This measure is expected to be one of espe-cial benefit to the farmers and resivients of country districts. It was recommended by the Rural Credits Com-mission, which recently made an in-yestigation of the operation of rural credit associations in Europe. Fills signed today by the Governor

House passed two acts relating to education and killed a third.

These developments, together with the discovery that Fresident Taylor was in error yesterday afternoon, when he held that a two-thirds vote had been obtained to suspend the rules passing the statewide prohibition bill, thereby repealing passage of the bill and sending it to second reading, and the passage of the Fish and Game Commission bill, featured the legislative programme to day.

BLOOD WILL TELL

PARIS, Feb. 25.—Many young men have been lost in France by the fact that their blood was out of order and impure when they started out in this campaign as soldiers at the front. Many of them never reached the battle line because they were taken sick in camp, due to stomach and bowel troubles, and with blood powerless to resist. Young men and old men in America should be just as watchful of their blood to see that it is pure, that their stomach is acting well and the liver active.

their stomach is acting well and the liver active.

It takes lots of vitality, nervous force and strength to win a race. Blood must be pure and good.

Keep the nerves nourished, the heart strong, the head cool, the stomach vigorous, the liver active with a tonic which has stood the test of time and has a wide reputation, such as Doctor Pierce's Golden Medical Discovery. It is the world's great Blood Purifier; it enters joints, dissolves the impure deenters joints, dissolves the impure de-posits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

Col. Roosevelt on the Japanese Question

Colonel Roosevelt says, "There is but one real chance of friction between America and Japan." To pretend to ignore the seriousness of mass settlement solves nothing. We must face the facts unflinchingly and with good-natured and courteous wisdom. With characteristic courage and directness Colonel Roosevelt points out the only logical plan of solution - a plan that is definite, fair and American.

In the same article Colonel Roosevelt handles the Mexican situation.

Today Europe is hip-deep in war. The world bristles with guns. It is a time for intelligent listening and clear thinking. The two biggest questions before you today are discussed by a man whose Americanism no man ever questioned.

And in the same remarkable and timely magazine you will read "Twilight Sleep in America," by the pioneers of the movement in this country, Mary Boyd and Marguerite Tracy. John Reed's vivid picture of "German France." Four short stories, any one of them big enough to be the headline feature for the average magazine, by Richard Harding Davis, Rupert Hughes, Booth Tarkington and Fannie Hurst. BRICK BUILDINGS ERECTED 25 YEARS AGO WIPED OUT BY JUNCTION CITY FIRE.

FORMER BUSINESS CENTERS THAT WERE DESTROYED RECENTLY. JUNCTION CITY, Or., Feb. 23.—(Special.)—The fire that descrived half a block of Junction City wiped out two of the first brick buildings erected here 25 years ago. The Glimore building, erected in 1890, was the first. In 1892 a local company, the principal stockholders being Washburnes and Milliorna, erected the Junction City Hotel, covering a quarter block, at a cost of \$30,000.

For a number of years these buildings were the business houses of Junction City. Previous to the erection of the Junction City Hotel, two other hotels have been destroyed by fire on this location.

Nervous Periodical Headaches

Succumb to Anti-Kamnia Tablets This trouble commonly called "sick bead-ache," is said to be due to the retantion of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt this is tree.

these headaches, or that it is a horostate condition; and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Behelischmidt of Louisrille, has found anti-kamnis Tablets to give prompt and satisfactory relief. "Rest should be insisted upon" he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An emetic will sometimes shorten the attack. The howels should be kept open with "Actoride"; a hot bath and a thorough rub-down with a coarse towel, often give grateful relief. Two Anti-kamnis Tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nauses and vomiting." These tablets may be obtained at all druggists. Ask for A-R. Tablets. They are also unexcelled for ner-wous headaches, neuralgis and all pains.
