of any of these contesting a secret to all but the that is to remain a secret to all but the contestant and the head gardener. But I have the Oregon rose-bed spotted and is perpetual on the grounds. I have the Oregon rose-bed spotted and I am going to keep my eye on it pretty steadily and it will be exciting to see how it thrives compared with all these royal visitors from over-seas. One of these foreign beds contains 200 varie-ties of roses. While I am on the subject of roses:

roses about the great Oregon structure. No building on the grounds attracts so much attention, no building is so fully a living advertisement for its folly a living advertisement for its state. It should be aurrounded, lapped up, imbedded with rose treen from Oregon. They should be plainted now, they should be plainted now, they should be plainted now.
forth a Portland wealth of fragrance and beauty at rose time. Cannot the Rosarlans concentrate on this problem and start roses to us now that will make Oregon's fame ring around the whole weld in a few months? It would be gotting relay to send form a naything else that could possibly be done; and then if Captalin Pope would get busy on the sweet peas to bloom a little later, and if the dallar kings welld remember that in the early free dourt statis that the appropriation bill providing for transportation for transportation bill providing for transportation and brightening with the glory-faces from their gardens—why, it will all add tremendously.
betetres et Mannet Hoed Needed.
