Don't Merely "Stop" a Cough Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heal the inflamed membranes. Here is a homemade remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly-concentrated com-pound of Norway pine extract, rich in guaiacol, and is famous the world over for its healing effect on the membranes. To avoid disappointment, ask your druggist for "214 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Sheriff, as soon as Matthew was outside the courtroom, gave him back the coin he had taken away from him, and said: "I'll go over to the store with you and tell the man that you didn't steal the money."

When they went into the store and the Sheriff told the man how Matthew had proved his innocence, he said:
"Well, I guess I owe the boy whatever he was going to buy," so he told Matthew to tell him what he wanted, and that it would not cast him anything.

But Matthew was not greedy. He picked out some of the fancy-looking cakes and some of the fruit, and when it had been done up in a neat package he thanked the man and went out. "Wonder what I'll do wid all dat money," he said to himself as be clutched the two coins in his pocket.
