The Milwaukee Water Works Company has pipes in the lower and main portion of Milwaukee, while the Minthorne Springs Water Company serves the eastern part of the city and also the territory northward to Ardenwald. They have about the same number of miles of pipe. The owners have maintained that their plants are worth \$10,000 each. MAKE FOLK LAUGH WITH YOU, SAYS COMEDIENNE

Miss Elizabeth Goodall, Coming to Heilig in "The Whirl of the World," Tells How to Succeed in Ludicrous Role.

MISS ELIZABETH GOODALL, WHO TELLS HOW TO SUCCEED IN COMEDY ROLE.

THE surest rule of success in a comedy role, according to Miss Elizabeth Goodall, a favorite of the Heilig Theater in "The Whirl of the World," coming to the Heilig Theater for five nights beginning next Tuesday, is to make people laugh with you, rather than at you. On this point she has this to say: "How many people appreciate the seriousness of being funny? I believe the average theater-goer seldom gives a thought to the effort involved in the process of making a comedy role. The funmaker must not only be well endowed with mirth-provoking qualities, but also must bring to bear on the work the keen, mental faculties of imagination and invention. "The first essential feature is the possession of a pleasing personality, and, allied to this, that greatest blessing of humankind, a sense of humor; then, most important of all, healthy, active mind, ever alert and intent upon the perfection and mastery of the art. "There is nothing quite so hopeful, so far-reaching, so lasting in beneficial effect, as a good, hearty, honest laugh, and yet among the many and subtle emotions that of laughter is the most difficult to evoke. "When one considers the temper of an audience made up, as it is, of representatives from all classes and conditions of life, subject to countless physical ills, varying moods, and the depressing worry and fatigue attendant upon almost every vocation in the life of today, the task before the funmaker assumes greater proportions than one is accustomed to attribute to it. "Comedy methods there are innumerable, as widely differentiated in manner as are the various styles of palette and brush, so, waiving all discussion of theory, let me come straight to the most important point, the safest and surest rule of success, which is, in my belief, to make people laugh with rather than at you."

Contractor Williams also has the contract for building several dikes on the Sun Dial farm to prevent the high water from backing up over portions of the ranch. An outlet will be constructed from Mud Lake to the Columbia River. Several smaller dikes are to be built.

THIRD MAIL CLERK HELD

H. M. BECK ACCUSED OF THEFTS OF \$200 FROM LETTERS.

Deceys Bring About Confession and Lookout Reports Steal—Marked Money Found in Pockets.

Arrested yesterday at 12 o'clock by local postoffice inspectors on a charge of embezzlement from the mails, Harry M. Beck, an employee of the railway mail service, confessed to thefts of money ranging from \$200 to \$300 during the 15 months he has been in the service and asked that the legal proceedings to be brought against him be expedited so he can begin serving his prison sentence.

Beck, 24 years, with a wife and two small children, living at 229 East Seventy-third street, was taken before United States Commissioner Frederick H. Drake and bail fixed at \$1500. He was unable to raise that amount. He will be taken before the grand jury today.

The mail clerk was arrested at the railway terminal postoffice, Fifth and Hoyt streets. Test letters were used in fastening the suit against the man and it is said that he was seen rifling special delivery letters containing money by a lookout yesterday, the first day that a lookout has been stationed at the terminal postoffice. Marked money was found in his possession and a full confession followed. He said he had been taking cash from the mails passing through Portland since last August. Yesterday's thefts amounted to \$200.

Beck's former home was in Corvallis. He was a soldier in the regular Army for a time. He gave as reasons for his acts the existence of pressing debts as the result of sickness in his family. The arrest of Beck is the third such case in the local postoffice within a month. Archie C. Brown and Claude M. Decker, having been convicted and sentenced to 13 months' imprisonment at McNeil's Island recently.
